KAUFMANN WINS BY RECORD 54,512 AS G. O. P. SWEEPS CITY IN ELECTION

Nolte, Schweitzer Elected — Democrats Name Only One Alderman Out of 14—Total Vote Smallest in 25 Years.

Mayor Aloys P. Kaufmann was re-elected yesterday, with a record plurality of 54,512, in a general Republican city victory, although the total vote cast was the smallest in a mayoral contest in a quarter-century. Henry F. Chadeayne, the Democratic nominee, beaten two to one, experienced the most pronounced defeat a candidate for Mayor ever had here.

Comptroller Louis Nolte, Republican, was elected to an eighth term, with a majority of 50,376. Albert L. Schweitzer, Republican, former Prosecuting Attorney, was chosen for a two-year unexpired term as president of the Board of Aldermen, with a 46,486 majority.

One Democrat and 13 Republicans were elected to the Board of Aldermen in the odd-numbered wards, in the first election in these wards by ward rather than city-wide vote. The lone Democrat is Joseph R. Slay, Seventh Ward, who was city superintendent of refuse collection in the Dickmann administration. The board has six holdover Democrats from even-numbered wards, with two years still to serve.

The results surprised even Republican leaders, who had thought the Democrats might carry as many as 10 of the 28 wards. The Seventh, bounded generally by the railroad tracks and Geyer avenue, between the river and Ohio avenue, was the only ward carried by Chadeayne and the other Democratic citywide candidates. However, the results were fairly close in four of the wards which Republicans and Democrats alike had agreed the Democrats might carry — the Third, Sixteenth, Seventeenth and Twenty-second.

KAUFMANN PLANS SURVEY TO GIVE CITY BETTER RULE

Program of Improved Services, Consolidation of Divisions — Chadeayne's Statement.

A survey of the city government will be made, to improve efficiency and service and consolidate divisions, Mayor Aloys B. Kaufmann announced in a statement today, expressing gratification over his re-election yesterday. He had spoken along the same line over KSD, the Post-Dispatch radio station, at 10:25 o'clock last night.

Text of his statement follows:

"For the second time in five months I come to the people of St. Louis and express my sincere gratitude and my most humble thanks for a new expression of confidence in the work I have tried to do since I became Mayor of our city.

"May I say that this new administration will continue to be a citizens' administration. I shall continue to call to my assistance both Democrats and Republicans as I have in the past, to serve on important citizens' committees and to contribute the best thought available in our community to the solution of its serious problems. St. Louis is entitled to the best effort of which we are capable, and it is my determination to continue in the future, as I have in the past, the practice of drafting those who can contribute importantly to the advancement and the progress of our community.

"Our immediate program will be divided into several steps. Here they are:

"First, we shall continue to devote our full energies to the continuation of every enterprise which advances our war effort.

"Second, we shall continue with every resource at our command

BARUCH TOO BUSY TO SEE CHURCHILL, TALKS TO SOLDIER

In London 'to Hold Big Stick Over Big Boys,' He Tells G. I. Reporter.

LONDON, April 4 (AP).—Bernard M. Baruch, adviser to President Roosevelt, said today that "one reason I'm over here is to hold the big stick over the big boys to make damn sure they're not going to foul up the peace."

Baruch, who has found a park bench—this time in Hyde Park—to hold forth with American soldiers, mildly brushed off a call from Prime Minister Churchill to give an interview to a Stars and Stripes reporter.

Baruch predicted there would be such a wave of prosperity in the United States for five or seven years after the war that none of the service men overseas would have to worry about a job.

"What happens after those five or seven years depends on the peace the big boys are preparing for us now," he said.

While the interview was under way in the 75-year-old financier's suite in the Claridge, the telephone rang and Baruch's secretary told him the Prime Minister was calling.

"Hello Winston, this is Bernie," Baruch said. "Look Winston, I'm busy this afternoon. I'll drop over later."

Baruch had spent the morning just "chewing the fat" with some soldiers on a bench in Hyde Park.

BABY BORN IN AMBULANCE WITH POLICEMAN ASSISTING

Mrs. Ruby Rudder, 2028 Nicholson place, whose husband, Pfc. Ben Rudder, is serving with the Army, had her fourth child early today—a five-pound, ten-ounce girl born in a city ambulance.

Police Sgt. Edward Pelker, himself a father, accompanied the ambulance and acted as midwife. Mrs. Rudder had stayed with a friend, Mrs. Ruth Haberman, 1431 Pine street, at the New Plaza Hotel, 3301 Olive street, where police were called at 3:15 a. m. At City Hospital later today mother and daughter were reported to be doing fine.

RUSSIAN DANUBE FLEET UNITS AID IN CONQUEST OF SLOVAKIAN CITY

Nazis Reported Preparing for Strong Defense of Austria Capital Already in Easy Range of Soviet Guns.

LONDON, April 4 (AP).—The Russians declared tonight that all Hungary has been freed of the Germans.

LONDON, April 4 (AP).—The Red Army forces have captured Bratislava, capital of the puppet state of Slovakia, at the eastern gateway to Vienna, Marshal Stalin announced tonight.

In a special order of the day Stalin said the city fell to Marshal Rodion Y. Malinovsky's Second Ukrainian army only 24 hours after advanced Red Army troops moved on it from three directions.

The capture of Bratislava opens up a traditional gateway into Austria and Vienna. Other Red Army forces already were within six miles of Vienna and the Austrian capital was within easy reach of Soviet artillery.

The Moscow announcement said units of the Red Banner Danube fleet participated in the capture of Bratislava, a large river port. The fall of the city, 24 miles east of Vienna, deprives the Germans of important ammunition works and chemical factories.

Troops of Marshal Feodor I. Tolbukin's Third Ukrainian Army, which yesterday captured Wiener Neustadt, 22 miles south of Vienna, and Neunkirchen and Gloggnitz, 16 miles farther to the southwest, continued to push westward toward Munich.

At Gloggnitz, the Russians were within seven miles of the 3215-foot Semmering pass and were 137 miles east of Adolf Hitler's mountain retreat at Berchtesgaden.

In the drive on Vienna another wing of Tolbukhin's army capitalized on a crossing of the Leitha River and dashed 17 miles through a web of highways and railroads, each an enemy defense line. The Russians bypassed the spa of Baden and captured Velm, within the boundaries of Vienna set by the Nazi party and only six miles south of the metropolitan limits.

A Moscow dispatch said the next few hours may disclose whether Tolbukhin intends to strike directly into Vienna immediately or first to cut the sprawling city off from communications up the Danube valley. The Nazis were reported preparing for a final street fight inside Vienna.

The noise of battle was audible to the jittery residents of Vienna. Whether the Austrian capital,

MAN AND WOMAN TRAPPED IN TREE 4 HOURS BY FLOOD

Mr. and Mrs. Charles W. Ash, 1037A Lemay Ferry road, St. Louis County, were rescued from flood waters of the Meramec River this morning after clinging to a tree for more than four hours.

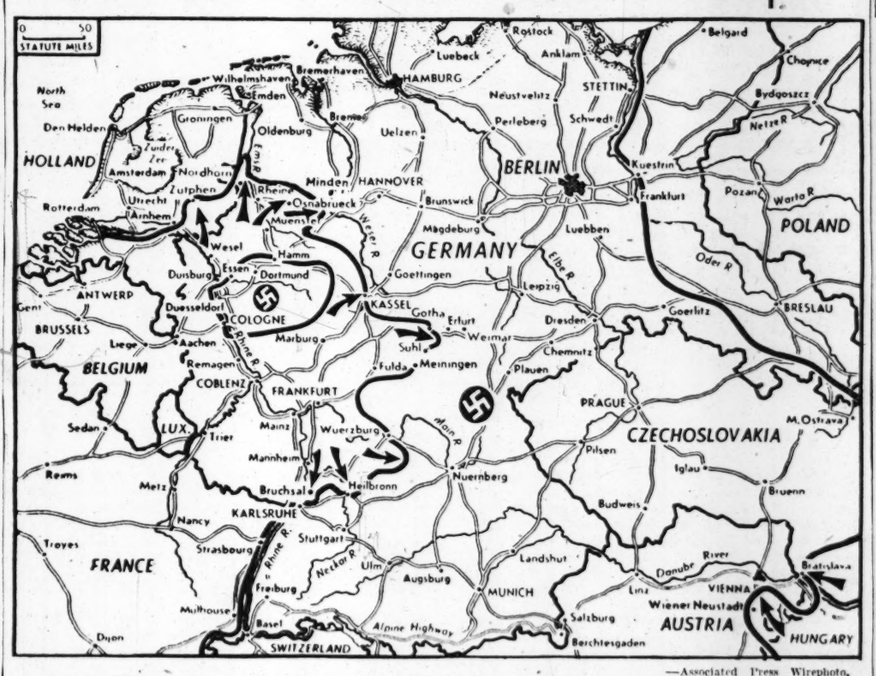

Screams for help were heard shortly after 8 o'clock on the river bank near Baumgartner road in St. Louis County, but deputy sheriffs, state highway patrolmen and members of the Mehlville Volunteer Fire Department spent nearly three hours in searching through trees and brush before the two were located.

To effect a rescue, Deputy Sheriffs Fred Ripper and Carl Will drove two miles over country roads, crossed to the Jefferson County side of the river, and then recrossed the river by boat.

The rescuers were told Mr. and Mrs. Ash had taken a rowboat to remove effects from their flooded clubhouse on the St. Louis County side. As they were leaving the clubhouse, Mrs. Ash's head struck an overhanging tree branch, and she was knocked into the water. Her husband jumped in after her and carried her to a tree limb, where they clung precariously in 14 feet of water. A private physician treated them for evposure.

On the Western front, Americans of the Ninth Army have driven to the Weser River, south of Minden, and British troops have reached the Ems, 48 miles from the North Sea, in their campaign to cut off Nazi forces in Holland. Devastated Muenster fell to Allied forces, the British took Osnabrueck and the American Third Army captured Kassel, Suhl and Gotha and pushed on eastward. To the south, the Seventh Army entered Heilbronn and the French seized Karlsruhe. In the southern sector of the Eastern front, the Russians captured Bratislava and swept on from Wiener Neustadt to a point six miles from Vienna.

300 B-29S BLAST SHIZUOKA, 2 OTHER CITIES ON HONSHU

Tachikawa, Koizumi Hit for First Time by Superforts in Demolition Bomb Attacks.

WASHINGTON, April 4 (AP).—Aircraft factories in three Japanese cites were bombed by Superfortresses today (Japanese time) in a triple attack on the island of Honshu, the Twentieth Air Force reported.

Clouds obscured the targets and the big force of possibly 300 B-29s relied chiefly on instrument bombing. However, a column of smoke 7000 feet high was seen over the Tachikawa Aircraft Works at Tachikawa, 20 miles west of Tokyo.

Other targets of the Marianas-based bombers were the Shizuoka aircraft plant at Shizuoka, 85 miles south of Tokyo and the Nakajima aircraft plant at Koizumi, 20 miles north of the capital. The Tachikawa and Koizumi raids were the first B-29 blows against those cities.

One B-29 is missing from the raid, the Twentieth Air Force said, adding that little fighter opposition and only moderate anti-aircraft fire were encountered.

It was the first instance of a diversification of targets in a large-scale Superfortress raid.

A press dispatch from B-29 headquarters on Guam said the raiders dropped demolition bombs. This dispatch said 300 Superfortresses are capable of carrying to Japan the same bomb load 900 Flying Fortresses carry to Germany from England.

(The Tokyo radio admitted fires had been set in the Tokyo-Yokohama area and in sections north of Tokyo, but asserted the flames were extinguished immediately.)

OUTBREAK OF CIVIL WAR IN VIENNA STREETS REPORTED

NEW YORK, April 4 (AP).—The Stockholm newspaper Morgontidningen today said civil war was reported to have broken out in Vienna.

"Native workers, together with foreign workers and deserters, have started action and fights are taking place both in central Vienna and in the outer fortifications on which the Russians are advancing," said the dispatch as reported to the Office of War Information.

Barricades are being hurriedly built by the Germans in the city's streets, it added, but they are "probably too late."

JAP NAVY LOSSES PLACED AT 262,000 DEAD; ALL U.S. SEA CASUALTIES 92,819

WASHINGTON, April 4 (AP). THE OFFICE OF WAR INFORMATION today estimated Japanese Navy dead at 262,000 officers and men since the attack on Pearl Harbor Dec. 7 1941.

This compares with total American naval casualties of 92,819, of whom 35,750 are dead.

Contrasted with more than three million men in this country's sea arm, the Office of War Information said Japan's present naval personnel afloat and ashore totals 850,000.

Because the Japanese do not let life-saving interfere with other operations, OWI said, it is conservative to estimate that 75 per cent of the crews of Japanese warships sunk meet death.

Hara-kiri no longer is considered a virtue, "because so many of the Navy's best sailors have done away with themselves," so the Japanese are told to "think twice before drawing the blade," OWI said.

LATEST JOKE ABOUT HITLER

Said to Describe Feelings of Most People in Germany.

NEW YORK, April 4. — The latest Hitler story, the Stockholm newspaper Tidningen says in a dispatch reported to the Office of War Information, is this: "After the Allies have defeated Germany and approach the Berghof (Hitler's hideaway near Berchtesgaden) from all sides, Hitler meets them at the gates, takes off his mustache and says in English: "Glad to see you gentlemen. I am agent 777. My mission is concluded. Germany is ruined."

Tidningen adds that the story "best describes the feeling of the majority of Germans today."

YANKS WIN HILL, END JAP THREAT TO OKINAWA AIRFIELD

Foe Apparently Planning Stand in the South — Marines Drive Second Wedge Across Island.

GUAM, April 4 (AP).—American Marines have driven to the top of 700-foot Yontan hill on the northern flank of the Okinawa front, giving them complete control of the nearby Yontan airfield, while to the south two United States Army columns are moving on the island's capital of Naha where a major Japanese stand is indicated.

Associated Press Correspondent James Lindsley reported capture of the summit of Yontan after overcoming of the stiffest Japanese resistance yet encountered on the island. American casualties, however, were light. The field already was in American hands but had been dominated by enemy positions on the hill.

Vern Haugland, Associated Press correspondent aboard Adm. Richmond Kelly Turner's flagship off Okinawa, said air observers reported occasional bursts of Japanese fire as well as signs of an elaborate trench system bustling with activity across the southern end of the island near Naha.

He said the possible defense line

BRITISH CLOSING TRAP ON NAZIS IN HOLLAND; PATTON IS BEYOND GOTHA

7th Army Enters Wuerzburg and Heilbronn — Canadians Press Within 20 Miles of the Zuider Zee.

By JAMES M. LONG

PARIS, April 4 (AP). — British troops reached the Ems River 48 miles from the North Sea today and Canadians pushed within 20 miles of the Zeider Zee in drives to trap up to 90,000 Germans in Holland while Ninth Army tanks pulled up to the Weser, next to last important stream on the high road to Berlin.

American Third Army troops captured Gotha and Suhl in Thuringia and cleared the last resistance in Kassel. Hessian city of 217,000 population where the Germans had large plants for the manufacture of tanks, airplanes, rifles and other munitions.

Lt. Gen. George S. Patton's armored columns drove seven miles beyond Gotha and were less than 140 miles from Berlin and 58 from Czechoslovakia. They were approaching the cities of Erfurt, Weimar and Mulhausen.

The French First Army captured Karlsruhe, capital of Bavarian Baden province and an industrial city of 189,000 population.

The Fifth Armored Division, commanded by Maj. Gen. Lunsford Oliver, became the easternmost spear of the American Ninth Army by driving to the Weser River at Bad Oeynhausen just south of Minden and 58 miles south of Bremen.

The Ninth Army captured 13,000 Germans yesterday and reached points within 170 miles of Berlin.

Muenster, capital of Westphalia and a communications center of 143,748 population, fell to the United States Seventeenth Airborne Division and the British Sixth Guards Tank Brigade. Last resistance was crushed this morning by the American 513th Regi-

Heavy to Killing Frost Forecast; Apple Trees, in Bloom, Endangered

A heavy to killing frost, which will do considerable damage to apple trees and lesser damage to peach and pear trees in St. Louis County, was forecast for tonight with low temperatures ranging from 28 to 34 degrees, the Government Weather Bureau announced today.

Paul Bernard, St. Louis County Farm Agent, said apple trees would suffer more from a killing frost, because they are now in bloom, about three weeks earlier than usual. Peach and pear trees in most sections of the county, he said, already have shed their blossoms and will not be affected to the extent that apple trees will be.

General crop damage will be light, Bernard said, because continued rain and wet ground have prevented farmers from planting the bulk of their crops. Early crops, such as winter wheat, he said, are far enough along now so that a frost and low temperatures will ont materially affect them.

Bernard's advice to victory gardeners, who managed to get some planting done in spite of the wet ground, was: 'Let your onions, lettuce, radishes, spinach and other crops alone. It is a safe bet," he added, "that more damage will be done in attempting to protect them by covering them than will be done by a frost."

Flower gardeners were advised by the farm agent to protect tulip and jonquil plants by covering them with newspapers or bunting.

"A heavy frost will kill plants," Bernard said, "but most of them can survive temperatures as low as 20 degrees if there is a high wind and considerable humidity to prevent frost."

Harry F. Wahlgren, meteorologist, said the cold weather will be accompanied by diminishing winds and probably snow in St. Louis late today. The cold front that is moving into Missouri, he said, developed in Texas and is moving northward toward Michigan.

Temperatures in southeastern Missouri, Wahlgren said, are expected to drop to the middle 30s and in the remainder of the State to 25 to 34 degrees tonight. Snow fell in Kansas City and Columbia this morning, he said, and at Tarkio, in the northwestern section, six inches of snow was reported.

Rembrandts, Other Art Treasures In Nazi Cache in Damp Tunnel

By DON WHITEHEAD

WITH THE UNITED STATES FIRST ARMY, April 4 (AP).—Valuable art treasures from Germany and France have been found in a dank tunnel used by German civilians near the front as an air raid shelter.

Works of Rembrandt, Rubens, Van Gogh and Van Dyke; the famous jewelled and gold sarcophagus from the cathedral of Cologne, sculptures and other treasures from museums, cathedrals and private collections were found. They had been moved from one hiding place to another by the Germans until First Army soldiers in the Siegen area overran an enemy position and discovered the cache.

An inventory will be made to determine the value of the collection and to find out how much was German and how much from occupied countries.

In the dank, fetid air of the cavern civilians slept next to a painting by Rembrandt, or curled up beside a magnicifent carved door from the Cologne Cathedral. Russian and French slave laborers made their homes hard by the bones of Charlemagne, brought to the cave from their resting place in Aachen's cathedral.

There were 500 original scores in the handwriting of the composer Beethoven, taken from his birthplace at Bonn. There were paintings by Holbein. Rembrandt's celebrated self-portrait, and Rubens's self-portrait and his famous Madonna were there.

The sarcophagus from the Cologne Cathedral probably was the most valuable item of all. Virtually all the treasures of that cathedral were moved two years ago when Allied air forces began pounding Rhineland industrial cities.

The cache in the cave was under the care of an aged curator of the Aachen museum. Even his care could not save the paintings from being somewhat affected by the dampness.

ment, commanded by Col. James W. Coutts of Kennett, Mo.

Osnabrueck, a communications center of 100,000, some 60 miles southwest of Bremen, was taken by the British Eleventh Armored Division, which drove eight miles north of the city.

American troops were fighting in Wuerzburg (108,617), Heilbronn (60,000) and Hamm (50,000) and British troops were in the Dutch city of Hengelo (40,000).

Bielefeld, Eisenach and all the great industrial cities of the Ruhr were bypassed and marked for conquest.

Resistance Stiffens.

A stiffening of German resistance as Lt. Gen. William H. Simpson's Ninth Army neared the Wesel River suggested that the enemy was trying to form a line behind that barrier. There was no indication that the foe had been able to salvage the strength for a major stand.

(The Luxembourg radio said that German divisions were being shifted from the eastern front to the western. It reported that the Ninth Army yesterday encountered the German S. S. Viking Division, which arrived from the east without tanks.)

Gen. Patton's Third Army also encountered more resolute opposition. All the Allied armies, scores of miles beyond the Rhine, had increasingly difficult supply problems.

Fleets of C-47 transport planes were supplying the Third Army, now 215 miles inside Germany. Yesterday, for instance, the transports brought in all Patton's gasoline requirements and rations for one meal for his whole army.

Combined blows by the First and Ninth armies closed down the perimeter of the Ruhr trap to 190 miles and Gen. Omar N. Bradley's headquarters raised the estimate on doomed German soldiers in the pocket to between 120,000 and 150,000.

The First Army widened its Sieg River bridgehead at the southeast corner of the Ruhr pocket to 14 miles, capturing Siegen. The troops moved two miles northward to Klafeld. Other villages cleared included Nepthen, Benfe and Mudersbach.

Another link was forged with the Ninth Army at Westereiden, seven miles southeast of Lippstadt. Some 3771 prisoners surrendered to Lt. Gen. Courtney H. Hodges' troops in the past 24 hours.

Canadians Face Arnhem.

The Canadian First Army, forging a trap within a trap on the Germans in Holland, cut more communications to the rocket coast of The Netherlands from which the Nazis have bombarded England. The Canadians cleared all the area between the Maas River and the Waal Rhine and stood today facing Arnhem (89,000) across the Waal Rhine.

The Germans said the Canadians had crossed the Waal Rhine, presumably at Arnhem. The Paris radio said that Canadian troops had reached Zwolle, 30 miles from the Zuider Zee.

The Canadians entered the Dutch town of Zutphen (22,000), 27 miles from the Zuider Zee and once headquarters for Col. Gen. Kurt Student's parachute army.

Pilots reported growing streams of German refugees clogging minor roads and moving eastward. Major roads were used by the little transport the Germans in the north still have. Barges were seen massing in Dutch canals, particularly on the Groningen-Meppen waterway.

Showers drenched the front, giving the Germans in Holland a third successive day in which to flee without the maximum lashing of Allied air power.

The British in the north swept swiftly beyond Osnabrueck, transportation center for all German rail and highway connections with Holland. The exact extent of extreme advances could not be reported.

The nearest British approach to the North Sea was north of captured Nordhorn. The Guards Armored Division, advancing a minimum of nine miles overnight, reached the Ems at a point 45 miles northwest of Osnabrueck.

The Second Armored Division of the Ninth Army hammered its way past Bielefeld on the south to Detmold, 20 miles north of Paderborn and 47 miles southwest of Hannover. Bielefeld already had been bypassed on the north by the Fifth Armored Division.

The Seventy-fifth Infantry Division (which trained at Fort Leonard Wood, Mo.), crossed the Dortmund-Ems Canal and reached Waltrop in the Muenster district.

At the south end of the Western Front, the American Seventh Army battled to the heart of the Bavarian city of Wuerzbach and closed to within 34 miles of Neurnberg on the front beyond the Main River. German resistance was hardening.

The Seventh Army also entered Heilbronn, communications center 26 miles north of Stuttgart.

The Main River city of Aschaffenburg surrendered yesterday to Seventh Army troops after a week of fanatical resistance directed by a fanatical Maj. von Lambert, who had two officers hanged earlier for suggesting capitulation.

The French Army captured the important rail town of Bruchsal, 12 miles northeast of Karlsruhe before entering the larger city. The French took 1200 prisoners, liberated several hundred Allied captives and destroyed 50 anti-tank guns in a single action.

Third Army Front.

Armored divisions of the Third Army were three-fourths of the way across the waist of Germany.

The Fourth captured Gotha and drove eastward on the superhighway toward Erfurt.

The Sixth Armored Division, operating east of Kassel, bypassed Eisenach and reached the vicinity of Oberdoria, four miles southwest of Muelhausen, which is about 140 miles from Berlin. (Many Missourians are in this division.)

The Eleventh Armored Division was advancing toward Czechoslovakia on roads south of Gotha.

Kassel was cleared by the Eightieth Infantry Division. The German commander formally surrendered at 12:30 p. m. after Berlin had announced the fall of the city.

At one point the doughboys seized a truckload of rifles just outside a plant where they had been manufactured. The rifles were destined for groups which had been holding out.

Nazis Losing Airfields.

Since the Rhine crossing March 7, the Germans have lost 150 airports, Associated Press Correspondent Tom Yarbrough reported from Bradley's headquarters. The Russians have taken 80, Gen. Eisenhower's armies 70.

"German rail traffic yesterday was almost at a standstill, reflecting the cumulative results of persistent bombings of bridges, rails, locomotives and freight cars," the dispatch added.

A dispatch from the Ninth Army front said Field Marshal Albert Kesselring was believed to be trapped in the Ruhr pocket. The Marshal became supreme German commander in the west late last month, succeeding Field Marshal Karl von Rundstedt.

If Kesselring is in the pocket, he might flee by plane. This would prove hazardous, however, because of Allied air supremacy and Allied gunpower moving forward along the whole perimeter of the trap.

U. S. TROOPS LAND ON ISLES THIRTY MILES FROM BORNEO

—Associated Press Wirephoto.

American forces (large arrow) have invaded the Tawitawi Island group in the Sulu archipelago, securing Tawitawi harbor and two small nearby islands as a preliminary to operations against the Japanese on Borneo. Arrows on Luzon Island indicate the two-way drive against Japanese trapped between Legaspi and Manila.

M'Arthur Forces Meet Little Resistance at Tawitawi, Jap Naval Base in Sulu Archipelago.

By FRED HAMPSON

MANILA, April 4 (AP).—In a 200-mile overwater thrust from Mindanao veteran troops of the American Eighth Army have won strategic control of the Japanese naval base of Tawitawi at the southern tip of the Sulu archipelago only 30 miles from Japanese-held Borneo, Gen. Douglas MacArthur announced today.

Elements of Maj. Gen. Jens A. Doe's Forty-first (Sunset) Division landed Monday with hardly a fight and, aided by guerrillas, also captured two airfields on Sangasanga island and took possession of neighboring Bongao island.

Warships of the Seventh Fleet, boldly coursing through waters which once provided the Japanese with a major fleet anchorage and refueling depot, laid down a heavy bombardment prior to the landing while Navy planes provided close support to the landing force.

Gen. MacArthur said the strike "seriously jeopardizes the enemy's main position in the Sulu archipelago at Jolo," and "places us within 30 miles of Borneo and the great oil and rubber resources of the area." American losses were reported as small.

Doe's infantrymen, veterans of Biak, Wakde,, New Guinea and of several island campaigns in the Philippines, lost no time in taking possession of the Sangasanga airfields. One runway was 4000 feet long; suitable for fighter planes and transports.

Other troops cleaning out the southern part of Luzon island captured San Pablo, provincial capital of Laguna and rich coconut producing and processing center.

The 158th Regimental Combat Team, which landed at Legaspi on Bicol peninsula Sunday, pushed patrols 15 miles north and 21 miles northwest. Some machine-gun and rifle fire was encountered southwest of Legaspi town.

Throughout the Visayas Americans were rapidly mopping up the enemy. On Cebu troops of the Americal Division destroyed 58 pillboxes near Lahog airdome. MacArthur claimed control of all of the island except the foothills northwest of Cebu city. Likewise all of Negros Island was claimed except the northwestern tip and the isolated port town of Dumaguette of the southeast coast.

Panay was practically cleared of the enemy, MacArthur reported.

Fifth Air Force bombers attacked airdromes, fuel dumps and parked planes on Formosa's eastern coast. Navy search planes destroyed or damaged four small vessels in the China Sea and left dead in the water a Japanese destroyer escort off southwest Formosa.

A Japanese report said enemy planes raided Yank positions at Zamboanga, western Mindanao in the Philippines.

TIPS ON ETIQUETTE HINT EARLY LINK OF ALLIES AND REDS

By E. YAPOU

(Copyright, 1945.)

LONDON, April 4.—What may be a broad hint that American and British troops will meet their Russian comrades-in-arms in a matter of days is implicit in reliable reports that a special circular, covering British-American etiquette and behavior generally at that historic junction, has been issued by the Allied High Command.

(Reports from the Western Front said that some American tank crews had been able to hear Russian tankmen in radio communication with one another some 135 miles to the east.)

The joining of the Allies somewhere in the heart of Germany will be more than a purely military operation, it is learned. Special preparations are under way to make the actual meeting symbolic of Allied co-operation and friendship.

The contents of the circular remain secret, but it is authoritatively reported that it covers all eventualities in minute detail. American and British officers are given in the text some elementary knowledge of the Soviet military hierarchy and of the Red Army's unit division.

In addition, officers and men alike in the west are given a general description of the Russian character, habits and manners and every encouragement is given to fraternization among the British-American and the Red troops.

YANKS OVERRUN 4 HOSPITALS, FREEING ALLIED PRISONERS

WITH THE UNITED STATES SEVENTH ARMY, April 4 (AP).—Four more hospitals containing American and Allied patients were overrun in Wiesloch south of Heidelberg yesterday and the patients were liberated.

The hospitals included one of 1500 beds which housed 400 German civilians suffering nervous disorders as a result of the repeated air raids on Mannheim.

At the far northern end of the Seventh Army's line, where the 114th Regiment of the 106th Cavalry Group liberated 6500 Allied prisoners Monday, food, clothing and medical supplies were distributed.

ARGENTINA SIGNS INTER-AMERICAN CONFERENCE ACTS

Diplomats of 21 States Witness Action Putting Nation Back in Hemisphere Family.

MEXICO CITY, April 4 (AP).—Argentina signed the acts of the Inter-American Conference today and thereby rejoined the Pan-American family.

Argentine Charge d'Affaires Adolfo N. Calvo signed the original document in the presence of diplomats of the 21 American republics, among them Mexico's foreign secretary, Ezequiel Padilla, and ambassadors of 17 countries.

Ambassadors from Argentina, Chile and Venezuela were missing. Both latter countries were represented by members of their embassy staffs in the temporary absence of the ambassadors from Mexico, and Calvo represented Argentina.

Ambassador George S. Messersmith of the United States appeared pleased at the friendly termination of the long coolness between Argentina and its sister nations, a situation which was due to the United States. Washington brought about a diplomatic boycott of Argentina because of its pro-Axis neutrality.

Argentina's return to the Latin American family was one of the main developments of the recent inter-American conference here.

In a resolution, inviting Argentina to sign the Chapultepec agreements, it was asked to harmonize its policy with that of the other republics. On March 27 it declared war on the Axis.

Whether Argentina will be invited to attend the San Francisco conference April 25 still is a matter of speculation.

MOUNTAIN HIDEOUT FOR NAZI BIGWIGS TAKEN BY YANKS

WITH THE UNITED STATES EIGHTIETH DIVISION IN GERMANY, April 4 (AP).—A mountain hideout of a thousand air-conditioned rooms, where Adolf Hitler masterminded the conquest of France and Field Marshal Karl von Rundstedt plotted his Ardennes offensive, has been captured by the Americans.

In a class with Berchtesgaden, the rock-hewn retreat called the Adlerhorst, is at Zandenhim, west of the famed resort center of Bad Nauheim. Hitler spent much of his time there in 1940, accompanied by other Nazi bigwigs. The latest high ranking occupant was Field Marshal Albert Kesselring, who succeeded Von Rundstedt as German western front commander.

The rooms and their three miles of connecting corridors were hewn from solid rock near the top of a mountain which rests the remains of the ancient Siegenhain castle. Huge power-operated steel doors in innocent looking log cabins barred the entrance to the retreat.

Hitler's quarters and those of other Nazi leaders were built around the rim of the underground city, giving them outside exposures and rustic terraces invisible from the air or the countryside below.

TANK WITH 6-INCH GUN CAPTURED BY 9TH ARMY AT NAZI TESTING FIELD

WITH THE UNITED STATES NINTH ARMY, April 4 (AP).—TROOPS of the Second Armored Division in their plunge through the Teutoburger forest captured an experimental testing ground for German tanks.

On the testing field they found a new Super-Tiger tank which mounts a 155-mm. six inch gun 20 feet long. It has tracks three feet wide and is 12 feet high. The largest gun previously mounted on tanks was the 90-mm. which is on the newest American tank.

The Germans fought a new type of battle just east of the Teutoburger forest and held up the Second Armored for 24 hours. Lacking artillery, they resorted to firing anti-tank rockets in barrages of 50 or more. Although the rocket projector is highly inaccurate, it is easily fired and is formidable in the cities.

'END NOT FAR OFF,' EISENHOWER TELLS REICH TOWNSFOLK

Urges Them to Stop Helping Nazis — Trapped Troops Warned to Give Up.

LONDON, April 4 (AP).—Gen. Dwight D. Eisenhower, declaring "the end is not far off," broadcast an appeal to town dwellers in western Germany yesterday to stop working, and at the same time the Twelfth Army Group broadcast a warning to trapped German forces in the Ruhr to surrender or be wiped out.

The army group, over the Luxembourg radio, told encircled enemy troops, estimated to number 110,000 that "there is no hope for you."

"You must know that this is no longer war," the message said. ". . . further fighting would be un-soldierlike. Honest soldiers do not resort to murder and suicide.

"Army Group B is encircled and the German high command has lost this command. The 60th Tank Division and the Second Parachutist Division who tried to break out have shown how impossible this proves.

". . . follow the orders of surrender issued by Gen. Eisenhower. Those who follow his orders will live. Others will not."

Eisenhower's message, broadcast over Allied radios, exhorted western Germany townsfolk to cease work, take refuge, keep clear of factories, highways and railroads, shun enlistment in the Volkssturm and obey Allied Military Government units when they arrive.

PATTON'S RACING TANKS BEAT FLYERS TO TARGET IN REICH

LONDON, April 4 (AP).—Lt. Gen. George S. Patton's Third Army armored forces are, it would seem, even outrunning the Allied air force.

Airmen here tell of assembling in a briefing room for details of a mission in support of Patton's fast-moving columns in Germany. Before the briefing was completed a staff officer entered the room.

"The mission is scrubbed (canceled), gentlemen," he said. "Patton's troops already have reached our objective."

Gotha Surrenders Without Shot On Hoge's Threat to Wreck It

City Little Damaged—Huge Underground Plane Factory Found in Woods Nearby.

WITH THE THIRD ARMY, April 4 (AP)—Gotha fell to the Fourth Armored Division today without a shot being fired after Missouri's Brig. Gen. William Hoge sent a message into the city to the effect that:

"If you do not surrender, we'll blow your houses down."

Approximately 2000 German soldiers evacuated Gotha last night after the Fourth Armored sent patrols into the city's fringes. Apparently the citizens brought pressure to bear on the troops to leave.

As a result Gotha showed few signs of the war. Only about 10 per cent of the buildings were damaged or destroyed by air raids.

The acting burgomeister said the German high command had fled to Hitler's Bavarian retreat at Berchtesgaden on March 31.

The Fourth Armored overran a huge underground airplane factory in woods tow miles northwest of Gotha and found many bombers and fighters in various stages of construction.

WITH THE THIRD ARMY IN GERMANY NEARING THE CZECHOSLOVAK FRONTIER, April 4. — A modest, unassuming little man from Hungry Hill, Lexington, Mo., was blazing a history-making trail today toward Berlin.

The man from Missouri who is showing the way for all the armies on the Western Front is Brig. Gen. William Morris Hoge, commanding the Fourth Armored Division, to which command he was promoted as a reward for capturing Remagen Bridge over the Rhine. The Fourth Armored under its previous commanders, Maj. Gens. John H. Wood and Hugh J. Gaffey, had earned an unsurpassed record for speed and boldness. Under "Billy" Hoge, who built the Alaskan Highway through a wilderness, the famous Fourth is now rolling down Adolf Hitler's smooth concrete autobahn (express highway) toward some of the principal cities between it and the Russians.

(Almost as close to Berlin as the Fourth, is the Sixth Armored Division to the northwest, which is approaching Mulhausen, 140 miles from the capital. In the Sixth are several former Missouri National Guard units.)

Gotha a Seat of Royalty.

Yesterday's advance brought Hoge's trail blazers to the outskirts of Gotha, a city of 52,000 in the Thuringian Forest, whose name is associated with the ducal house of Saxe Coburg Gotha (alternately the Duke of Edinburg). To the south is the city of Coburg, where Queen Victoria erected a monument which she often visited in memory of her prince consort, Albert the Good, who was born at nearby Castle Rosenau.

Gen. Hoge, born in Boonville, Mo., is also treading in the footsteps of the Corsican Napoleon. Just beyond Weimar is Jena, in the Saale Valley, where the great battle of Jena was fought in 1806. And near Leipzig there is a monument to the Battle of Leipzig, fought in 1813, with Napoleon looking on from a height now called Napoleon Stein.

Napoleon had lost that battle to a coalition of Germans, Austrians and Russians. Today Adolf Hitler, who tried to imitate the original Little Corporal, is losing to a grand alliance in which the Russians are against the Germans.

Having first met "Billy" Hoge in the Yukon, when he was building the greatest road of its kind in the world, and again on D-day, when he was helping to clear the Normandy beachheads, I doubt that he is thinking in terms of Napoleon. Hoge is an engineer who builds a road mile after mile, and my guess is that he is thinking less of Berlin than of Erfurt, which lies 13 miles to the east of Gotha.

How does the Fourth Armored make such consistent progress day after day? Well, for one thing it advances so rapidly it encircles and demoralizes the enemy and even catches planes still on the ground. Yesterday, for example, it destroyed 33 planes, of which 15 were destroyed on the ground. Also destroyed were four tanks, eight 88's, one 75, 14 20-mm. guns, 10 assault guns and nine trucks.

VATICAN APPEAL TO GERMANY TO SUE FOR PEACE REPORTED

LONDON, April 4 (AP).—The Luxembourg radio reported yesterday that the Vatican newspaper Osservatore Romano had "launched an emphatic appeal to the German nation to cease this slaughter."

The broadcast quoted the Vatican paper as declaring "even the German propaganda service admitted Germany has lost the war and yet Germany continues this slaughter."

U. S. BOMBERS HIT U-BOAT YARDS AND AIRFIELDS IN REICH

Kiel and Hamburg Among Targets — British Bomb Nazi Troops in Path of Yanks.

LONDON, April 4 (AP).—A strong force of American heavy bombers, estimated to number 1400, spearheaded a 3000-plane assault on Germany today and struck submarine yards at Kiel and Hamburg and a number of airfields over a wide area of the northern Reich.

It was the second attack on Kiel in less than 24 hours.

A strong force of British Lancasters bombed troop concentrations at Nordhausen in support of the United States Third Army. It was the second British air attack in 16 hours on Nordhausen, 55 miles east of Kassel, on the direct route to Berlin.

During the night Mosquito bombers attacked Berlin and Plauen, near the Czechoslovak border.

For the first time in months the United States Eighth Air Force communique failed to include the number of bombers and fighters taking off from Britain.

British Intruders ranged over a wide area last night strafing airfields jammed with German planes being shuttled back out of the way of the advancing Allied ground forces.

The Air Ministry said three British planes were missing from all the night operations and yesterday's assault on Nordhausen. The United States Eighth Air Force lost one bomber and three fighters in the Kiel raid yesterday.

GEN. ALEXANDER VANDEGRIFT'S PROMOTION IS CONFIRMED

WASHINGTON, April 4 (AP).—The Senate yesterday confirmed the promotion of Lt. Gen. Alexander A. Vandegrift, commanding general of the Marine Corps, to be a full general.

Also confirmed by the Senate were three Vice Admirals to be Admirals for temporary service: Richard S. Edwards, deputy commander in chief of the fleet and deputy chief of naval operations; Henry K. Hewitt, commanding the Mediterranean fleet; and Thomas C. Kinkaid, head of naval forces under Gen. Douglas MacArthur. It likewise confirmed five Rear Admirals to be Vice Admirals, four Commodores to be Rear Admirals.

7 PCT. LESS SUGAR FOR CIVILIANS THIS YEAR THAN IN '44

Lower Butter Allotment for Next 3 Months—Pork Situation—Other Aspect of Food Outlook.

WASHINGTON, April 4 (AP).—Civilians in the United States will find 1945 "the most difficult of the war" from the sugar standpoint.

This report came today from Lt. Col. R. W. Olmstead of the War Food Administration, who said the comparative supply figures are: 7 per cent less than in 1944 and 14 per cent less than the 1935-39 average.

The American estimate figures out at 83 pounds a civilian, even a little less than civilians in Great Britain are due to get.

Olmstead, who is chairman of WFA's Allocations Committee, said that in the United Kingdom the 1945 sugar estimate is due to go up 23 per cent over 1944 to 86 pounds per capita. This, however, is 17 per cent less than the 1934-38 average.

For Canada, the estimate is 83 pounds, 4 per cent below 1944 and 12 per cent below 1935-39.

Olmstead supplied the figures in testimony before Senators investigating food shortages.

World Meat Supply Deficit.

Other highlights on the food situation were:

(1) The War Food Administration allotted 322 million pounds of butter for civilian consumption in the next three months. This compares with estimated consumption of 325 million to 328 million in the last three months.

(2) It said civilians face a 30 per cent reduction in rice supplies because of military and foreign relief needs. This would mean about 4.3 pounds per person in 1945 as compared with about six pounds last year.

(3) Olmstead figures the deficit of the world meat supply is about 6,200,000,000 pounds, or 15 per cent of estimated needs. He said world meat supply and demand may "strike a balance" one year after V-E day.

(4) Some American food officials are urging a heavy fall pig crop—which would mean less pork now and more next year through using sows this year for breeding rather than slaughter.

Answers Questions.

Senator Wherry (Rep.), Nebraska, asked Olmstead: "Do we lend-lease any sugar?"

"We do to Russia," was the reply.

"None to Britain?" Wherry persisted.

Olmstead said that at one time some sugar did move from the Caribbean directly to Britain under lend-lease, but that he did not know the full situation as to that.

Asked about the prospects of getting sugar from the Philippines, a heavy producer in peacetime, Olmstead said he thought it unlikely that any would come from there before 1946.

In making the butter allotment for the quarter beginning April 1, WFA said that civilian supplies of fluid milk, cream, cottage cheese and ice cream are expected to be larger than in the past quarter. It said those of evaporated milk, condensed milk and cheese would be about the same.

Back on the meat discussion, Olmstead testified the Allies' biggest problem is canned meat—a necessity in many areas because of a lack of facilities to distribute other types of meat.

He put the total requirement for caned meat this year at 7,100,000,000 pounds and the prospective supply at 4,037,000,000 pounds.

The discussion of a large fall pig crop boils down to the question: more pork now and less next year, or less now and more in 1946?

Some WFA officials would like to see 37 million little pigs born next fall—20 per cent more than last fall. But these pigs would not be ready for market before the spring of 1946.

And it would mean that the sows needed to produce them could not be slaughtered to help increase supplies of pork this summer.

MARCH AIRCRAFT OUTPUT UP

WASHINGTON, April 4 (AP).—March airplane production exceeded schedule by 3 per cent and increased 12 per cent over February.

Announcing a March production of 7053 planes, Chairman J. A. Krug of the War Production Board today described the month's output as "consistently good" in all categories. The month's schedule was 6853 planes, the February output was 6296 planes.

ALOYS P. KAUFMANN
Mayor

LOUIS NOLTE
Comptroller

A. L. SCHWEITZER
Aldermanic president

KAUFMANN WINS BY 54,512 IN CITY REPUBLICAN SWEEP

Continued From Page One.

another Democrat by 28,247 for an unexpired mayoral term last November, when President Roosevelt and all other Democratic candidates swept the city, received 108,627 votes to 54,115 for Chadeayne, an insurance executive, who was drafted for the contest by a Democratic citizens' group. Kaufmann's plurality over Chadeayne was about 400 greater than the total of Chadeayne's votes.

Chadeayne received the smallest vote of any losing nominee for Mayor in the 25 years of woman suffrage.

Sheriff a Handicap.

Chief reason ascribed for the poor Democratic showing yesterday was the disorganized state of that party locally, in spite of last year's victories, this state being largely due to the disclosure by the Post-Dispatch of the record of Sheriff John F. Dougherty and of some of his deputies. Dougherty, a Democrat, was one of the officials elected last November.

The Democrats made strenuous efforts to find candidates for Mayor and the other principal offices, but were unsuccessful until two weeks before the primary, when a group of prominent leaders drafted Chadeayne for Mayor, former License Collector Fred A. Renick for Comptroller and Alderman Walter H. Toberman of the Fourteenth Ward for aldermanic president. The party placed its reliance on the high caliber of this ticket and on strenuous efforts to organize precinct workers in Democratic territory.

Robert E. Hannegan, 34 Washington terrace, Democratic national chairman and national committeeman for Missouri, home from Washington on a visit last week, conferred with some of the party leaders over the mayoral campaign and ward organization and delivered a pep talk to the Democratic City Committee. His home ward, the Twenty-fifth, which contains one of the largest proportionate groups of independent voters of any ward, went for Kaufmann against Chadeayne, 4319 to 1597. This also is Chadeayne's home ward; only four other wards gave him a smaller vote, while Kaufmann's biggest vote, 5579, was in his home ward, the North Side First. The Twenty-fifth, north and east of Forest Park, contains many apartment houses and residential hotels and also numerous institutions and several private places.

Kaufmann Leads Ticket.

Although Comptroller Nolte often has led the ticket, Mayor Kaufmann had the leading place this time. Nolte defeated Renick by 106,183 to 55,807. The Democratic ticket was led by Alderman Toberman, who lost to Schweitzer by 104,062 to 57,576.

Total vote was 162,742, or 44.1 per cent of the registration of 369,406. There was no provision at law for absentee ballots for members of the armed forces in this election, and only 38 civilian absentee ballots were requested.

In the midtown Seventeenth Ward, Vernon Riehl, Republican, a lawyer and welfare director of a metal plant, defeated former Alderman Hubert A. Hoeflinger, Democrat, for the aldermanic place, by only 64 votes in the unofficial returns—2538 to 2474. The absentee vote could not upset this result, but the official count conceivably might.

A second Negro was elected to the Board of Aldermen—Walter Lowe, Nineteenth Ward, clerk of a Justice of the Peace court and an Army Captain in the first World War. He defeated David M. Grant, Negro lawyer, 3043 to 2126. For the last two years Jasper C. Caston, Negro, Sixth Ward, has been an Alderman.

Heavy Negro Vote for Kaufmann.

The five wards with the heaviest concentrations of Negro voters—the Fourth, Fifth, Sixth, Eighteenth and Nineteenth—together gave Mayor Kaufmann 16,344 votes and Chadeayne 8998, or a lead for Kaufmann of 7346 in these wards. The Republican ticket polled 65.4 per cent of the total vote in these wards, compared with 66.6 per cent in the whole city. In contrast, the Negroes showed themselves strong "Roosevelt voters" last year.

Six Republican Aldermen were re-elected. They are Orville A. Armstrong, Third Ward; Herman H. Novack, Fifth, on leave as an Army Lieutenant; Richard Nichols, Ninth; Charles E. Albanese, Thirteenth; Louis A. Lange, Fifteenth, and Charles G. Kratovil, Twenty-seventh.

New Aldermen include Linton W. Peterson, First Ward; John W. Hoerr, superintendent of the St. Louis Altenheim, Eleventh; Charles P. McBride, lawyer and personnel counselor for a war plant, Twenty-first; Carl W. Guetschow, assistant composing room foreman of an East St. Louis newspaper, Twenty-third, and Floyd L. McKinney, lawyer and Republican committeeman, Twenty-fifth. Peterson, chief deputy clerk of the Court of Criminal Correction and a Republican committeeman, has said he would resign both these posts.

Some Questionable Returns.

Although some Republicans thought "Bombie" Spicuzza, Fifth Ward committeeman, would be unable to carry his ward for Lt. Novack, the latter defeated the Democratic nominee for Alderman by 3473 to 2355. In two precincts of this ward returns appeared to be of the type which caused a Federal investigation of the vote there in last August's primary. In the twenty-first precinct, with polling place at 2134 Carr street, Kaufmann, Nolte and Schweitzer were credited with 147 votes each and Chadeayne, Renick and Toberman with 35 each. In the twenty-fourth precinct, 2254 Cass avenue, the three Republicans were given 138 each and the three Democrats 50 each.

Mayoralty Vote in 13 Elections

THE vote for major party candidates for Mayor in 12 spring municipal elections and last November's general election, over a period of 44 years, with the plurality of the winner in each case, was:

1901. Rolla Wells, D., 43,167; George W. Parker, R., 34,938; Lee Meriwether, Municipal Ownership, 29,566; Wells' plurality, 8229.

1905. Wells, D., 44,318; John A. Talty, R., 43,013; Wells' plurality, 1305.

1909. Frederick H. Kreismann, R., 61,864; William F. Woerner, D., 50,268; Kreismann's plurality, 11,596.

1913. Henry W. Kiel, R., 57,119; Dr. John H. Simon, D., 54,819; Kiel's plurality, 2300.

1917. Kiel, R., 70,215; William C. Connett, 46,854; Kiel's pluralty, 23,361.

1921 (Women voting for first time in mayoralty election). Kiel, R., 104,399; James W. Byrnes, D., 94,784; Kiel's plurality, 9615.

1925. Victor J. Miller, R., 120,352; William L. Igoe, D., 117,223; Miller's plurality, 3129.

COTE BRILLIANTE SCHOOL INJUNCTION SUIT DISMISSED

Suit for an injunction to prevent the Board of Education from considering a recommendation by its Instruction Committee that the Cote Brilliante School, 2616 Cora avenue, be converted to an elementary school for Negroes, was dismissed today by Circuit Judge William S. Connor.

The board was prevented from voting on the matter at its March meeting by a restraining order, and is expected to vote at the April meeting next Tuesday. The suit was filed by four property owners and the Marcus Avenue Improvement Association.

Judge Connor held the petition was filed prematurely, that no one could presume what action the board might take and that the court had no power to interfere in such decisions of the board.

$396 THEFT AT BADEN SCHOOL

Theft of $396 in cash and $112 in war stamps from the Baden Elementary School, 8724 Hall's Ferry road, was reported to police today.

Emory Gooch, principal, said thieves took the money and stamps from a locker in his office last night. Most of the money represented sales of tickets for a coming benefit show to be given by the Baden School Patrons' Association.

THREE ELECTIONS IN 5 WEEKS

Yesterday's election, the third in St. Louis in five weeks, was one too many to one non-voter approached by a ward worker attempting to get out the vote.

"I'm not going to vote," the non-voter said, "because I think St. Louis has entirely too many elections. I used to live in California and there we did all our voting in one day."

COUNTY MAYORS RE-ELECTED; CLOSE RACE FOR FOGERTY

Tallman Defeated by 113 Votes—Marshal Ward Wins by Margin of 115 in University City.

All incumbent mayors seeking re-election in St. Louis County municipalities were successful yesterday in races in which there was a general lack of interest, except in University City and Ladue. Two new candidates for Mayor in other towns were elected without opposition.

Mayor Matt C. Fogerty of University City was victorious in a close contest in which he polled 4413 votes to defeat Capt. Roscoe Tallman, an Army officer, who received 4300 votes.

In another spirited contest, Marshal George F. Ward of University City defeated Nicholas P. Burke, administration supported candidate for the post, by a narrow margin of 115 votes. Ward received 4379 votes and Burke, 4264.

Two incumbent aldermen in University City were defeated for re-election. Herman Barken of the Second Ward lost to J. E. Sigoloff by 21 votes and Dr. R. C. Siebert of the Third Ward was defeated by William H. Preiss by 186 votes. Dr. A. O. Ozment of the First Ward was unopposed.

Jones Wins in Ladue.

Acting Mayor Hugh McKittrick Jones of Ladue was elected to the mayoralty, winning easily over Mahlon B. Wallace Jr. by a count of 741 to 341. All incumbents in other offices were re-elected.

Mayors Frank L. Martini of Maplewood, C. H. Leslie of Glendale, Arthur C. Bangert of Florissant, C. J. Obermeier of Arbor Terrace, Walter McLean of Northwoods and Oscar R. Tuckett of Brentwood were re-elected in their respective municipalities. Harry Vosburgh was elected Mayor of Ferguson and Clarence Appel as Mayor of Webster Groves, both without opposition.

Special Proposals Approved.

Special proposals were approved by voters in several county cities. Clayton residents approved six bond proposals, totaling a million dollars, for parks, sewers, streets, garbage disposal plant, library addition and a war memorial. Overland and Beverly Hills approved proposals for slight extensions of their city limits.

Two new councilmen were elected in Webster Groves and one incumbent was successful in yesterday's election. Thomas H. Ward, Ray Wood and Councilmen Bernard Quinn were the high three in a field of six candidates. Councilman Berton Forester ran fourth and was defeated.

Councilmen R. T. Kalb and Udell Thompson were re-elected in Maplewood where Alfred W. Watters defeated Councilman Ed. A. Stegeman for the third post on the City Council.

Aldermen Re-elected.

Incumbent aldermen were re-elected in all wards in Shrewsbury, Brentwood, Berkeley, Beverly Hills and Northwoods and were largely unopposed. In Ladue, Florissant, Clayton and Overland, aldermen elected were either incumbents or unopposed candidates.

Incumbents won re-election in Valley Park, except in the Third Ward, where Emil J. Weggenmann defeated Alderman Erwin R. Birkel; in Glendale, except in Third Ward, where Rudolph Senger defeated Alderman Charles W. Baker by two votes, and in the Fourth and Fifth wards in Ferguson. In the the first three wards in Ferguson, no incumbent was a candidate and the new Aldermen elected are: George C. Law, First Ward; Bernard Coleman, Second Ward, and Theodore Lorenz, Third Ward.

Dr. Clevenger Elected to Unexpired Term in St. Charles.

Dr. Homer Clevenger, professor of history and government at Lindenwood College, was elected Mayor of St. Charles yesterday to fill the two-year unexpired term of Mayor Adolph Thro, who died last week. In a light vote Clevenger received 1378 votes to defeat D. Oty Groce, an oil dealer, who polled 298 votes, and C. H. Twiehaus, an operating engineer, 231 votes.

Elected to other city offices were: Marshal, J. Edgar Duckworth, incumbent, 1350 votes to 543 for Anthony Rufkahr; City Attorney, Joseph B. Wentker, incumbent and unopposed; Police Judge, Fred E. Mindrup, incumbent, re-elected by 1172 votes to 657 for William C. Plume; Assessor, John A. Denning, unopposed; Collector, Raymond H. Barklage, incumbent and unopposed; and Treasurer, A. J. Moershel, unopposed.

Incumbent city councilmen in the first three wards were re-elected and Frank Lawler ran unopposed in the fourth ward.

Nagel and 4 Present Members Of Education Board Elected

Hadley High Custodian, Only New Member, Indicates He Will Continue to Hold Old Post.

Frank P. Nagel, custodian at Hadley Technical High School, will become the only new member of the Board of Education, as a result of yesterday's election. J. Harry Pohlman, James J. Fitzgerald, Dr. Francis C. Sullivan and Elmore M. Putney, incumbents, were re-elected.

Nagel, who surprisingly polled the second-largest total of votes for contested positions, went to the Missouri Supreme Court to have his name placed on the ballot after the St. Louis Board of Election Commissioners had removed it for an excess of irregularities in his nominating petitions.

He told a reporter he saw no reason why he should not continue to hold his job after taking his board seat next Tuesday. The oath required of members includes the statement that the member "is not interested in any contract with, or claim against, the Board of Education, either directly or indirectly."

Nagel, a Republican, had the backing of Local 118 of the AFL Custodians' and Matrons' Union, of which he is financial secretary, and the opposition, he said, of board members, who thought that in 29 years as a custodian, he had learned too much about the board's methods of operating.

Pohlman's Vote Highest.

Pohlman, a Republican, completing his first six-year term, was conceded to have the strongest backing and polled the largest number of votes—71,355. Nagel received 64,495. Fitzgerald and Sullivan, both Democrats, who have served two six-year terms, received 61,659 and 54,987 votes, respectively. Putney, unopposed for a four-year unexpired term polled 67,291 votes.

FRANK P. NAGEL

The others received the following totals: Edwin A. Smith, 45,930; Mrs. George A. Loehr, 45,288; A. Lowell Morris, 38,128; Sidney R. Redmond, 31,971, and Denis T. Bahlinger, 31,636.

Redmond, an Associate City Counselor, was the only Negro in the race. He was sponsored by the St. Louis Chapter of the National Association for the Advancement of Colored People and numerous other Negro groups.

Split Among Custodians Likely.

The election of Nagel was expected to precipitate a sharper split in alliances of the custodians, whose boss is Philip Brante, assistant to Building Commissioner Joseph P. Sullivan, who in turn is a brother of Dr. Sullivan. The custodians generally can be counted on to be busy at election time, and Brante's group was reported this year to have worked for Dr. Sullivan, Fitzgerald, Pohlman and Smith.

Nagel is 53 years old and lives at 5700 Lansdowne avenue. He will take the place made vacant by John A. Fleischli, who was not a candidate for re-election.

EACH MONTH IS RULED VIOLATION IN OPA RENT CASE

U. S. Appeals Court Decision Runs Contrary to That Made by Judge Hulen in July.

The United States Circuit Court of Appeals ruled today that in cases where landlords violate Office of Price Administration rent regulations, each month constitutes a separate violation. Under OPA regulation a tenant overcharged may sue for treble the amount of overcharges or $50 whichever is greater for each violation.

The decision written by Judge Seth Thomas and concurred in by Judges Archibald K. Gardner and Harvey Johnson, ran contrary to a ruling issued last July by United States District Judge Rubey M. Hulen who held a tenant could sue only for one violation.

In upholding a decision of Judge Richard M. Duncan in the suit place owned by Charles and Pearl Lumber, the court said it found no record of a previous rent violation case having come before it. The District Court had awarded Yates $725 to cover 12 months of violation—$600 in damages at the rate of $50 a month, and $125 in attorney's fees.

GLORIA VANDERBILT'S NAME LINKED WITH STOKOWSKI'S

RENO, Nev., April 14 (AP).—Gloria Vanderbilt di Cicco went into seclusion today and could not be reached for comment on reports she would be wed to Leopold Stokowski, famed orchestra conductor.

A New York newspaper account said Stokowski left yesterday for Mexico and Gloria would join him there after securing her divorce decree from Pat di Cicco of Hollywood. She arrived in Reno March 9.

Mrs. di Cicco canceled all engagements and refused to be seen or to answer the telephone. Friends said she was "emotionally upset" over publicity linking her with Stokowski.

Why Office Girls use ThriftiCheck

"YOU MIGHT THINK it's easy come, easy go, with my nice little salary every week. But you don't know me! Just watch how I streak for the bank with my pay check and plant it safely in my ThriftiCheck account. It's exciting to pay bills with ThriftiChecks, printed with my very own name. Makes me feel like big business, yet they cost only a few cents each... It's a time-wasting nuisance to pay bills by cash—this way I have more time for myself, after the office."

HOGAN TO FIGHT CHARTER EVASION IN SENATE RULES

Proposal to Ignore Requirement of Record Vote in Committees Is the Bunk, He Says.

By CURTIS A. BETTS
State Political Correspondent of the Post-Dispatch.

JEFFERSON CITY, April 4.—State Senator Edward J. Hogan (Dem.), of St. Louis, said today he would oppose adoption of the proposed revision of the Senate rules, which ignores the constitutional mandate for a record vote of Senators in committees, and which approves a nullification of the constitutional provision permitting one third of the elected Senators to take a bill away from a committee.

Hogan, who was a delegate to the Constitutional Convention, said he would oppose the new rules submitted by the Senate Rules Committee last Thursday, and scheduled for consideration in the Senate when the Legislature reconvenes April 9.

"The convention wrote into the Constitution a specific provision requiring that every committee report to the Senate or House, as the case might be, the vote of its members in the committee," Hogan said. "The people adopted the Constitution containing that provision. Every member of the Senate took an oath to uphold the Constitution.

"Now we see the Rules Committee coming in with a report which ignores this mandate of the Constitution.

"This same Constitution contains a provision permitting one third of the elected Senators to relieve a committee of consideration of a bill. That could mean only one thing, that if a committee refused to act within a reasonable time, one third of the Senators could take the bill away from the committee, and place it on the Senate calendar for action on the floor.

"Now we see the Rules Committee coming in with a rule which would permit another one-third to send the bill back to the committee.

"That is a clear attempt to nullify the Constitution. It is simply bunk, and these lawyers on the Rules Committee are not fooling anybody.

"There should be no attempt to twist the meaning of the Constitution. It is clear, and there is no excuse for anybody to attempt to distort it.

"What is it they are afraid of? Why should a Senator fear to be out in the open with his vote? Why should the Rules Committee, in violation of the meaning of the Constitution, attempt to protect committees in keeping bills from having consideration on the floor?

"I am going to oppose the adoption of these revised rules. I shall vote against their adoption and against the adoption of any rules which do not exactly conform to the Constitution."

KAUFMANN PLANS SURVEY TO GIVE CITY BETTER RULE

Continued From Page One.

to plan our postwar program, which today is the best in the nation, but which I think we can still improve.

"Third, we propose to re-survey the entire city government in an effort to make it more efficient and to give effect to suggestions which will consolidate divisions, make better use of municipal facilities, curtail expenditures, and generally improve the city service.

"Fourth, we shall undertake to improve our liaison with the State government and the Federal Government in order that we may share in any benefits which may come to this community by thorough co-operation with these other agencies.

"We shall make the administration of the government of the city of St. Louis, within the next four years, a distinct community enterprise. This is the government of all the people and we shall seek to create in St. Louis a spirit of unity and singleness of purpose where we all work together for the continued progress of our community and where all our efforts will be devoted solely to the development and advancement of St. Louis as a great air center, as a great industrial center, as a great city of homes, as a great cultural center and, in short, one of the great cities of the world."

Mayor Holds Open House.

The Mayor held open house this afternoon in his offices, and hundreds filled the suite as a line of city officials and employes, party workers, labor and business representatives, congratulated him on his re-election. With him in the receiving line were Mrs. Kaufmann, Mrs. Louise Nolte, James L. Ford Jr., chairman of the Citizens' Smoke Elimination Committee; Louis J. Reidel, chairman of the Republican City Committee; Roscoe C. Hobbs, chairman of the Kaufmann Campaign Committee; and Charles J. Riley, the Mayor's secretary. Comptroller Nolte was not there, and his wife explained that he was taking his customary midweek outing in the country.

Several of the newly elected aldermen appeared, an dheld little levees of their own after saluting the Mayor.

Chadeayne's Statement.

Henry F. Chadeayne, the Democratic nominee, conceded defeat at 10:08 o'clock last night. He issued the following statement today:

"I wish to thank all the voters of St. Louis who expressed their belief in me and what I stand for by casting their ballots for me. I wish to express my deep and heartfelt gratitude to all those who have worked so earnestly in this campaign and who have given so freely of themselves without stint. It is an experience which I shall always remember and which has touched me deeply.

"The devotion of those running with me—Fred A. Renick and Walter H. Toberman — and of those who assumed the responsibility for carrying on the campaign has time and again helped over the rough spots. In particular, I wish to express my appreciation to the host of workers of my party who have labored so diligently. Never has any candidate for any office had more loyal and earnest support. To Mayor Kaufmann I extend my very best wishes for a successful administration."

365,437 Prisoners of War in U. S.

WASHINGTON, April 4 (AP).—The War Department reported today that 365,437 Axis prisoners of war were held in this country as of April 1—311,630 Germans, 50,549 Italians and 3258 Japanese. They were held at 141 base camps and about 319 branch camps near work projects.

SOME AUTO LICENSE RECORDS DESTROYED

Tellers' Slips Missing on Buick Plates Sold for $20, Recorded at $11.

Examiners making an audit of the St. Louis office of the State Motor Vehicle Registration Department have discovered that records of individual tellers who sold 1944 Buick licenses have been destroyed, Wilson Bell, Secretary of State, announced today.

Bell said that many 1944 Buick plates had been sold to the motorist for $20 but recorded in the state records as $11, someone pocketing the difference. More than 150 similarly altered records for 1945 Buick plates have been discovered, he said.

Destruction of the individual sales' records, Bell pointed out, complicated the task of fixing responsibility for the irregularities. He said that he would write purchasers of 1944 Buick licenses and ask them whether they remembered who sold them their licenses.

The only explanation that has been offered for destruction of the records, Bell said, is that they were destroyed in "cleaning up the office" after the year's business. The current audit, which embraces Buicks as its first phase, includes transactions for the years 1943-44-45. Sales records for 1945 are intact.

Capt. J. F. Shaw of the Kirkwood station of the State Highway Patrol was checking reports today that fraudulent Missouri automobile certificates had been sold for $5 each. Enforcement officials of the OPA said they would institute a prompt investigation if evidence was presented indicating that such certificates were distributed, since they might have been used to obtain extra gasoline ration books.

'WE ARE ALL CAPABLE OF MORE THAN WE DO'*

IN THESE CHALLENGING words, the Discoverer and Founder of Christian Science, Mary Baker Eddy, points to a central truth in the teaching of this Science, namely that every individual has capabilities surpassing those of which he has been aware.

Further emphasizing this fact, and indicating also the practical results of its scientific recognition, Mrs. Eddy writes, "Business men and cultured scholars have found that Christian Science enhances their endurance and mental powers, enlarges their perception of character, gives them acuteness and comprehensiveness and an ability to exceed their ordinary capacity."*

Countless instances of this kind are on record. Through the understanding of Christian Science, writers have found their skill and usefulness increased, business executives have worked with greater assurance and success, men in the armed forces have been more resourceful, effective, and free from weariness, anxiety, and other distresses than they had thought they could be. And so on in other occupations.

The complete explanation of Christian Science and its method of releasing the latent capabilities of men and women, as well as of healing disease, is given in the Christian Science textbook,

BRIGGS HAS CLAUSE FOR SALE OF FSA HOMES TO OCCUPANTS

WASHINGTON, April 4 (AP).—Legislation directing that the Delmo labor homes project in Southeast Missouri be sold to present occupants by the Farm Security Administration has been prepared by Senator Briggs (Dem.), Missouri, he announced today.

The proposal will be offered as an amendment to the House-passed agriculture appropriations bill, now pending before a Senate appropriations subcommittee.

Under the proposed amendment, the homes would be sold individually instead of in units. There are 10 groups of homes, totaling more than 500 houses. They were built by the Farm Security Administration in 1939 to house farm workers.

Congress a year ago ordered the liquidation of such projects. A delegation from the homes and officials of the Southern Farm Tenant Union recently called on Missouri Congressmen and presented a petition at the White House asking that they be permitted to buy the homes on a long-term basis at a low rate of interest. The Briggs amendment would direct sale to the tenants over a 40-year period at 3 per cent interest.

3 YOUTHS ACCUSED WHEN AUTO REPORTED STOLEN HITS BRIDGE

Roy Haynes, 1003 North Third street, was charged with interstate transportation of a stolen automobile in a Federal warrant issued yesterday and two youthful companions were charged with delinquency after they were found in an automobile which had crashed into a bridge abutment on Highway No. 3 on the northern outskirts of Dupo. Police said the automobile had been stolen a few hours earlier from a parking lot in St. Louis.

Haynes, 19 years old, was removed to St. Mary's Hospital for treatment of a hand injury, and a 14-year-old boy who was with him was taken to the hospital with an injured shoulder. The third youth, 17 years old, was held in the St. Clair County jail at Belleville.

VETERANS ADMINISTRATION
WASHINGTON 25, D.C.
OFFICE OF THE ADMINISTRATOR OF VETERANS AFFAIRS

TO: THE POLICYHOLDERS OF GOVERNMENT INSURANCE

Persons who actively served in the armed forces since October 8, 1940 have had the opportunity of applying for National Service Life Insurance. Those who bought this insurance made a wise purchase. National Service Life Insurance is low cost insurance because the Government bears all losses due to the extra hazard of military and naval service and in addition, pays all the expenses of administration.

When a person leaves this world he cannot take anything material with him but he can leave behind something of value to his loved ones. I know of no better way of protecting against their want than by means of adequate life insurance.

The insurance made available to you in the service was term insurance convertible without physical examination. It is a valuable asset which cannot be replaced. Continue to carry it. If you have let it lapse, reinstate it. When you are in a position to plan a long range insurance program convert your insurance to a permanent form.

The American Life Convention, The Life Insurance Association of America and The National Association of Life Underwriters, which represent the great majority of the life insurance business, have all gone on record as indicating a desire to cooperate wholeheartedly with the Veterans Administration in protecting the interests of service persons.

I welcome this cooperation and believe it will be a force for the accomplishment of great good. Accordingly, I urge that you continue your Government insurance in force and I join with these life insurance organizations in urging you not to exchange your Government insurance. Other insurance should supplement rather than replace Government insurance for veterans.

Frank T. Hines
FRANK T. HINES,
Administrator of Veterans Affairs.

A MESSAGE OF IMPORTANCE TO VETERANS* AND THEIR FAMILIES

* Even now, service men and women are being discharged at the rate of 70,000 a month.

First steps to take when discharged

DISCHARGE from Service in no way affects your government insurance, except that premiums can no longer be deducted from your Service pay, and you must now pay them direct.

Ordinarily, the premium for the month of discharge is deducted from your final pay settlement. Make a note of the date when the next premium is due (see your Form 53) and remember you must pay it within 31 days of that date.

Make your check or money order payable to the Treasurer of the United States and mail it to the Collections Subdivision, Veterans' Administration, Washington, D. C. Pay the premiums even though a premium notice does not reach you. It is most important to give your full name, birth date, present address, policy number, and your Service serial number.

THE FINANCIAL HEALTH of America as a whole depends upon the financial health of every individual.

Recognizing this, America's life insurance companies take this opportunity to cooperate with the Veterans' Administration in the conservation of life insurance issued to millions of individuals under the National Service Life Insurance Act.

As part of their educational program in the interests of all owners of life insurance, they wish to draw the attention of every man and woman in the armed forces, and their families, to the above letter of General Hines.

* * *

In cooperation with the Government, the life insurance companies are advising their field forces and branch office personnel on the rights of veterans in regard to their National Service Life Insurance.

Representatives of life insurance in the field will cooperate with various local veterans' organizations to provide a consultation service for veterans and veterans' organizations and to distribute the Veteran Bureau's official booklet, "Continuance of National Service Life Insurance."

The life insurance companies and their agents again welcome an opportunity to be of public service.

Ann Dvorak Plays 'Flame' At the Fox

"THE Flame of the Barbary Coast," starring Ann Dvorak in her return to films, opened yesterday at the Fox Theater. The movie, which is having its world premiere here, has its locale in San Francisco during the early years of this century. Co-starred with Miss Dvorak is John Wayne. The leading secondary parts are played by Joseph Schildkraut, William Frawley, and Virginia Grey. "House of Fear," based on a Conan Doyle mystery story, is the companion film, with Basil Rathbone and Nigel Bruce.

"The Song of Bernadette," starring Jennifer Jones, returns today to the Ambassador, where it played an engagement some months ago. Others in "Bernadette," a story of religious faith, are William Eythe, Charles Bickford, Vincent Price, Gladys Cooper, Anne Revere, Roman Bohnen, Mary Anderson, Patricia Morison, and Lee J. Cobb.

"Strange Illusion," with James Lydon, a psychological story of a boy's dream, is the headliner at the Missouri, beginning tomorrow. Sally Eilers and Warren William have important parts. The second picture is "The Man Who Walks Alone," described as "hilarious," with David O'Brien, Kay Aldridge, Walter Catlett, Isabel Randolph, and Big Boy Williams.

"Circumstantial Evidence," an "action-packed story of a tough guy up for murder," with Lloyd Nolan and Michael O'Shea, opens today at the St. Louis. Also opening is "Rough, Tough and Ready," with Chester Morris and Victor McLaglen. Girls are Jean Rogers, Veda Ann Borg, and Amelita Ward.

"National Velvet," Elizabeth Taylor and Mickey Rooney, holds over at Loew's. "I'll Be Seeing You," Joseph Cotten and Ginger Rogers, holds over at the Orpheum. "A Tree Grows in Brooklyn," Peggy Ann Garner, moves today to the Shubert, with "Tonight and Every Night," Rita Hayworth. "Fantasia," Walt Disney's cartoon, is a holdover at the Art Theater, 3143 Olive street.

BIG THREE SOLIDARITY URGED BY ADMIRAL TO KEEP PEACE

NEW YORK, April 4 (AP).—Vice-Admiral Russell Willson, naval member of the Joint Strategic Survey Committee of the joint chiefs of staff and a delegate to the Dumbarton Oaks Conference, today told a meeting of the Academy of Political Science that unless there is solidarity among the United Nations Germany or Japan will become attached to one of the Big Three and "then World War III would be upon us."

Prof. Harold H. Sprout of Princeton University said the Dumbarton Oaks proposals "definately puts a few great powers in the driver's seat. He said that although this country now was the leader in industrial and economic development, within one to three decades, "the Soviet's larger, younger and more rapidly increasing population may overtake the United States' economic superiority."

Prof. Arnold Wolfers of Yale University predicted that Russia "will come to feel that her security and her position depend on the confidence she can gain from small powers surrounding her on all sides."

JAP SHIP SUNK BY BRITISH IN CAPTURED NAZI SUBMARINE

LONDON, April 4 (AP). — Lt. Comdr. Peter Marriott, the British commander of a captured German submarine, has been awarded the Distinguished Service Cross for sinking a Japanese vessel inside an enemy harbor, it was disclosed last night.

The submarine, now H. M. S. Graph, was the German U-570 captured intact Sept. 8, 1941, following damage by a British plane. The vessel, at first used to stalk other submarines, has sunk at least one U-boat and damaged several others.

In his feat against the Japanese, Lt. Comdr. Marriott stalked his victim 36 hours and finally torpedoed it through the harbor entrance. Time and place was not disclosed.

DOCTOR MEDICALLY DEFENDS GETTING DRUNK ONCE A MONTH

LONDON, April 4 (AP). — Dr. Josiah Oldfield, British surgeon writing in the current Medical Press and Circular, says "I see no reason at all from the medical point of view" why a man should not get roaring drunk once a month.

He said he had no "fault to find with the medical profession for pandering, within certain limits to human pleasures and human sensations of delights."

COURT THAT TRIED FOUR WACS HELD IMPROPERLY CONVENED

WASHINGTON, April 4 (AP).—The War Department said last night that court-martial proceedings against four Negro Wacs at Fort Devens, Mass., were vacated because the court was improperly convened. A department statement said it had recommended the cancellation "in the interest of the strictest justice towards the accused."

The decision turned on a finding that the commanding general, Maj. Gen. Sherman Miles, of the First Service Command, was "technically the accuser within the meaning of Article of War 8, and therefore not authorized to convene the court."

The four were convicted of refusing to obey superior officers and were under one-year sentences at hard labor. Unofficially it was pointed out that Gen. Miles did not personally give the orders but that they were issued in his name.

RED GENERAL IS AMONG 6538 CAPTIVES FREED BY 3D ARMY

WITH THE THIRD ARMY IN GERMANY, April 4 (AP). — A Russian major general and his staff were found among 6538 Allied prisoners liberated yesterday by Second Cavalry ground forces which captured a prisoner of war camp at Bad Orb, southwest of Fulda.

ADMITS SHE STOLE FIRM'S $1600 TO AID SICK HUSBAND

Woman Manager of Laundry Branch Held, Says She Took Money Daily for 10 Months.

Mrs. Pansy Pink Benoit, manager of a branch office of the St. Louis Bachelor Laundry Co., at 4584 Laclede avenue, was held by police today after she admitted embezzling $1600 in company funds over a period of 10 months and said she used the money to pay doctor and hospital bills for her husband.

Adolph Tofle, president of the company, which has its main office at 4115 Olive street, told police discrepancies in the accounts of Mrs. Benoit's office were discovered yesterday by a company bookkeeper and an auditor.

Amounts of money listed on bank deposit slips, Tofle said, did not equal the sums that should have been deposited for the amount of cleaning, pressing and laundry work taken in at the branch office.

Mrs. Benoit, mother of three children, told a Post-Dispatch reporter she started working for the laundry company a year ago. Her salary, she said, was $20 a week, but that was cut to $14 a week because of $6 weekly payments she made to Tofle on a loan of $100 he had made to her.

"I needed extra money," police quoted her as saying, "for rent, food and doctor bills for my husband. Besides that, I owed clothing and furniture bills, and our rent was $11 a week."

She explained that her husband, William J. Benoit, had been ill for nearly a year and had been unemployed until two weeks ago. Last December, she said, he was taken to Jewish Hospital for an emergency operation for stomach ulcers. He was in the hospital for about a month. The hospital bill, she said, was $113, and the doctor bill was $300.

"I never took more than $10 at a time, but I did take some almost every day. I had to live," police said she told them. She said she believed she had taken a total of $700.

Mrs. Benoit, her husband and their three children, Wilma, 7 years old, William, 5, and Charles, 3, live at 4449 Laclede avenue.

APPEAL ON RULING BARRING MARRIED WOMEN IN TEACHING

Action against the Board of Education will be carried to the State Supreme Court in an effort to bring about the repeal of the rule which bars married women from regular teaching positions in the St. Louis public schools, Charles F. Kincaid, secretary of the Teachers Federation of St. Louis, said today. Funds to support the appeal will be solicited through a circular which will be distributed to teaching personnel and other interested persons.

Victor Harris, attorney for the Federation, which is affiliated with the American Federation of Labor, appeared before the instruction committee of the Board of Education last night, asking that the rule be rescinded. Dr. Herbert O. Winterer, chairman of the committee, referred to a decision, made at last month's meeting of the committee, to take no action on the matter.

The case to be appealed concerns Mrs. Mildred Holmes and Mrs. Anita Landy Weis, two teachers who married in the summer of 1941 and were subsequently dismissed. They filed suit for reinstatement in September, 1942, but the Circuit Court decision by Judge Charles B. Williams, upholding the rule of the Board of Education, was not handed down until December of last year.

DONNELL PUTS N.A.M. VIEWS OVER GENERALS'

States Reason for Opposing Manpower Bill in His First Major Speech in Senate.

WASHINGTON, April 4 (AP).—In his first major speech Senator Forrest C. Donnell (Rep.), Missouri, opposed the compromise manpower bill, which was defeated yesterday, 46 to 29, because, he said, "it would not stimulate war production."

Donnell asserted that, "on the face of the record of war production and the fact of testimony by both management and labor that voluntary methods will produce more war weapons, I am compelled to vote against the pending bill, and the vast amount of power it would put in one man."

Stating that there was no assurance the House, wedded to compulsion, "will ever agree to another conference," Donnell continued:

"The fundamental question before the Senate is whether the bill is needed for the successful prosecution of the war. Every other question, regardless of its importance, is subordinate to this."

He said the president of the National Association of Manufacturers and labor officers were convinced the bill might hamper, rather than stimulate, production. He added that their testimony on production carried more weight than that of the military leadership.

Also voting against it was Missouri's Democratic Senator Briggs. The Illinois Senators were divided —Lucas (Dem.) for it, Brooks (Rep.) against.

MAN WANTED ON VARIOUS U.S. CHARGES FOUND BY F.B.I.

William Henry McLarty, indicted last November by a Federal grand jury at Cairo, Ill., on six counts charging illegal wearing of a naval lieutenant's uniform, interstate transportation of fraudulent securities and violation of the Mann and Selective Service acts, was arrested yesterday at Miami, Fla., by agents of the Federal Bureau of Investigation.

Gerald B. Norris, agent in charge of the Federal Bureau of Investigation in St. Louis, said McLarty was wanted by St. Louis police for passing four worthless checks last November totaling $178. Norris said McLarty, at that time, posed as a Naval lieutenant.

Norris said McLarty, 26 years old, sought by Federal authorities for two years, was discovered working as an embalmer for a Miami Beach undertaker. The uniform of a Navy commander, bearing the insignia of the submarine service and ribbons indicating five major engagements, was reported found in McLarty's luggage.

ST. LOUIS, KANSAS CITY SEEK TELEPHONE CASE REHEARING

JEFFERSON CITY, April 4 (AP).—Both St. Louis and Kansas City today asked the Public Service Commission for a rehearing of the Southwestern Bell Telephone Co. valuation case, contending the 1941 original cost figures found by the commission did not represent a true rate base because they included no deductions for depreciation reserve.

A month ago, the commission finished its nine-year investigation with a report that recommended no rate cuts but set the original cost, as of 1941, of Southwestern Bell properties in Missouri at $123,790,281. The commission then said, "We hesitate to order a rate investigation" because there "are no reasonable grounds for believing such an investigation would result in a reduction of rates."

The St. Louis petitions contended the original cost figures for the St. Louis district were too high and unreasonable. It also said the 1941 figures were "excessive and inaccurate" because they were found by use of a "short-cut device of trending" 1938 appraisals.

60-DAY SENTENCE ON CHARGE OF GASOLINE COUPON DEALINGS

Francis J. Barnson, 1010 Julian avenue, University City, a machinist at the Emerson Electric Manufacturing Co., was sentenced to 60 days in jail and fined $10 today by United States District Judge George H. Moore after he pleaded guilty of illegally acquiring and transferring 30 ration coupons for gasoline used by trucks.

Barnson was charged with having purchased the coupons for $15 from Louis I. Bachman, another Emerson machinist, who in turn had purchased them from Lisle Fehrman, formerly an employe of Curtiss-Wright Corporation. Bachmann and Fehrman also face charges in connection with the transaction. The coupons had been obtained by Fehrman for a truck which he had sold before they were issued, it is charged.

CONGRESS MEDAL GIVEN ACE WITH 7 KILLS IN ONE FIGHT

AN ADVANCE U. S. AIR FORCE BASE, Philippines, April 4 (AP).—Maj. William A. Shomo, Jeannette, Pa., who shot down seven Japanese planes in one engagement, was presented with the Congressional Medal of Honor, the nation's highest award, today by Maj. Gen. Ennis C. Whitehead, commander of the Fifth Air Force.

Shomo's wingman, Lt. Paul Lipscomb, Fort Worth, Tex., was awarded the Distinguished Service Cross for downing three enemy planes in the same engagement Jan. 13, over Luzon.

Funeral for Boy Accidentally Shot. Funeral services for Thomas H. Woltering, 9 years old, the grandson of Mr. and Mrs. John Moss, 2827 Minnesota avenue, were held today in San Antonio, Tex., where his parents live. The boy was accidentally shot Monday by a playmate. He was the son of Dr. and Mrs. Harry H. Woltering. The father, a dentist, is a graduate of St. Louis University.

1 long - 3 short

Along the Union Pacific main line—between stations—a signal flashes red. The train slackens speed and stops. The engineer grabs the whistle cord . . . one long and three short blasts. That's a signal to the flagman. It is his duty to give adequate warning to any train following. To do so, he walks a sufficient distance to the rear to insure full protection.

This is one of the many precautionary measures taken by Union Pacific—and other railroads—to protect passengers and freight shipments.

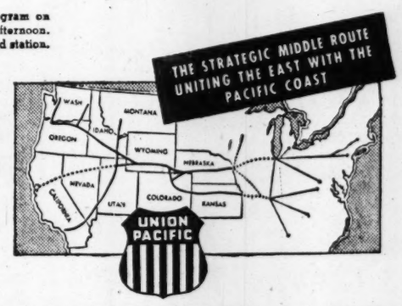

Safe transportation becomes increasingly important in wartime. Trainloads of troops and essential materials are constantly on the move over Union Pacific's Strategic Middle Route uniting the East with the Pacific Coast.

Just as the flagman protects his train, so is it the job of all Americans to provide for future security by buying bonds and saving them. Thus we can help stabilize industry and encourage the American trait of individual enterprise and initiative.

'Typical War Mother' Dies.

KANSAS CITY, Mo., April 1 (AP).—Mrs. Margaret N. McCluer, former national president of the American War Mothers who in 1923 was named "typical national war mother," died Monday in Hollywood, Cal., friends here have learned. She was 76 years old. Mrs. McCluer suggested the Mothers' Day postage stamp which was authorized in 1934.

PROBATION ON MAIL CHARGE

Mrs. Ella Weinreis, former acting postmaster at Bridgeton, St. Louis County, received a two-year suspended sentence and was placed on probation for that period yesterday by United States District Judge Richard M. Duncan after she pleaded guilty of opening letters addressed to an assistant postmaster general in Washington.

Her attorney told the Court that Mrs. Weinreis "thought another woman was trying to get her job" and that a "woman's natural curiosity" led her to open the letters. Mrs. Weinreis became acting postmaster in August, 1943, after having been assistant for five months.

YANKS WIN HILL, END JAP THREAT TO OKINAWA AIRFIELD

Continued From Page One.

ran north of Machinato airstrip, five miles north of Naha and Tonabaru strip, six miles east of the capital.

Although the Yanks believe the Japanese fight still is to be faced, Lt. Gen. Simon Bolivar Buckner Jr., commander of the Tenth Army, said "the crucial period of landing men and supplies is over. . . . Even without opposition, an operation this complicated could have broken down."

Lindsley quoted Maj. Gen. Roy S. Geiger, commander of the Third Marine Amphibious Corps, as saying the Okinawa operation developed so rapidly that a complete change of plans had to be made.

"We are out of the woods now," Geiger said.

Geiger also disclosed that Marines in their northern operations found many automobiles and trucks burned in caves, apparently because of lack of fuel to operate them.

The terrain is such that the Marines have been forced to build roads as they go or they would have been farther ahead of schedule, the General said.

Yanks Six Miles From Naha.

Naha, largest city in the Ryukyu chain with a population of 66,000, was only six miles from forward elements of the Seventy-Seventh Infantry Division moving down the west coast. Naha airdrome is the best in the archipelago.

The advance was so swift and the situation so fluid that headquarters officers were unable to plot positions accurately on their maps. Scores of little towns were overrun in yesterday's sweeping advances all along the line, announced today by Fleet Adm. Chester W. Nimitz. The Yanks have overrun some 40 square miles. Chiyunna on the west coast was taken.

A strong force of Gen. Geiger's Marines drove a second wedge across the strategic island, 325 miles south of Japan itself, by reaching the east coast at the base of 2000-yard-long Katchin peninsula, which was cut off. The island had been bisected farther to the south on Monday, when Army forces drove to the east coast at Nakagusuku Bay, one time Japanese fleet anchorage.

It was disclosed today that this move was accomplished by the Seventh Infantry Division, veterans of Attu, Kwajalein, and Leyte, now commanded by Maj. Gen. Archibald Arnold, of Carmel, Cal. It was the first identification of the Seventh Division in the Okinawa campaign.

This force yesterday pushed seven miles down the shores of Nakagusuku Bay to Kuba town.

The Marines in their push to Katchin peninsula drove past Okinawans calmly plowing fields as though no war existed. The tide of surrendering civilians mounted swiftly. Marines alone took 3115 into their stockade within a 14-hour period. No instances of civilian hostility have been reported.

So far, the Japanese commander on Okinawa has succeeded fairly well in concealing the disposition of the bulk of his troops, estimated to number 60,000 or more.

(In Washington, a naval spokesman said the invasion force now ashore on Okinawa is of such size that the Japanese have no chance of driving it off the island.)

Carriers Hit Sakashimas.

A press dispatch from aboard V. Adm. Marc A. Mitscher's flagship, reported that carrier planes and other units of the American task force moved southward yesterday in support of British attacks on the Sakashima group of islands, midway between Formosa and Okinawa, hitting airfields and seaplane naval bases.

Tokyo, meanwhile, revised upward its claims of damage inflicted on the American armada off Okinawa, claiming 177 ships had been sunk or damaged by surface and air units.

The Japanese-controlled Singapore radio in a broadcast to Australia said the "remnants of this once-proud American fleet" was tied to the Okinawa operation and cannot withdraw its support to the landing forces.

The "remnants" of the American fleet at Okinawa consist of more than 1400 ships, the biggest armada in world history.

The Japanese news agency Domei said the "Americans and British must be prepared to lose at least 500,000 men on Okinawa island."

SENATE CONFIRMS VINSON WITHOUT DISSENTING VOTE

WASHINGTON, April 4 (AP).—Fred M. Vinson was confirmed by the Senate today as Director of War Mobilization and Reconversion, succeeding James F. Byrnes, resigned. Approval came by a voice vote without a dissent.

The former Kentucky congressman elevated swiftly from Stabilization Director to Federal loan agent to mobilization chief, had been approved unanimously for the new assignment an hour earlier by the Senate Finance Committee, headed by Senator George (Dem.), Georgia.

Vinson was questioned for nearly an hour by the committee. Discussing among other things the report on reconversion activities issued last week end by the retiring director, James F. Byrnes.

Senators George and Lucas (Dem.), Illinois, quoted Vinson as expressing "general agreement" with the terms of the Byrnes report, although they said he did not go into details.

Drives on Okinawa

—Associated Press Wirephoto.

Arrows indicate American drives on Okinawa Island, in the Ryukyus. The Yanks met heavy resistance on Yontan Hill; to the south, where they drove to the east coast, they expanded their holdings, reaching Kuba and Chiyunna, within six miles of Naha, the capital.

REDS SIX MILES FROM VIENNA, BIG GUNS COVER CITY

Continued From Page One.

which covers about 70 square miles, will be defended as stubbornly as Budapest or Breslau seemed to be a question mainly of German morale. The city has many strongly constructed stone buildings and provides thousands of potential strongpoints.

Malinovsky's forces were within 11 miles of a juncture with Tolbukhin's troops as the two Soviet armies squeezed the German defenders of the Bratislava gap.

Malinovsky's units drove up the east shore of the Neusiedler See (lake) and captured Parndorf, four miles east of Bruck and 16 miles east of Vienna. Simultaneously Tolbukhin's men broke across the 1575-foot Leitha mountains, and advanced along the west shore of the Neusiedler See to positions within eight miles southwest of Bruck, a fortress city in the Bratislava gap.

Confusion Among Nazis.

Disastrous confusion was reported among German Army and Volkssturm units falling back from Bratislava gap. Complete encirclement of Slovakia's picturesque capital was believed to be only a matter of hours. Malinovsky appeared to be taking great care to avoid unnecessary battle damage to the city.

The Moscow radio said Berlin was sending military demolition experts to Vienna to teach special squads how to destroy the most important industrial installations and municipal works.

Extending its active front to 128 miles the Second Ukrainian Army captured Kremnica, 10 miles west of Banska Bystrica in central Slovakia, and was threatening the key junction of Zilina, 35 miles to the north.

Capture of Kremnica, on the main trans-Slovakian railroad linking captured Losonc (Lucenec), and Zvolen with Moravska-Ostrava, indicated that the Russians were attempting to roll up a deep German bulge in the Carpathian Mountains.

Berlin said Malinovsky had sent spearheads plunging northward along the Vah and Nitra River valleys for a possible linkup with Marshal Ivan S. Konev's First Ukrainian Army and Gen. Ivan I. Petrov's Fourth Ukrainians who were seeking to smash into Czechoslovakia from Upper Silesia and Southwestern Poland.

The enemy said Konev's Army was continuing efforts to break through the Moravian gap with attacks in the area of Wodzislaw and Jaegerndorf, northeast and northwest of Moravska-Ostrava, classic guardian of the gateway to Prague.

Konev also was said to have intensified his assault to reduce long-embattled Breslau. The enemy said the Russians had attacked and gained some hundreds of yards after terrific artillery and aerial bombardment.

23,000 Prisoners Taken.

Moscow announced that the Second and Third Ukrainian armies had captured 23,000 prisoners yesterday, boosting to 75,150 the number taken in Austria, Hungary and Slovakia in three days.

Far to the north, the Second White Russian Army took Neuendorf, two miles southeast of captured Danzig on the plains of the Vistula delta. Units of this army also broke onto the Westerplatte sand spit, guarding Danzig Harbor, and won Krakau and Heubude.

CCC BORROWING BILL PASSED

WASHINGTON, April 4 (AP).—Legislation increasing the Commodity Credit Corporation's borrowing power from $3,000,000,000 to $4,750,000,000 passed the Senate today and was sent to the White House. It also extended the CCC's life to June 30, 1947.

Approval came on a 46-to-33 roll call.

SECURITY PARLEY SCHEDULED 'AT RIGHT TIME FROM EVERY VIEWPOINT,' PRAVDA ASSERTS

Communist Party Paper Says It Is Clear That There Will Be Peace if Strongest Powers Find Common Platform for It — British Dominion Group Meeting.

LONDON, April 4 (AP).

DIPLOMATIC representatives from Britain's dominions met today for exploratory discussions in preparation for the world security conference at San Francisco, which a Moscow broadcast said had been scheduled "at the right time from every point of view."

An article in the Communist party newspaper Pravda, broadcast by the Moscow radio, declared the conference would be held "despite the thousands of intrigues and machinations of the German Fascists and advocates in their defense, and it will accomplish its task."

David Zaslavsky, Pravda editorial writer, asserted the San Francisco conference, like the League of Nations, "is based above all on realistic conditions."

"It is clear that if the strongest states of the world find a common platform for the protection of the peace there will be peace on earth," he said. "If this common platform is not found, no clause in the constitution of any organization whatever will help."

Hints of Early Peace.

Talk that V-E day might come before April's end was increased by the presence here of two White House advisers, Bernard Baruch and Edward J. Flynn, both on secret missions. Judge Samuel N. Rosenman, studying non-military supply problems in Europe for President Roosevelt, is back in London after three weeks in France and Belgium.

An authoritative British source said "it's only common sense to realize that things may happen which will necessitate its (the world conference's) postponement."

The Times, commenting editorially on rumors that the conference might be postponed, said any delay would be highly discouraging."

The Times said President Roosevelt's declaration that the United States would not demand additional votes "will be generally welcomed as clearing the ground for unhampered consideration of the Russian claim, which is advanced as a special case."

A British Foreign Office spokesman said that the United States acted unilaterally in its decision and that it was not due to any withdrawal of British support.

Prime Minister Churchill was received by King George just before the opening of the Dominions conference. It was the third time he has been received by the King in a week.

Text of Broadcast.

The text of the Moscow broadcast quoting Pravda on the conference follows:

"The peoples of the world are getting ready for the San Francisco conference. The calling together of the conference happens at the right time from every point of view.

"The conference will take place at the end of this month. The few weeks up to then may mean a whole epoch under present circumstances.

"The armies of the United States have crossed two of the greatest rivers of Germany. The Red Army has crossed the Oder and is continuing its advance into Germany westward. British-American troops have crossed the Rhine and are pressing into Germany from west to east.

"Once upon a time Kipling wrote: East is east and west is west and never the twain shall meet." Although the west remains west and east remains east, west and east are meeting in front of our very eyes. The scene of this renowned meeting will be Berlin.

"The Germans are trying to postpone the end of the war. The San Francisco conference is an answer to this. The conference will meet despite the thousands of intrigues and machinations of the German Fascists and advocates in their defense and it will accomplish its task.

"There are people who try to illuminate every new phenomenon with the light of an old historic example. These people see a new version of the League of Nations in the San Francisco conference and for this very reason are beginning to play old records on their gramophones and strike up sentimental tunes about the small countries, which they allege will have to sing in tune with the great powers, the powers that defeated Germany.

"We have heard many such concerts from Geneva. Political eunuchs wanted to sing in a sonorous bass voice, but just because they were eunuchs their voices broke and they sang out of tune. The German Fascists prepared for a new world war to the melody of such serenades.

Opens New Chapter.

"The San Francisco conference has nothing in common with the League of Nations. This conference does not repeat the past, but opens a new chapter in world history.

"Stalin said the following about the new international organization: 'This organization must not be a repetition of the ill-starred League of Nations which had neither the right nor the means to avert aggression. It will be a new, special, fully authorized world organization having in its command everything necessary to uphold the peace and avert new aggression.'

"It is a significant fact that the conference that precedes the formation of the new international organization will meet in the United States. This is proof of the defeat of United States isolationism. This isolationism was one of the reasons of the weakness of the League of Nations. The United States are now not only participating in the construction of the international peace organization but are amongst the powers that are convening the conference, which means that they share in the responsibility for peace.

"Another significant fact is that another organizing and inviting country is the U. S. S. R. This country never suffered from isolationism. The situation was that others wanted to isolate it.

"There was a time when some people wanted to organize the world without a strong Soviet state. What is more they wanted to organize the world against a Soviet state. In other words this means that they wanted to organize war.

Hitler's Mistake.

"Hitler's Germany realized this criminal ambition by her own methods. But Hitler was rudely disappointed. He did not count on the strength of the Soviet people.

"This also was the fatal shortcoming of the League of Nations. The League of Nations was based not on realistic conditions, but on its own desires and ambitions.

"The San Francisco conference is based above all on realistic conditions. Its initiating powers are the strongest states of the world: The U. S. S. R., the United States and Great Britain. These states united in war against the Fascist bloc. Their coalition stood every test, at the time of reverses as well as in the period of victories. The basis of the Anglo-United States Soviet coalition is formed by the most important life interests of three states and these interests demand a durable and solid peace.

"The experience of the second world war has proved that weak peoples, defended by nothing but beautiful words and procrastinated treaties, are always the first victims of aggression. Nothing but force permeated by the ideals of democracy can defend these people. Only such force can guarantee the freedom and independence of such people.

"It is now no longer necessary to prove to the peoples of Poland, Czechoslovakia, Yugoslavia, Finland, Romania and Hungary that their freedom and security depend on their friendly association with the U. S. S. R. because it was the strength of the Soviet Union that rescued these peoples from the Fascist invaders.

"It is clear that if the strongest states of the world find a common platform for the protection of the peace there will be peace on earth. If this common platform is not found, no clause in the constitution of any organization whatever will help.

"In connection with this Stalin said: 'Can we count on it that the international organization will function effectively enough? It will be effective if the great powers that bore the greatest burden of war against Hitler's Germany continue to deal in a spirit of understanding and harmony. It will have no results if they offend against this essential condition. The Crimean conference was an example of unity and understanding.'

"The basis of the international security organization is permeated by the same spirit. The possibilities of the effective functioning of the international organization are at hand. The conference can begin its work in a favorable atmosphere.

"The concerted strategy of the Allies is bringing great results on the battlefields. We can hope that this harmony will bring similar results on the field of diplomacy, too."

EXCLUSION OF POLAND HAS NO LEGAL JUSTIFICATION, PRESIDENT BIERUT INSISTS

NEW YORK, April 4 (AP)

BOLESLAW DIERUT, president of the Soviet-sponsored Polish provisional government in Warsaw, declared yesterday that "the decision to exclude Poland" from the San Francisco conference "cannot be justified on legal grounds."

Bierut's statement, quoted by the Polish home radio in a broadcast heard here, was made at a meeting to commemorate creation of "Danzig province" by the Polish provisional government and appealed "to the conscience of the statesmen who have taken the initiative in calling this conference."

Second Peace Parley Viewed As Possibility

Connally Suggests One to Be Held Before Japan Falls.

By JACK BELL

WASHINGTON, April 4 (AP).

SENATOR CONNALLY (Dem.) Texas, suggested today that two peace conferences instead of one may draw the map of the future world.

Connally, chairman of the Senate Foreign Relations Committee and a delegate to the San Francisco United Nations conference, said an early victory in Europe may hasten a peace meeting before the war against Japan is won.

Noting that Russia is not now a participant in the hostilities against Japan, he said he felt time might be gained in placing in operation a proposed peace-keeping league if Europe's political problems are threshed out quickly.

Russia's Bid in Doubt.

The fate of Russia's bid for three votes in the general assembly of that league remained in doubt, meanwhile, following State Department disclosure that the United States will seek only one while supporting the Soviet request.

Apparently this question will be laid before the assembly commission at San Francisco. This commission is one of four to be created when the temporary organization is formed under the direction of the four sponsoring nations, the United States, Great Britain, Russia and China.

Predictions were made freely on Capitol Hill that the Russian claim eventually will be denied, but members of the American delegation said they felt they were morally bound by President Roosevelt's promise to Premier Stalin at Yalta to support the Soviet position.

Senator Ball's Reaction.

Senator Ball (Rep.), Minnesota, said he thought this Government would gain in influence with other nations—particularly the small ones—for declining to seek any advantage in an assembly that will be the forum for the world's aches and pains. "I think it will make some friends for us," he said.

Senator Pepper (Dem.), Florida also thought the question of influence was more important to preserve the Dumbarton Oaks principle of sovereign equality of all nations.

To Senator La Follette (Prog.), Wisconsin, a leading critic of administration foreign policies, Secretary of State Stettinius's announcement yesterday "makes a bad situation worse confounded."

Senator Wherry of Nebraska, the Republican whip, commented that if the Russians didn't like the way things were developing and decided not to go to San Francisco, the conference ought to be held anyway. Stettinius made it clear in his announcement that there are no plans for postponing the San Francisco meeting.

Senator Taft (Rep.), Ohio, said he thought the United States should insist that the Russians be given only one vote. "Three votes for them is absolutely in violation of the Dumbarton Oaks agreement," he declared.

To Senator Johnson (Rep.), California, bitter critic of the administration's foreign policies, the possibility that Russia might have more votes than the United States was distasteful. "I don't see why Stalin gives us even one vote," he observed.

Senator Moore (Rep.), Oklahoma, remarked that he thought the decision "is consistent with the administration policies of giving everything away that they can."

Stettinius wrote Taft today that he is confident "a fair solution will be reached" by a three-nation commission on composition of a provisional Polish government.

Taft had urged that this Government "refuse approval to any provisional government which is predominantly under the influence of the Russian Government or is not proportionately representative of the Polish people."

SPY POST NEAR GIBRALTAR RAIDED BEFORE F.D.R. PASSED

CEUTA, Spanish Morocco, April 4 (AP).—A Nazi spy-post overlooking the Strait of Gibraltar was wiped out eight hours before President Roosevelt's ship, on which he was returning from the Yalta conference, passed through the strait in mid-February, it is learned on good authority.

The post was said to have been raided by American officials with Spanish assistance, spoiling Nazi plans for tipping off waiting U-boats.

(Previously published accounts of the President's homeward voyage said German submarines were known to be prowling around the Strait of Gibraltar and his convoy knifed through at 30 knots.)

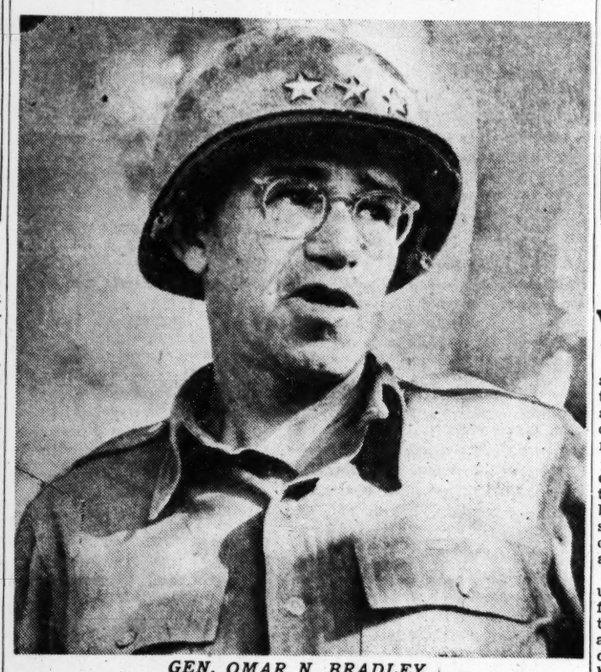

Debt Limit Bill is Signed.

WASHINGTON, April 4 (AP).—President Roosevelt has approved legislation increasing the public debt limit from 260 billion dollars to 300 billion.

The White House said today that the President signed the measure yesterday.

Bradley, 'A Lincoln in Uniform,' Directs His Armies From Palace

GEN. OMAR N. BRADLEY

General Unchanged by Success and Magnificence, Retains 'Old Shoe' Personality of Moberly Days.

By HAL BOYLE

TWELFTH ARMY GROUP HEADQUARTERS, April 4 (AP).

GEN. OMAR NELSON BRADLEY has come a long way from the central Missouri railroad town of Moberly as he sits in his present headquarters in a palace directing the forward thrusting American armies in the Battle of Germany.

Over his shoulder stare the plaster busts of the three last monarchs of Belgium, whose tiny but progressive country was liberated by troops fighting under this tall, lean army group commander from the "Show Me" state.

At 52 years of age, Bradley is in the curious position of being perhaps the United States' most proven field general, yet he is relegated to a job that ordinarily ties him to a desk far from the battlefield where he would prefer to be.

Bradley a Rare Leader.

In Tunisia and in Sicily, as a corps commander, Bradley demonstrated tactical talents not excelled by any subsequent combat leader. None who came after him has exceeded his masterful record—the "last roundup" in northern Tunisia, in the taking of Hill 609, the cracking of the German line at Troina in Sicily, the long, swift, hard march to Messina and the Normandy conquest.

But in the long term strategy of international war there are jobs even more important than those of corps or army commanders—and there are few men who have the talent to fill them. Good division commanders are rare, corps commanders are even more rare, army commanders are still scarcer—and fine group and overall commanders like Bradley and Field Marshal Barnard L. Montgomery are few indeed. They must plan strategic objectives weeks and months ahead and get able but temperamental subordinates to pull in harness together.

Bradley, who looks and acts like a kindly country doctor, happens to be doubly gifted. He is stern enough to drive and direct troops to victory in the white heat and agony of battle and he is diplomatic enough to channel the high abilities of highstrung army commanders to a common purpose and mutual goal. He is the nearest thing to Abraham Lincoln in uniform that the American Army has produced.

Tact and Simplicity.

He has the elemental qualities of goodness, good will, tact and shining simplicity. With that farmboy simplicity goes shrewdness, judgment and a particular psychological insight one ordinarily doesn't connect with the professional soldier.

Bradley is the least changed man by success I have ever met. He leads the same quiet, semi-Spartan existence he did when he first went into the field in Tunisia.

Temporarily his surroundings border on the magnificent. His home-for-the-moment happens to be a splendid gold room in a palace with electric wall lights cupped in decorative Cupid's hands and soft-rugged floors, but he retains the same homely "old shoe" personality ingrained in him since birth. His old neighbors from Moberly might stare a little at the furnishings but after 10 minutes visiting with the General they would say with the same pride they have in another Missouri son—"Blackjack" Pershing, "Well, he's the same old Omar."

Praise for Patton.

I called on Bradley the night the announcement was made that his Third Army under Lt. Gen. George S. Patton had stormed across the Rhine, joining Lt. Gen. Courtney H. Hodges' First Army which earlier had forced this great river barrier by opportune seizure of the Ludendorff bridge at Remagen.

Bradley was jubilant over Patton's bold stroke and praised him highly. He stayed up until almost midnight that night—he is an early riser—talking over old times in Tunisia and Sicily and discussing the windup campaign in Germany.

His mess sergeant had managed to obtain some fresh oysters for the General's chow that night to celebrate the crossing of the Rhine by a Second Twelfth Army Group and everybody enjoyed them but Bradley, who passed them by in favor of two dishes of ice cream for desert.

"The General is allergic to shellfish," one of his aides explained.

GREECE TO TRY PATRIOT FOR KILLING OF ITALIAN POLICEMAN

The Chicago Daily News-Post-Dispatch Special Radio. Copyright, 1945.

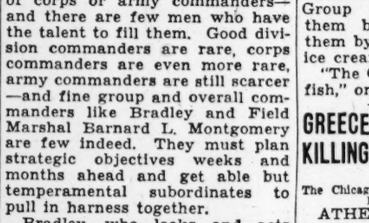

ATHENS, April 4.—Greece is an upside-down country, politically and economically.

It is the only country where partisans, who fought the Germans, are being tried for acts of violence. A new high was reached here when one Zaimis, formerly Republican leader on the island of Samos, was indicted for murder. The murdered man was an Italian gendarme.

Greeks who have been receiving money from America, are trying to find a way to return it. A dollar brings 250 drachmas in the black market, only 150 in governmental exchange, which alone is legal. Not unnaturally, the Greeks are unwilling to be in debt at an unfavorable rate.

Landing Pyle Dreads Proves Almost a Picnic

No Jap Resistance, No Dead on Beaches, Turkey Wings for Lunch.

By ERNIE PYLE

WITH THE MARINES ON OKINAWA BEACHHEAD —(by Navy radio).

YOU wouldn't believe it. And we don't either. It just can't be true. And yet it is true.

The regiment of marines that I am with landed this morning on the beaches of Okinawa and were absolutely unopposed, which is indeed an odd experience for a marine.

Nobody among us had dreamed of such a thing. We all thought there would be slaughter on the beaches. There was some opposition to the right and to the left of us, but on our beach, nothing, absolutely nothing.

We don't expect this to continue, of course. A marine doesn't fool himself like that. Certainly there will be hard fighting ahead and we all have our fingers crossed. But to get the firm foothold we have, with most of our men ashore and our supplies rolling in, is a gift for which we are grateful.

* * *

Easter Costume.

THIS is Easter Sunday morning. It is a beautiful one. One of the marines, after spending months in the tropics, remarked a while ago, "This weather feels more like American weather than anything since I left home."

It is sunshiny and very warm. We had heard it would be cold and many of the boys wore heavy underwear. Now we are sweating and regretting. I wore two pairs of pants, but I am about to take off one of them.

We are dressed in green herringbone combat uniforms. Everybody made the trip in khaki and changed this morning aboard ship. The men left their old khaki lying on their bunks and they'll be collected by the Navy, cleaned and used to clothe prisoners and our own casualties who have lost their clothes.

On our ship we were up at 4 a. m. We had done our final packing of gear last night. We brought ashore only what we could carry on our backs. When

Top U. S. Military Officials Plan For 18 Months to Two Years More Of Fighting Japs When Nazis Fall

Army Ready With Reorientation Films and Literature to Prepare Yanks in Europe for Pacific — Many in Services Will Mark Time.

(SECOND OF FIVE ARTICLES.)

By ELTON C. FAY and JOHN M. HIGHTOWER

WASHINGTON, April 4 (AP).

THE Army is counting on a movie to tell the G. Is. finished with fighting in Europe why the battle isn't over—why many of them must still shoot it out with the Japanese.

When the troops headed off for the European front, they saw motion pictures, heard lectures, read pamphlets by the sackful explaining the Nazi, his ideas of conquest and how he fought. The Japanese were mentioned more or less incidentally.

Now the Army must educate those soldiers going directly from Europe to the Pacific to aim their hate at a new enemy. Furthermore, it must keep their spirits up for weeks or perhaps months until they can be moved to the Pacific area.

The biggest morale problem of the whole war looms in this interlude between victory in Europe and the launching of the final offensive in the Pacific.

Elaborate Program.

The Army hopes it has the answer to its own problem in an elaborate program. This program embraces training for the Pacific task—and travel, education and play besides. It is tailored to fit troops. The interest of the Army, however, must extend to the home front and the men and women who make munitions.

The task was easier at the time of Pearl Harbor. The nation was under attack. The national psychology was a mixture of fear and anger and that gave impetus to the war effort.

Now this nation is almost three and a half years deep in war. Some troops and workers are perhaps a little bored. Others are weary. All are concerned about resuming more normal lives.

On top of all this, Germany is about to be defeated. Many, perhaps most, of the G. Is who have helped defeat the Germans feel they have done their part and should come home. Yet the top Army men who are authority for this and other articles in this series are planning for a Pacific war lasting 18 months to two years after Germany goes down.

The business of telling the G. Is that most of them aren't through with the Army is going to be difficult.

Reorientation Film.

The Army intends to move swiftly. Copies of its "reorientation" film are ready for projection to every troop unit in Europe, to be shown to the soldiers almost at the moment they cease firing.

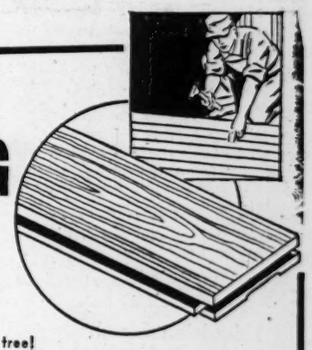

The printed word will follow in the form most familiar to the G. I.—the pocket-size pamphlet. Lectures and roundtable discussions will be encouraged. These the G. Is don't like, having listened to them for upward of three years.

There is in this project a matter of timing. The reorientation can't be started too soon. Commanders in Europe want to keep the attention of their men riveted on beating Germany, until that chore is done. Afterward, however, there must be no time for worry or uncertainty over the future.

Many thousands of soldiers will spend several months in Europe and then be started out directly for the Pacific theater. They won't have the lift of a furlough at home and they won't have the tension of battle to help them forget all else. Some will have to service and repair weapons for the Pacific. The military duties of most

LETTERS FROM THE PEOPLE

Import of Craftsmanship

To the Editor of the Post-Dispatch:

Uncle Sam has grown somewhat fat, but he does not intend to be cast in the role of Santa Claus. Of course, he intends to help the hungry and backward peoples of the world, but he expects something in return.

This fact has been reiterated by our leaders of both parties until it has almost become part of our national policy. But it seems, also, pretty well recognized that there is nothing that the rest of the world has that we need or want. Aside from bananas, tea and coffee, we are pretty well self-sufficient.

However, there is something that we Americans need in exchange for our food, shoes, automobiles and machine tools; but we are not conscious of the need. Our need is for articles of hand manufacture. We Americans have lost our feeling for craftsmanship. If we could trade our goods in the rest of the world for art objects, these things could be placed in our schools as aids in visual education.

Wood-carving from India, porcelain from China, prints from Japan, textiles from Guatemala, placed in a hundred thousand schools would not only be aids in teaching geography and a wider world outlook. They would also help develop a feeling for personality in man's work. We give much lip service to individualism, but it is going to be hard to preserve in a world regulated entirely by machines.

The only group in the United States still capable of artistic craftsmanship is our Indians. Their jewelry, rugs and pottery have been coming into favor with white Americans in late years. Increased tourist trade to Mexico has awakened an interest in the folk art of that country, with more friendly relations as a result.

The world owes us for lend-lease. Why not cash in for art that would not take work hours away from anyone, but would rather increase the potential for someone, somewhere?

PHIL GRONEMEYER.

Visions of Grandeur

To the Editor of the Post-Dispatch:

Shortly after the war's end, heavy industry will develop St. Louis into a far greater city than New York. Fear of flying weapons will do that.

Ocean-going ships will tie up at Ferry street, and huge modern apartments will rise where our slums now lie. Gas heat will eliminate smoke. The packing houses and soap factories' evil smells will be barred, and the county and the city will become one great, busy industrial metropolis.

What Mayor is equal to handling that?

LAWRENCE E. SMITH.

Education for Germans

To the Editor of the Post-Dispatch:

The time to begin the prevention of another world war is now. And the only way is education. (Admittedly, I write from a city which doesn't yet know how to select a good School Board, and from a country which provides miserable educational facilities for a large portion of its population, the Negroes and "poor whites.")

As the war in Europe draws near its close, it becomes obvious that we must assign selected officers and men with known ability to speak German and to teach, to the vitally important job of civilizing Nazi youth; begin a campaign of education in our camps for Nazi prisoners, as the Russians have already done, and immediately on cessation of military action, send large numbers of Nazi youth into other countries to learn the vicious falseness of the German propaganda.

Only the truth can make men free.

Tribute to a Hospital

To the Editor of the Post-Dispatch:

My small son recently spent nine days in the Isolation Hospital. Thanks to the prompt, efficient treatment, he recovered in little over a week from a painful streptococcus infection which could have lasted much longer with serious consequences.

The patient and his parents were treated with the utmost courtesy sometimes not even given in private hospitals. Such an organization should have much credit and recognition.

The Price of Implements

To the Editor of the Post-Dispatch:

The letter from "A. M." regarding his opportunity, in 1893, to buy an American grain binder in Germany at less price than in this country, seems to assume that one swallow makes a summer.

To cite an isolated case which may have happened 52 years ago is hardly as convincing as the comprehensive, up-to-date report of the Federal Trade Commission, which compares scores of price quotations, in most cases lower here than in Germany and other countries.

Fifty-two years later it is, of course, difficult to know the reasons which may have prompted the German dealer to offer A. M. such a bargain. He may have picked up some "distress" machinery, of which there was plenty in 1893, if business statistics of that year are accurate.

FARM MACHINERY AND EQUIPMENT, by Arch S. Merrifield, Editor.

Why Kaufmann Won

It is a tribute to the good judgment and political know-how of St. Louis voters that Mayor Kaufmann was re-elected yesterday by the largest majority ever given to a mayoralty candidate in this city. Yet the total vote was the smallest in 24 years. How remarkable a victory it was may be gauged by the fact that it was considered a political sensation when William Dee Becker beat former Mayor Dickmann by nearly 36,000 votes in 1941. Kaufmann's plurality of 54,512 actually exceeded the total vote cast for Chadeayne.

Yesterday's result is a sequel to the extraordinary victory of Kaufmann over Patrick Burke last November. Although President Roosevelt carried St. Louis by 70,000 votes, the Republican Kaufmann won by 28,000. That meant that 47,000 Roosevelt voters split their ballots in favor of the Mayor. Such discrimination by St. Louis voters was history-making.

* * *

Since the November election, it was disclosed by this newspaper that Sheriff John F. Dougherty, foisted on the people by the local Democrats, was a partner in the notorious Hyde Park gambling club and has been an associate of gangsters and gamblers for a generation. Moreover, upon entering office, he surrounded himself with deputies who have police records. Some of these were belatedly fired by the Circuit Judges after these same Judges had first approved them. The lack of vigilance of these Judges should be remembered when their names again come before the voters.

Under all the laws of party responsibility, the local Democrats should never have countenanced the candidacy of either Burke or Dougherty. But the fact is that the party has become rotten to the core. Egan gangsters, who created a reign of terror a generation ago and served long terms in prison, have come back to town and muscled into the Democratic party. In 1940-41, the local Democrats—including Bennett Clark, Dickmann, Hannegan and others—took part in or failed to disavow the notorious attempt to steal the governorship for Larry McDaniel.

* * *

When the people went to the polls yesterday, they must have had two images in mind. One was the good record of Mayor Kaufmann. The other was the low estate into which the local Democrats have fallen. The Democrats, at the eleventh hour, persuaded Henry Chadeayne to accept the mayoralty candidacy. It is true that Mr. Chadeayne is a citizen of high type and good character who has been useful to the community in various ways. But all of Mr. Chadeayne's fine qualities—even his championship of the popular MVA—were of no avail. The voters knew he was merely a facade for a gang of desperate and discredited politicians. They knew that Rat Alley Dougherty was still in the Sheriff's office, and that he—not Chadeayne—typified the level of the party organization.

Mr. Chadeayne did the best he could with the limited materials at his disposal. But the fact is that Mayor Kaufmann, in his tenure as Mayor, left him no real opening for attack. There was no real issue that Mr. Chadeayne could get his teeth into. In his search for such issues, his political inexperience led him from one front to another. He started out by complaining about so minor a thing as chuckholes in the streets and he ended up by vainly attempting to make a local issue out of what is essentially a national issue, namely, MVA.

We think the local Democrats owe Mr. Chadeayne a very great debt. He never had a ghost of a chance to win, but he offered himself as a sacrificial lamb, and he saved the local Democrats from the possible humiliation of offering no contest at all. We trust Mr. Chadeayne's defeat is the beginning rather than the end of a fight to clean up the Democratic party. We trust that he, Russell Dearmont, Sam Liberman, Ray Tucker and other men in the upper level of the party will now begin the hard and tedious task of cleaning it up. They will have to start in the precincts and build a new foundation, if they are to succeed. The work will be drudgery and will have none of the theatrical thrills of a campaign, but it can and should be done.

* * *

Meantime, Mayor Kaufmann, a political accident when he first entered office, has now before him a full four-year term. He has had to be concerned with politics in the last year. He has had to go through two primaries and two elections. These necessary distractions have been disposed of. He is free now to make a great record as Mayor. He has no real political obligations to anyone but the people of St. Louis. No political boss put him into office. He won his spurs himself and no one can knock on his door and demand favors.

We hope the Mayor doesn't let two unusual successes at the polls go to his head, as well they might in a vainer man. He has got a back-breaking job before him to carry the city through the problems of wartime and to prepare for the postwar shocks that are sure to come. He will need all of his common sense, his balance and his coolness in the days ahead. St. Louis expects much of the man it has so highly favored.

BERLIN BELLS

—From the Baltimore Sun.

A Bitter Lesson for St. Louis

A smashing object lesson that shows why St. Louis is desperately in need of a new and sensible system for choosing Board of Education members was delivered by the results of the voting yesterday.

A more discredited, less competent batch of successful candidates could scarcely have resulted if the names had been picked blindly out of a hat.

Note the records of the men chosen to manage the affairs of the public school system for the coming six years:

Frank P. Nagel, school custodian, former masseur. His nominating petitions contained so many fake signatures that the Election Board put him off the ballot, but Nagel got back on it by means of legal technicalities. This man was disqualified even to be a candidate, let alone a board member, yet he is elected through labor support, delivered for no other reason than his union activity. His title to a seat on the School Board is saturated with fraud.

J. Harry Pohlman, lawyer and board incumbent. He is one of the members accused, in former Comptroller Lee's report, of violating the board's anti-patronage rule, and has never been cleared, though the board in secret session whitewashed itself. Pohlman, as board president, supported secret committee sessions.

James J. Fitzgerald, undertaker and incumbent. Another involved in the patronage scandal, also an advocate of secret sessions.

Dr. Francis J. Sullivan, dentist and incumbent. Also in the patronage group, and a supporter of board secrecy.

Elmore F. Putney, feed company executive. Elected without opposition to unexpired four-year term. Opposes secrecy, favors married women teachers and has made a good record on the board since his appointment by the Mayor on advice of a special committee.

Every one of these members, it should not be forgotten, had fake signatures on his nominating petitions. And it should be noted that Putney, best of the lot, was named to the board through a special panel similar to that provided in the board reform plan now under discussion.

There were 10 names on the School Board ballot. The voters could not inform themselves on the qualifications of so many candidates. The winners were the men whose names were familiar through previous board membership and one who had organized labor support.

Is this a sensible way of choosing persons to administer the school system of this city? Yesterday's results prove that it is a dangerous and irresponsible way.

Those results ought to stimulate new interest in pushing the proposed reform in the election system: appointment by the Mayor from a list prepared by a panel of outstanding citizens, followed by approval or rejection of each by the voters after he has been in office for two years.

A powerful argument for this plan is provided by the bitter lesson of yesterday's election. How long before argument leads to action?

Action by the State Supreme Court

Missouri's new Constitution has been in legal effect for less than a week, yet the State Supreme Court has already acted to carry out some of its judicial reforms and is about to appoint committees to draft recommendations for implementing others.

The provision for which rules have been adopted is sure to improve the efficiency and reduce the delays of justice in Missouri. This is the section providing for temporary transfer of Judges; that is, the assignment of a Judge whose docket is clear to a court with a mass of business before it. Another important step, to follow soon, is the making of new rules for criminal and civil procedure. This means a reform that has been sought for years but which has been blocked by obstructionist lawyer groups.

The Supreme Court's immediate beginning on the duties outlined in the new Constitution is a welcome example for the Legislature. It, too, should be tackling the big job of improvement and reform which the voters have approved.

That Reward for Roatta

The charge that the American soldier is unconcerned about European politics is not borne out in the case of Sgt. Stuart W. Mathes of Hartford, Conn. He not only knows full well what it means when a top Fascist like Gov. Mario Roatta, former Italian Chief of Staff, escapes by the aid of obvious connivance, but he is willing to sacrifice his own possessions to the extent of 2,000,000 lire ($20,000) for capture of the notorious war criminal.

Sgt. Mathes' reward offer may not be strictly in accordance with Army regulations, and it certainly carries idealism to a considerable height, but it casts a needed spotlight on the failings of the present Italian Government. Roatta, while on trial for his crimes as a Fascist, walked out of an Italian Army hospital, after the guard has been relaxed when the prisoner promised he would not try to escape. The Government offered a million-lire reward, which looked too small to Sgt. Mathes, so he offered double the amount on his own.

Sgt. Mathes' comrades are contributing to his fund, so he won't be out the whole 2,000,000 lire, if and when Roatta is recaptured. But his gesture has shown the need for Allied vigilance against Fascist sympathizers who are still holding influential posts, and for a stronger Government than Bonomi has been able to provide.

Aspirin for Hannegan

If Bob Hannegan has a headache today, we hope someone will kindly pass him the aspirin. Of course, he is entitled to a headache, as well as to the aspirin. As chairman of the National Committee, he is the No. 1 Democratic politico of the nation. He is supposed to have the magic touch. Hannegan came to town 10 days ago and has been working night and day for the Chadeayne candidacy—and now look at the darn thing. It was the same way when Hannegan handled the Dickmann candidacy in 1941.

Hannegan's career is a funny one. He can't bat the size of his hat in the minors, yet he's cleanup man in the major leagues.

Reprieve for the FSA Families

The prospect of kicking 580 Southeast Missouri farm families out of their homes doesn't appeal to the Farm Security Administration, even though it has been ordered by Congress to liquidate the 10 housing projects where they live. Advertising for bids on the property has been held up for a few weeks "to see if there are any developments in Washington."

The indication that this wholesale eviction isn't a pleasant prospect for the agency concerned ought to stimulate action in Washington, where remedial legislation is being planned by Senators Briggs of Missouri and Langer of North Dakota. Is it too much to expect that this development will also arouse Senator Donnell to the point where he will agree that maybe somebody ought to do something some time to save these 580 needy Missouri families from eviction?

Russia Goes Too Far

The Mirror of Public Opinion

Hard to believe that Stalin, well-informed and far-seeing, doesn't know enough of American politics to realize that the American people couldn't swallow a simon-pure Lublin representative at San Francisco, paper says; there IS a limit, and world should know it.

From the Philadelphia Record

Among the best of friends there is a point where one must say "No!" when the other asks too much.

Britain and America have said "No!" to the Soviet demand that the Lublin Polish regime be permitted to send a delegate to the San Francisco Conference.

There was no other answer they could give.

A previous similar request by the London Polish regime had been turned down. More important, the Big Three agreement at Yalta, that the Lublin regime would be broadened to include other Polish leaders on a democratic basis, has not been fulfilled.

As for the Soviet contention that she consented to representation at San Francisco of nations whose governments she does not recognize, such as Paraguay and Liberia, it begs the question since there is no controversy over the governments of Paraguay and Liberia, but there is a controversy over the Government of Poland.

So the answer had to be "No!"

We hope our State Department sticks to it.

Refusal Should Breed Respect

That goes even if it means postponing the San Francisco parley.

We are not sure, however, that such a consequence will follow. We have a feeling that Russia will respect us more for saying "No!" when we mean "No" than if we kept saying "Yes," "Yes," as we have so often in the past.

There was a classic example of Soviet respect for blunt diplomacy in Moscow's reaction to Adm. Standley's brusque charge that the Russian people had not been permitted to know the extent of United States lend-lease aid. Within 24 hours, the Soviet radio was telling the Russian people the full extent of United States lend-lease aid.

On the other hand, if our refusal to welcome the Lublin Poles means Russian absence from San Francisco, then we might as well know now as later that Yalta did not sufficiently prepare the ground for a world organization along the lines projected.

We doubt that Stalin is purposely seeking grounds for Soviet withdrawal from the San Francisco Conference, as some suggest. After all, that parley will consider only the framework of a world order. It will not discuss peace terms, boundaries, the Polish question or other controversies.

No Taste for Piroshki

Yet it is true that Stalin is an immensely well-informed man, able, shrewd and far-seeing. It is hard to believe that he does not know enough of American politics to realize that while our people will probably agree to the Yalta Pact on Polish boundaries, in the light of the promised democratization of the Polish regime—

The American people could not swallow the sending of a simon-pure Lublin representative to San Francisco.

Such a step, even if agreed to by our State Department, would jeopardize the prospects for Senate approval of the pact for a world order which San Francisco is to evolve.

The United States and Britain have leaned over backward to demonstrate their desire for close and friendly relations with Moscow. They have conceded point after point.

But there IS a limit. The world might as well know that now.

The Russians make a tasty little pastry called piroshki.

It consists of a little bit of meat surrounded by a lot of crust.

Moscow's bid for the Lublin Poles looks like a piroshki.

An Appraisal of Lewis

From the Milwaukee Journal

We are pleased to present below one of the strongest editorial condemnations of wartime strikes that has come to our attention:

"Such labor leaders as John L. Lewis, who organizes and leads strikes, or his admirers and imitators who encourage or wink at strikes, directly hinder the people's fight for victory. They, who would not dare themselves to shoot American soldiers, are willing to handicap them so that the enemy can kill more of our men.

"Our soldiers are angry at strikers, and they are right to be angry at anyone who stabs them in the back. The American people . . . are angry, and rightly so.

"It is no excuse for John L. Lewis, or for such leaders as trail after him, to say that they are thinking of the interests of their people.

"John L. Lewis betrays the first and greatest interest of his membership. He sells out their stake in their country's victory; he betrays their interest in the lives of their fighting sons. So do all who would imitate him."

Lest the reader think that this statement comes from an irate employer or coal operator or the NAM, we take pleasure in pointing out that it is quoted from the leading editorial in a recent issue of a labor union newspaper—the UE News, official organ of the (CIO) United Electrical Radio and Machine Workers of Ameica.

New Novel by Booth Tarkington Shows His Sure-fire Technique

"Image of Josephine," by Booth Tarkington. (Doubleday, Doran & Co., Garden City, N. Y.)

Mr. Tarkington's new novel is an excellent demonstration of the qualities that have made him popular.

These are, first, surety of narrative technique; second, a perfect clarity in the statement of the problem, so that no reader of reasonable intelligence can be a moment in doubt as to the motives of either the characters or the author; third, a simplification of complex characters and complex motivations so that even the least attentive reader can grasp them; fourth, a willingness to admit improbabilities into the story, knowing that few people will object to them, and that even critics will cast a kindly eye upon them if they illustrate a fictionally interesting problem.

* * *

If there is condescension in such a summary, it is there not because of contempt for Mr. Tarkington's present gifts, but because these gifts alone are not enough to produce that sort of first-rate fiction which so well justified his great early reputation.

The idea of Josephine Oaklin, a girl reared to esthetic snobbery, contemptuous of other people's ideas, gradually, through a series of emotional climaxes, entering a period of self-examination, is a good idea. But Mr. Tarkington satisfies himself and his magazine-reading public (who read this book under the title of "Lovely Hellion") by depicting Josephine's emotional climaxes from without.

Like an actress, Josephine goes through the motions required, and the author then tells you whether she has felt the emotions or not; he is not willing to risk the misunderstandings of complete objectivity.

* * *

He does a better job on Lt. Bailey Fount, the war hero; a case of war neurosis assists him here, because it helps to explain otherwise inexplicable conduct. But there is more than this: Fount's neurosis is rather well presented, and the sympathy of reader with character is deliberately and subjectively aroused.

Some of the minor characters are vivid, but they are in the main pictorial and external.

The story deals with artists and their patrons, and is chiefly set in a great endowed art museum. There is a good deal of conversation about art, from which one gathers that Mr. Tarkington is a conservative in such matters, a fact which should surprise no one and offend no one. The conservative we have always with us, and perhaps on the whole he is less harmful than the faddist. In regard to the latter, Mr. Tarkington gives us some amusingly eruptive conversation.

Skillful Novel With a Letdown

"The Ballad and the Source," by Rosamond Lehmann. (Reynal & Hitchcock, New York.)

Mrs. Jardine, central figure in Miss Lehmann's new novel, is a shrewd, captivating and floridly eloquent English matriarch who dominates, or tries to dominate, everybody within reach. Her history and that of her ill-starred family are told through the impressions of a young girl neighbor who pieces the story together from her own observations and the reminiscences of others.

This method makes for suspense, and the author is skillful in her creation of atmosphere, character portrayal and story-telling ability. However, the elaborately built-up structure and the high tension at last prove to be overdone. Cheap devices intrude, loose ends of the story are left dangling and the final effect is a letdown for the reader.

WALTER LIPPMANN

Problems of Victory in Europe

THE way in which Germany is going down to defeat will bring about a condition of affairs which has no precedent in the settlement of other great wars. When Napoleon fell, a legitimate government replaced him and was able to participate at the Congress of Vienna in the settlement of Europe. When the Kaiser fell, a German republican government came at once into power. But Hitler can have no immediate German successor. There can be no German Government because none will exist, and therefore, willy-nilly, the victorious Allies have to govern Germany.

The Allied Military Government, which is to be established in what is left of Berlin, will have at the top a council or commission of four military commanders—British, Soviet, French, American—and each will have a deputy. Below them there are to be 10 executive divisions corresponding to the 10 departments of the central Government.

Victors Must Take Over.

Except the one dealing with political affairs, which is to be headed by Allied civilian officials, each of these divisions will be directed by a group of four Allied officers. The operating departments under each of these Allied control groups will be manned by Germans, de-Nazified, it is hoped, as far as possible.

The policies of the Allied Military Government will be determined by the Allies—in political matters through the mechanism of the European Advisory Commission, in economic through the Reparations Commission, and over-all no doubt through continued diplomatic consultation in London, Moscow, Paris and Washington, supplemented by regular meetings of the foreign ministers and occasional meetings of the chiefs of state.

Some such arrangement as this is unavoidable. Since Hitler has succeeded in making it impossible for Germans to take over, the victors have to take over, and they had only two alternatives. The one was to carve up Germany into four zones and let each occupying power govern as it sees fit in its own zone.

Combined Allied Government.

The other was to make the experiment of a combined Allied Government which would, at least as respects national affairs, apply the same policies throughout Germany. For all sorts of reasons, paramount among them the perpetuation of Allied unity, the cumbersome and complicated system of a combined Government has been decided upon.

It would, of course, be enormously difficult for any one under any conceivable system to govern Germany effectively after 12 years of Nazism and five years of war. The condition of Germany is so abnormal that we must not be tempted to judge the Allied Government, much less allow the Germans to judge it, by normal standards.

The object of the Allied Government is not to provide the Germans with a good government which they will like, but to disarm them, to demilitarize them, to punish their criminal leaders, to make them repair some of the damage they have done, to force them to reorganize so that they cease to be economically predominant in Europe, and in their reduced station to learn how to govern themselves in a way that is harmless to their neighbors.

To carry out these purposes resolutely over a number of years the Allies most directly concerned are not sufficiently organized. The fact that there is no generally recognized Polish Government is the most conspicuous illustration. For until there is, the new Polish state can have no settled frontiers and Poland—though it is Germany's largest immediate neighbor in the east—is unable to participate in making the decisions about Germany which Poland must participate in enforcing.

The Problem in the West.

But the Allied situation in the west, though different, is also gravely defective. Not Britain alone, not France alone, certainly not Belgium and The Netherlands alone, can administer the German control from the west, and it is high time that these governments concerted their political policies and recognized their common regional responsibilities.

Moreover, they cannot hope to rehabilitate themselves successfully, and to solve the German economic problem constructively, if they act separately. The demilitarization of Germany must mean that several great industries are removed from Germany and transplanted into other European countries.

These industries, though vital to Germany in war, have also been essential suppliers of civilian goods to many European states. It is, therefore, not enough to remove them from Germany. It is equally important to make them going concerns as promptly as possible outside of Germany. For we must not kill the goose that laid the golden egg. We must move her to a new nest.

MARQUIS CHILDS

Soviet Suppression of News

ON the basis of my own experience, I should say that political censorship of the news out of Western Europe is negligible. Occasionally it is invoked to protect the feelings of allies in the war. But such instances seem to be rare.

In Eastern Europe the story is quite a different one. American correspondents have not been permitted into countries liberated by Soviet armies. Briefly they were allowed in Bucharest, but Soviet censorship there made it impossible to write more than obvious impressions.

Severe Yugoslav Censorship.

In Yugoslavia, during a brief stay, I encountered a political censorship that was severe and at the same time exceedingly naive. Having written two columns summing up surface impressions, I concluded by saying that it was clear that Marshal Tito still faced very grave problems.

He is confronted with ancient racial hatreds, fanned by adroit Nazi propaganda aimed at setting Croat against Serb and Serb against Slovene. He must try to work toward the forms of democracy in a part of the world where dictatorship has been the rule rather than the exception. Granting Tito the utmost good will, it seemed to me then, as it does now, that the outcome can be determined only with infinite patience and the passage of time.

I then took my copy to the censor. He proved to be a stocky, powerfully-built officer of the Partisan army. He remained standing while an assistant read in Serbian what I had written. From time to time he made notes on the back of a match box. When the reading was finished, he requested several minor changes of information which might have been remotely connected with military security, and those, of course, were made without question. Then, however, he announced that it would be necessary to strike out the discussion of Yugoslavia's future and any doubts as to whether it would become a democracy.

Course Will Breed Distrust.

"You don't understand," he said. "Field Marshal Alexander made a speech two nights ago and he said that we had a democracy. Also he said we had achieved Slavic federation. So it must be true."

That kind of censorship grows out of insecurity. It is symptomatic of a new regime that is feeling its way uncertainly, improvising in most Government departments.

The British, with at least our tacit acquiescence, have underwritten Tito. They saw no alternative except years of bloodshed and violence. Now that he has powerful backing and is free of the fear that the Western powers might intervene, Tito should surely be able to relax some restrictions and, foremost among them, this naive censorship.

It is calculated, it seems to me, to engender suspicion and distrust where, with a free exchange of news, none need exist. That is true throughout Eastern Europe. A flood of rumors about conditions in Budapest is being dammed up behind the Russian refusal to allow anyone from the outside into that stricken city.

Conditions in Hungary's capital can hardly be more appalling than in Cologne or Frankfurt, where bombing and siege have done their worst. But in the absence of first-hand information, sinister reports are circulating about the horrors that exist in the streets of the once beautiful city on the Danube.

Russia Must Learn a Lesson.

This, it seems to me, is a lesson which Russia must learn if any real understanding is to grow up between the partners in this war. The phrase, "sphere of influence," seems logical when the Soviet Union insists on maintaining barriers around the countries occupied by Soviet troops.

Correspondents of the Soviet news agency Tass have the same opportunities to visit the Western front as any other correspondent. A Tass correspondent in a Soviet officer's uniform has all the privileges of the hotel in Paris that is headquarters for the several hundred reporters covering the war from there.

The present policy of exclusion in Eastern Europe—and the restrictions are broad enough to cover United States officials as well as correspondents—seems of a piece with the shrill criticism that emanates from such Soviet journals as War and the Working Class. At Yalta, the Big Three were reported to have discussed frankly this problem of free exchange of news. It would be good to see some tangible evidence of the changes agreed to at the end of those talks.

LT. ROBERT P. FASH AWARDED NAVY CROSS

Gets Two Other Medals as Carrier Pilot—Five Win Bronze Stars.

Lt. (jg) Robert P. Fash, 24, Navy Hellcat fighter pilot, now stationed in Atlantic City, has received the Navy Cross, the Distinguished Flying Cross and the Air Medal with Gold Star for combat operations from a carrier in the Southwest Pacific, his parents, Mr. and Mrs. Charles S. Fash, 1923 North Twenty-third street, East St. Louis, have been advised. His wife, Mrs. Margaret Mary Fash, lives in Pleasantville, N. J.

Maj. Albert A. Behnke, 41, Army Air Force chaplain, has received the Bronze Star Medal for meritorious service in connection with military operations, a Ninth Air Force dispatch announced. Husband of Mrs. Esther L. Behnke, Telegraph road and Pioneer drive, Lemay, and son of Mr. and Mrs. Albert Behnke, Route 9, Lemay, he was pastor of Lutheran churches in Russellville, Ark., and Wartburg, Tenn., before entering the service.

GARDENING PROGRAM FOR WAR WORKERS TO BE DISCUSSED

A round table discussion of a tentative program to stimulate Victory gardening among St. Louis war plant employes will be held tomorrow at 2 p. m. in Room 715 in the Chamber of Commerce Building, 511 Locust street.

A program calling for the distribution of gardening information and literature for company bulletin boards has been drawn up by the Industrial Victory Garden Committee and its chairman, Joseph R. Cosgrove, who also is chairman of the Agricultural Bureau of the Chamber of Commerce.

The program is designed to stimulate the interest of employes and management in setting aside vacant ground for gardens. All plant representatives in charge of Victory garden programs have been invited.

GAS MASK INVENTOR DIES

DAYTON, O., April 4 (AP).—Daniel Webster Schaeffer, who in 1900 received a patent on a gas mask, died at his home here yesterday. He was 80 years old.

His invention grew out of his employment in painting the inside of brewery casks. Realizing the danger from fumes, Schaeffer designed a gas mask out of a derby hat, with slits for eyes and rubber tubes at the nose to pump in fresh air. The patent was purchased by his employer and later sold to the Government. The type in use today is said to be an outgrowth of Schaeffer's "derby contraption."

ST. LOUISAN HELPED BREAK SIEGFRIED LINE

Capt. Chas. Berra, Unscathed in One Action, Killed in Another, Gets Silver Star.

Capt. Charles Berra, battalion executive officer of an armored infantry regiment, who was killed in action in Germany, has been recommended for the Silver Star for gallantry for leading a successful attack against pillboxes and entrenchments of the Siegfried Line, an Army dispatch related today.

Capt. Berra, who was the son of Mr. and Mrs. Emil Berra of 4130A Folsom avenue, drafted an "unprecedented plan of action," organized assault and support teams and led several assaults which resulted in the capture of 22 enemy positions in two days and in the breaking of a portion of the defense line, the dispatch said. Capt. Berra was unscathed in this action, but was killed in a subsequent battle.

Shoots Up Railroad Depot.

Although his plane was flying below tree-top level at 350 miles an hour, Sgt. Fred J. Arnold, of St. Louis, bomber gunner, managed to shoot up a railroad depot and yards at Butzbach, Germany, recently before enemy flak knocked out an engine, forcing the pilot to head for his base as quickly as possible, an Army dispatch said.

"In the target area I was shooting at every object in the yards," Arnold said. "The Jerries were running away from the yards in all directions." He is the son of Mr. and Mrs. George Arnold, 3979 Sarpy avenue, and the husband of Mrs. Evelyn Arnold, 4158A Flad avenue.

Two St. Louisans Commended.

Two St. Louisans, members of an engineer aviation battalion, have been commended for their work in completing Superfortress installations in the Marianas Islands, a Seventh Air Force base reported. They are Cpl. James B. oJhnson, son of Mrs. Calie Johnson, and husband of Mrs. Monyette Johnson, all of 424 West Bell street, and Cpl. Arbra Tate, whose mother, Mrs. Albreita Smith, lives at 1313 Carr street.

Pfc. Martin Seevers, son of Mr. and Mrs. Fred Seevers, 1407 Tamm avenue, is a member of the Nineteenth Engineers Regiment in Italy, which maintains roads and bridges and constructs fortifications for the Fifth Army. The unit has seen combat at Kasserine Pass, in Tunisia and at Cassino and removed enemy mine fields enabling other units to pierce the Gothic line.

PARK OPERA CHORUS FINAL SELECTIONS ON MAY 5, 6, 7

Preliminary tryouts of about 150 men candidates for the Municipal Opera's singing chorus were held yesterday by John Kennedy, production manager, and Eugene Mott, musical director.

Ranging in age from the teens to the forties, the candidates who passed yesterday's test will be notified by mail to appear again on May 5, 6 and 7 when the final selections will be made. There will be 26 girl dancers, 29 girl singers and 28 male singers.

The season commences this year on June 7 with Cole Porter's "Jubilee."

SOCIAL ACTIVITIES

MRS. C. OSCAR LAMY, 1 Forest Ridge, will depart today for a week's stay in the East. Going first to Short Beach, New Haven, Conn., she will be the guest of her daughter, Mrs. William Bryan Lytton Jr., for several days. Mrs. Lytton and her young daughter, Patricia, took a cottage at Short Beach to be near Lt. Lytton, an Army Medical Corps officer, during his New Haven assignment. They are now preparing to return to St. Louis, since Lt. Lytton has been transferred to Dam Neck, near Virginia Beach, Va. They will be with the Lamys for the duration of the war.

From New Haven Mrs. Lamy will go to New York, where she will spend the remainder of her visit as a guest at Hotel Pierre. There she will be with another daughter, Mrs. W. Davis Gunter, whose husband, a lieutenant (jg) in the Naval Reserve, is stationed in New York. The Gunters' three children, Jane Lamy, Beatrice and Verena, have been here with Mr. and Mrs. Lamy since last autumn.

In New York Mrs. Lamy will also see Mr. and Mrs. Alexander Fraser, who returned Sunday to their home after a week's visit in St. Louis.

* * *

A visitor of the spring season in St. Louis is Mrs. Sielcken Schwarz who is the guest of Dr. and Mrs. Borden S. Veeder, 849 Kent road, Clayton. Mrs. Schwarz plans to return to her home in Summit, N. J., later in the season.

* * *

Mrs. Eric Bernays, 14 North Kingshighway, will leave Friday for Washington, D. C. to visit her son-in-law and daughter, Lt. Col. and Mrs. Daniel Cox Fahey, and their young daughter, Lucey. She will stay in Washington about three weeks and probably will go to New York to see members of her family before returning.

* * *

The first St. Louis performance of "Jacobowsky and the Colonel," which will open at the American Theater Monday, April 16, will be sponsored by the St. Louis Smith College Club. Proceeds will go to the scholarship fund of the club. Serving with Miss Jean Mitchell, president of the ticket committee, are the following Smith alumnae: Mrs. Willard Clark, Miss Laura Baumgarten, Mrs. Henry Towner Deane, Mrs. Henry N. McCluney, Miss Mildred McCluney, Mrs. Robert Martin, Miss Mary Elizabeth Patton, Mrs. William Rand, Mrs. Arthur Schellenberg and Mrs. George Williams.

* * *

Corning Pearson, radio technician, U. S. N. R., departed several days ago for Norfolk, Va., his station, after a 10-day visit with his wife and two children, Corning Jr. and Ann. Mrs. Pearson, the former Miss Marion Le Beau Davis, and the children have been with Mrs. Pearson's mother, Mrs. Kenneth M. Davis, 6366 Wydown boulevard, since last autumn, and expect to remain with her until after the end of the war. Also here for a brief stay last week was Mr. Pearson's father, Forrest G. Pearson of Chestnut Hill, Philadelphia, who returned to his home when his son departed for Norfolk.

* * *

Mr. and Mrs. Vincent P. Ring, 6464 Cecil avenue, have with them their son, Aviation Cadet Frank H. Ring, home on leave from pilot training at Carlsbad, N. M. Aviation Cadet Ring arrived in time to spend Easter with his parents.

MISS MARJORIE ALEXANDER, daughter of Mr. and Mrs. John Forsythe Alexander of Chicago, and Capt. William Richard Sugg Jr., whose parents live at 7044 Lindell boulevard, were married last night at the Church of The Holy Communion. The Rev. W. W. S. Hohenschild performed the ceremony. Vases of Easter lilies decorated the altar and standards of white snapdragon and lighted tapers were arranged before greenery in the chancel. After the marriage Mr. and Mrs. Alexander gave a reception in the Regency Room of Hotel Chase.

The bride was graduated from the Girls' Latin School of Chicago and from Bryn Mawr College. She studied singing with Mme. Rosa Raisa, former Chicago Civic Opera star, and in the summer of 1938 was the guest of Mme. Raisa at the singer's villa at San Floriano, Italy. Instead of presenting their daughter to society in 1940, Mr. and Mrs. Alexander sent a check, the amount equivalent to the cost of a debut party, to Great Britain for an ambulance.

Capt. Sugg, of the Army Engineers, was on duty in Africa and India before returning to Washington, D. C., in September of last year. A graduate of Memphis (Tenn.) Technical College and Washington University, he belongs to Kappa Sigma fraternity. Plans for the wedding, which was to have taken place in June in Chicago, were changed when Capt. Sugg was granted leave prior to being sent overseas. His brother, Thomas Maxwell Sugg, machinist's mate, first class, U. S. N. R., is at a point of embarkation.

The bride was escorted down a candlelighted aisle by her father. She wore a white satin gown trimmed with seed pearls, and a long white tulle veil held in place by a pearl Juliet cap. Her flowers were gardenias, showering from a white prayer book.

Miss Ann Crow of Chicago was maid of honor and Miss Catherine Covell of Ladue, bridesmaid. Miss Crow wore a floor-length frock of pale pink crepe, while Miss Covell was in pastel blue crepe. Both carried bouquets of spring flowers to match fresh-flower coronets. Capt. Sugg's father was best man. Ushers were R. J. Sargent and William Bergesch.

Guests from Chicago included Mr. and Mrs. Stuart Alexander, uncle and aunt of the bride, Mr. and Mrs. Thomas W. Leary and Mr. and Mrs. Arnold Woodlock.

* * *

Mrs. Carroll Gunnin and her two young sons, John Carroll and James Skinner Gunnin, will leave Friday to live in Washington, D. C. There they will join Lt. Gunnin, U. S. N. R., who has been stationed in Washington since his return from the Aleutians, where he served for several months.

For two years Mrs. Gunnin, the former Miss Margery Skinner, and her children have been living with her parents, Mr. and Mrs. Jesse Spalding Skinner, 420 Oakwood avenue, Webster Groves. This summer the Skinners hope to have their family with them in Ludington, Mich.

Southworth to Use Donnelly as Starter; Kramer Hurls Well for Browns

Card Pilot Is Pleased With His Hill Staff

By J. Roy Stockton

Blix Donnelly, whose brilliant pitching was one of the spectacular features of the 1944 world series, will be given a chance as a starting pitcher for the Cardinals, Manager Billy Southworth has disclosed. Billy was discussing pitching plans for the 1945 season and was asked who would take Lanier's place among the starters if Max answered a call from Uncle Sam.

"We'll have no shortage of starters," Billy replied, meantime scanning the list of playing talent he always carries with him during spring training workouts. "There's the list; Mort Cooper and Ted Wilks, Harry Brecheen and Donnelly. And Bud Byerly has a world of stuff this year. His knee is sound now and there's a new freedom of motion to his pitching. Don't overlook him. Al Jurisich has the stuff, too. And of course Lanier will start regularly for us until he does get that call to the Army."

Praises Mound Staff.

Southworth went on to praise the pitching staff.

"It's one of the pleasing things in this training to me," he said. "Cooper is well advanced. I don't know right now who's going to pitch in the spring series opener. It depends on who's turn it is. I wouldn't mind if it turned out to be Cooper's turn. He'll be ready. I'll tell you this much, however, I'll try to work only two pitchers in each game, one taking five, the other four innings. In these squad games we occasionally have to hold a man to three innings. That's so everybody will get some work. But baseball gets more rugged when you swing into the season. We might as well start getting ready for the rugged business."

Southworth was pleased with Al Schoendienst's outfield play yesterday as the redhead made his fly-chasing debut in a squad game. Al handled several difficult chances, enough to show he had the speed and the ability to judge drives quickly. He had difficulty with his sun glasses on one high fly and lost it in the sun. However, he was alert. He retrieved the ball quickly and threw to second base for a force play. Handling sun glasses is one thing he'll have to learn.

Jurisich Arrives.

The Gonzalez Regulars made the game another victory, 2 to 1. Lanier, Jack Creel and Stan Partenheimer pitched for the Miguels, with Cooper, George Dockins and Donnelly each working three innings for the Wares Sand Dabs. Lanier and Creel each pitched three hitless frames.

Outfielder Johnny Hopp and Pitcher Harry Brecheen called at Sportsman's Park and conferred with President Sam Breadon, but did not sign their contracts. Jurisich, delayed by illness, also arrived and is expected to be in uniform today.

Weather conditions prevented the Redbirds from workout outdoors today, so instead the squad went through an indoor drill at the North Side Y. M. C. A.

Zivic Knocks Out Villa in Eighth

SAN ANTONIO, Tex., April 4 (AP).—Cpl. Fritzie Zivic of Pittsburgh, Pa., knocked out Manuel Villa in two minutes of the eighth round of their scheduled 10-round bout here last night.

Just In Case---

Just in case Al Schoendienst is used as an outfielder, or something happens to Emil Verban, Manager Billy Southworth has fine infield insurance in GEORGE FALLON (above), last year utility man for the Cards. George can second-base with the best and fill in at almost any post in the first line of defense.

Latson and Browning Lose In A. A. U. Semifinals

BOSTON, April 4 (AP).—As the National A. A. U. boxing committeemen joyously hugged themselves over their most profitable tournament in many years, experienced critics of amateur fisticuffing today were hailing 1945's eight champions as the most capable crew crowned here since the 1928 Olympic year.

The two-night title competition ended with two of the championships held by Indian youths from Oklahoma City, 118-pound Amos Aitson and 126-pound Virgil Franklin. The other six titles were widely scattered, in Buffalo, Philadelphia, Alexandria, Va., Cleveland, Chicago and New Orleans.

Virgil Franklin, the Oklahoma City Indian, who gained the 126-pound title defeated Fred Latson of St. Louis in the semifinals.

Outstanding in the starting field of 83, hand-picked in 16 A. A. U. districts, from start to finish was Abe Lee, Chicago's 147-pound Chinese-American winner. A decisive victor in every start, Lee reached his fistic peak while battering Bill Truell, a Philadelphia Negro stationed at the Quonset (R. I.) Naval Air station, for a three-round technical knockout in the championship round.

Other skillful new titlists were 112-pound Ketih Hamilton, a 16-year-old New Orleans stripling, and Middleweight Allan Faulkner, the slugging Buffalo Negro, who overcame that division's supposedly unbeatable Stanley Shealey of Chicago, to win his title.

Sparkling in the tournament's unadulterated slugging sessions were Jetson Arnold of Philadelphia, who won the 135-pound honors with a three-pound technical knockout over James Willey of Columbus, O., Light-heavyweight Dick Nutt of Alexandria, Va., who nosed out clever Carmen Fredericks of Cleveland, in their final and Charles Lester, the 237-pound Cleveland Negro, who gained the heavyweight honors.

Lester, an 18-year-old mountain, was felled twice in the first round by the pile-driving right of Cincinnati James Brown, another gigantic Negro. The Clevelander, however, stormed back in the second round to register a knockdown for himself and then out-slugged his opponent through all of their final round to gain his gold medal.

In the semifinals, Lester gave Willie Browning of St. Louis, a terrific three-round beating and Brown topped Joseph Jackson of Philadelphia.

Totals for the two-night tournament were 13,957 attendance and $27,673 in gross receipts, about its best in two decades.

New York Favored Over Chicago Amateurs.

CHICAGO, April 4 (AP).—New York's boxers were favored today to win their first inter-city Golden Gloves team championship in a Chicago ring as 16 fighters from the two cities awaited the Eighteenth annual tournament in Chicago Stadium tonight.

If the New Yorkers win, it will be sweet revenge for the coaches who last brought a team to Chicago in 1943. That year, Chicago pounded out the most decisive victory of the series—14 to 2.

The Easterners trail Chicago, 10 to 4, in team titles won. Three times the teams tied, and New York has won but one crown in 10 years.

Pirates Hit by Draft Calls of Three Stars

NEW YORK, April 4 (AP).—The 1945 pennant hopes of the Pittsburgh Pirates, who finished second in the National League last season, were jolted yesterday. Catcher Hank Camelli was ordered up for induction April 13, while Third Baseman Bob Elliott and Southpaw Fred Ostermueller may also be called.

Elliott, one of the few major leaguers to bat in more than 100 runs last season, was directed to report for three days' hospitalization for observation. Ostermueller, winner of 11 games in 1944 after leaving Brooklyn, learned his previous rejection was reversed by a review board in Washington. He may be called for induction at any time.

Other training camp items:

BOSTON RED SOX—Jim Wilson and Red Barrett were nominated to pitch against Yankess today.

BOSTON BRAVES — Rookie Dick Culler seems to have beaten out Whitey Wietelmann for shortstop.

CHICAGO WHITE SOX — Southpaw Thornton Lee, out with a cold, will miss Detroit game today.

CHICAGO CUBS — Slugger Bill Nicholson, working at war plant in Chestertown, Md., said he would report on opening day.

NEW YORK GIANTS — Infielder Hugh Luby notified team he would take pre-induction physical examination at Oakland, Cal., tomorrow.

CLEVELAND INDIANS — Jim McDonnell was nominated to catch Allie Reynolds in opening game against White Sox at Cleveland April 17.

WASHINGTON SENATORS — Dutch Leonard and Mickey Haefner, bearing down for first time, shut out Norfolk Naval air team.

PHILADELPHIA PHILLIES—Southpaw Ken Raffensberger pitched nine innings in blanking Bainbridge Naval team, 3-0, on four hits.

BROOKLYN DODGERS — Ben Chapman was named to start against West Point cadets in exhibition game today.

NEW YORK YANKEES—Nick Etten, first sacker, got his first hit of year, an eighth-inning single against Red Sox.

Novikoff Hitting .455 for Angels

LOS ANGELES, April 4 (AP).

MAJOR League managers aren't going to like this, but—

In his first five games of the Pacific Coast League season, Lou Novikoff, the "Mad Russian," had batted .455 for the Los Angeles club.

Lou has collected 10 hits in 22 trips to the plate, including two doubles, two triples and a homer. He has knocked in six runs.

And yesterday, if Charlie Grimm and his Chicago Cubs are interested, Novikoff actually stole a base.

Members Now Own, Operate Sunset Club

Sunset Golf Club, with its beautiful links and handsome club buildings, is now owned and operated by its members. Plans launched early this year by a reorganization committee, headed by President Fred Dowd of the old club, which operated under a lease, have been so far completed that the project's success is assured, according to Dowd.

"As of April 1, we have been operating under the new plan, although we had until May 1 to see if we could put over the shift whereby the members would purchase the property," President Dowd told the Post-Dispatch today.

"We have at this time 197 members of whom 170 came over from the old club's enrollment," he said. "These members, under the new setup, came in under special conditions which included a $300 (tax included) purchase of stock and $270 (including taxes) for dues at $22.50 per month. All of the $100,000 bonds needed in the purchase of the property have been taken care of.

"After our membership roll reaches 225 we are going to add an initiation fee of $120 (taxes included).

"The club is getting ready to build two tennis courts, something we have hitherto lacked. We are greatly pleased with our quick completion of organization plans."

The property was acquired from its former owners, the Anheuser-Busch Brewing Co., for $147,000, of which $110,000 was for the ground and the remainder for recent improvements.

Central Club Looking For Schoolboy Oarsmen

The Central Rowing Club, the only oarsmen's association now active in St. Louis, plans to open its spring training season Sunday, and invites in particular the participation of high school students who wish to take up the sport.

The club, located at 4050 North Wharf street, will be open from 9 until 12 o'clock in the morning, and every evening from Monday through Friday from 5 until 7:30 in the evening, according to Harold Winkelman, lieutenant of the club.

Last season about 25 students participated in Central's races, including full crews from Central High and North Side Catholic, and other oarsmen from Beaumont, Hadley Tech., C. B. C., St. Louis U. High and McBride.

Winkelman plans to have a St. Louis schoolboy crew entered in the national regatta for young scullers which is scheduled on the Schuylkill River at Philadelphia May 26.

Damore Stars As Bears Even Hockey Series

CLEVELAND, April 4 (AP).—Hershey's Bears treated the Cleveland Barons to a dash of Damore cooler last night to even the American Hockey League playoff finals at one game each as the series next shifts to chocolate town.

Hershey's all-league goalie, Nick Damore, derailed Cleveland's powerful offense and the Bears won the second Calder Cup game, 5 to 3. The Barons won the first tussle Saturday night.

Cleveland tried Damore with everything in the book—long ones and short ones, high shots and low shots, hooked and straight drives—but it availed them little. Nimble Nick was credited with 44 stops.

The Bears drew first blood when Harold Cooper converted on a long pass from Hymie Buller. Cleveland's first goal came when Les Cunningham, after a long sprint, slid a pass to Lou Trudel, who caged the disc.

Big Harold Johnson scored for Hershey a few minutes later but Cleveland made it 2-2 when a short shot by Tom Forgie struck Damore and dribbled into the net.

The score remained even until the last minute of the second period, when Hershey's "Peg" O'Neil drilled a long one.

Bill Gooden boosted the visitor's margin at 6:45 of the final period, Tommy Burlington broke away on a long dash to garner one for Cleveland. Then, in the last minute of play, the Bears' Jim Drummond stole the puck from Cleveland at the Hershey blue line and went all the way to further spoil the Baron's night.

The teams will play the third and fourth games of the series tomorrow and Saturday at Hershey. The fifth game will be back in Cleveland Sunday.

Red Wings to Meet Toronto In Stanley Cup Finals.

DETROIT, April 4 (AP).—The Detroit Red Wings, having gained the Stanley Cup hockey finals for the second time since 1942 on a brilliant four-goal performance by veteran Carl Liscombe last night, will meet the Toronto Maple Leafs here Friday night in the first battle for the famous 52-year-old trophy.

Liscombe's feat, which knocked the Boston Bruins out of the Cup chase, 5 to 3, before 14,508 fans, largest crowd ever to see a National League hockey game in Detroit, overshadowed the fast play of his teammates and some neat goal tending by 18-year-old Harry Lumley.

It will be third meeting of Leafs and Wings in a Stanley Cup final in 10 years. In 1936 Detroit whipped the Leafs and in 1942 the Leafs won the cup in a series which the Wings managed to extend to seven games.

M. A. C. Badminton Play Begins Tonight With 14 Matches Scheduled

Fourteen matches will comprise tonight's opening program in the sixth annual Missouri Athletic Club's invitational badminton tournament. Competition in the men's singles title event will not get under way until tomorrow.

R. J. Casey, recently dethroned Greater St. Louis indoor champion and holder of the Midwest title for the past three years, is the defending singles champion. Nine of the 20 players in the title event are from out of town.

Competition will be held in men's singles and doubles, veterans' doubles, Class B singles, boys' singles, fathers and sons' doubles and M. A. C. closed doubles.

Carl O. Bauer, M. A. C. athletic director, is in charge of the tourney.

Club Idle After Loss To Toledo

By W. J. McGoogan
Of the Post-Dispatch Sports Staff.

CAPE GIRARDEAU, Mo., April 4.—Wet grounds and cold kept the Browns from playing a game with the Toledo Mudhens this afternoon, and talk of breaking camp spread over the camp.

Manager Luke Sewell, back after a one-day trip to Tuscumbia, Ala., on business, said every effort would be made to play a game tomorrow. The squad is scheduled to return to St. Louis Friday, but if it is possible, a game will be played early that day, to get in as much competition as possible before the American League champions go into battle again with their arch rivals, the Cardinals of the National League, in the spring series, starting Saturday, at Sportsman's Park.

It had been expected that the noon train from the home base would bring righthander George Caster to complete the squad of 27 players. However, George failed to drop off the choo-choo and unless he elected some other fast means of transportation, probably will not be in camp until tomorrow.

The Browns know today what it is to lose a game, having dropped yesterday's contest to the Mudhens, 4 to 3, in nine innings. It was the first loss for the 1944 American League champions in nine contests, as they previously had won five straight, then tied three in succession.

There were some encouraging points, however, as Jack Kramer pitched for the first time this spring and went exceptionally well for three innings, yielding but one hit and no runs. He fanned one batter per frame and he had a curve ball breaking nicely.

Jones Also Effective.

Also, Earl Jones pitched the last three innings for Toledo, as Ollie Marquardt's club is very short of hurlers and Ollie borrows Jones frequently. Jones held the Browns to two safeties and one run in three frames and wouldn't have been scored upon except for an error and his own wild heave.

Jack Jakucki went six innings and he was wild, giving four bases on balls in that time, something unusual for the big Pole, whose control is one of his best assets. But he couldn't get the ball down the way he wanted to and was pounded for six hits and three runs in three frames, then settled down, giving but one hit and no runs in the next three innings.

The Browns outhit Toledo, 10 to 7, with Don Gutteridge leading the attack with three safeties in five times up, but the team's hitting was not timely, as eleven runners were left stranded on the bases.

Mehlville High Hurler Fans 13 in 8 Innings

Pitcher Wescott of the Mehlville High baseball team went the complete eight innings yesterday as his club defeated Webster Groves, 5 to 4. Wescott struck out 13 and yielded seven hits. The teams were tied, 2-2, after seven frames, but Mehlville counted three times in the extra frame, once more than Webster.

The score:

Mehlville 5-6-2, Webster Groves 4-7-3. Batteries: Mehlville—Westcott and Ruf; Webster Groves—Majeski, McKelvy, Tschannen and Sick.

High Slugging Average.

Howie Schultz, Brooklyn Dodger first baseman, batted only .225 last season but his slugging average was .389.

$90,000 Offered Cochrane in Two Title Bout Bids

CLEVELAND, April 4 (AP). — Manager Willie Gilzenberg of Welterweight Champion Freddie Cochrane, here with Cochrane to discuss terms for a possible Cleveland title bout early this summer, reported today Matchmaker Eddie Quinn had offered Cochrane $50,000 to defend the welterweight crown against Johnny Greco at Montreal, Canada, in June.

"Quinn offered to post $10,000 as a guarantee and, furthermore, assured me Cochrane's purse would be tax-free in Canada," said Gilzenberg. He added he would discuss the proposal with Quinn in New York next weekend.

This offer, said Gilzenberg, will not interfere with a possible Cleveland title go for the discharged Navy veteran.

Promoter Bob Brickman and Matchmaker Larry Atkins have offered $40,000 for a fight at Cleveland's Municipal Stadium, said Gilzenberg.

"In reply I told them what I wanted," he continued. "If they meet my price, we'll sign. If we agree on terms, Freddie will make his initial defense of the title in Cleveland. We could meet Greco later."

Cochrane's manager remarked that he also is in receipt of offers of a title bout in California against Jimmy Doyle, and another with Ray (Sugar) Robinson at Chicago. Gilzenberg added he did not expect to complete negotiations with the Cleveland promoters until tomorrow.

Collinsville Field Trials Saturday

The Collinsville Sportsman's Club annual field trials will start Saturday at 12:30 p. m. with 12 dogs in the Amateur Derby stakes. Following that will be the puppy stakes in which 14 dogs are entered.

The amateur shooting dog stakes to be run Sunday has drawn 16 entries.

Charles Shilkett of Webster Groves and Roma Endicott of Valley Park will judge the trials.

Wins Decision.

ATLANTA, April 4 (AP).—Jabbin' Foots, 160, Atlanta, won a close decision over Johnny Gordon, 159, Kansas City, in a 10-round bout here last night.

Sports Going Big, Down Mexico Way.

MEXICO is becoming more and more sports conscious. . . . Down there below the Rio Grande they now have horse racing going strong, a professional "beisbol" league, wrestling, boxing, better soccer than this country produces perhaps, college football, improving tennis players, jai alai, and other pastimes professional and amateur.

On April 18, in the Mexico City bull fight arena, a world championship boxing contest will take place between the NBA lightweight champion, Juan Zurita of Mexico City, and Ike Williams, Trenton (N. J.) Negro. . . . It's a pretty good match, as both boys are young and improving.

Mexicans make good fighters. . . . Maybe they get it from that old Aztec Indian strain. . . . Ortiz, world bantam champion, is of Mexican parentage. . . . That rampaging fighter of years ago, Jose Ybarra, ring name Joe Rivers, was of Mexican origin. . . . There were also those two infant prodigies, Babe Arizmendi and Baby Casanova, pretty fair Mexican mittmen.

Born in and a resident of Mexico City for years, Zurita will enjoy an advantage over his American-born foe. . . . He'll be accustomed to the altitude. . . . Mexico City is on a plateau 7400 feet above sea level. . . . The air is thin and athletes unaccustomed to fast exertion in rarified atmosphere are soon gasping.

* * *

BACK in 1936 this writer covered a rousing fight in the bull ring, at Mexico City, between Baby Casanova and Freddie Miller, then featherweight champion. . . . But although Miller was on the battle ground for several weeks, getting accustomed to the thin air, the altitude almost ruined him. . . . He folded up in the later rounds and barely escaped being knocked out.

Williams is going up to Mexico City with only two weeks in which to train. . . . It may be that this handicap will cause his defeat. . . . Otherwise he'll give Zurita plenty. Since Bob Montgomery stopped the 22-year-old Williams on Jan. 25, 1944, Ike, in 21 fights, has lost to only one man—the good fighter Willie Joyce. . . . But Williams also beat Joyce, as well as Sammy Angott, Lulu Costantino, Slugger White, Cleo Shans and other top-rated fighters.

Our Artist Goes "Sale" Fishing.

AMERICAN tourists are quite Mexico mad. . . . The lure of this fascinating country grips everyone who visits it. . . . In particular it has grabbed our sports cartoonist, Amadee Wohlschlaeger, who is now making his third visit to Mexico in as many years. . . . And this in spite of the fact that prices have steadily been rising until even a 4.50 peso rate of exchange for our dollar is about wiped out by tourist price inflation.

The following letter, written from Acapulco by our cartoonist, will confirm our statement that sports in Mexico are on an ascending scale:

"Sports, as you already know, are booming here in Mexico. . . . One can attend different events any day from 9:30 a. m. to 11:30 p. m.

"We visited the Jai Alai fronton and the attendance there was around 8000 and this happens four nights each week. Bull fights pack 25,000 into the arena (no free passes). . . . The race track in Mexico City always has a good attendance and lots of pesos pass through the mutuel hoppers. And so down the line with wrestling, boxing, football, basketball, tennis, boating and sail-fishing.

"Ah! Sail-fishing! . . . That's where I come in. . . . Here in Acapulco marlin and sail-fish parties are going over in a big way. . . . Four in a boat at a time, at 70 pesos per person (about fifteen seeds each). . . . So I charter a boat at 250 pesos. . . . This should be called 'sale' fishing, with the tourist being sold.

"Just the same you take it in—and like it. I was a victim. . . . I caught one sail fish weighing 84 pounds. . . . He measured 8 feet 4 inches and it took 25 minutes to wear him down and land him. He broke water 8 times. . . . My reel broke loose from my rod and caused plenty of commotion in that boat. . . . Mexican boys got it back in place.

"Besides the sail fish I got myself a sizzling sunburn that makes me feel like old Paracutin about to throw off a quota of lava." And so forth.

* * *

It's a great country. . . . Since this writer, in 1898, first visited Mexico, making an eight-day muleback trek from Guadalajara, through the bandit infested mountains and over the volcano Colima down to Manzanillo, on the Pacific Coast, the Mexico itch has persisted. . . . Some of its sports are as foreign as the people and their language. If you doubt, go down there and hunt up a cockfight in the market place of any interior village. . . . You'll get your money's worth right there.

18 Matches in Indoor Tennis Tourney Tonight

Two of the four seeded performers in the men's singles division, Sgt. Allan Carvell (No. 2) and Harold Wiese (No. 4), will compete in the outstanding matches of 18 listed on tonight's program in the district indoor tennis tourney at the Washington U. fieldhouse. Carvell is pitted against Master Sgt. Leon Bramley at 7:45 p. m., and Wiese will oppose Karl Barth of Concordia Seminary at 9:15.

Karl Hodge and Teddy Eggman, veteran players who have competed in nearly every indoor tourney since its inauguration in 1927, will take on Lt. Don Trautner and M. Sgt. Bramley at 7:45 in one of the four men's doubles matches booked. Wiese and Sgt. Carvell, No. 1 seeded team, will oppose Pfc. George Fritzinger and Pfc. Harold Miller. The three soldiers are all from Scott Field.

Three matches are scheduled in the high school junior singles. Bill Johnson, University City, will meet Allen Farmer of East St. Louis High at 6:15; John Garnier of Clayton will play another University City player, Norman Pedersen, and Bill Gatlin of Blewett will meet Joe Zelson of Soldan at 5:30.

McBride Wins Track Meet.

The McBride High track and field team showed power in both junior and senior events in winning a dual meet from Kirkwood yesterday, 136 5-6 to 79 1-6. The junior margin was 65½ to 37½, that of the seniors, 71 1-3 to 41 2-3.

On the East Side Belleville's squad won from Collinsville, 94 to 19.

Led by Joe Budde, who won the 100-yard and 220-yard dashes and by Joe Olsen, who finished first in both hurdles, Belleville, captured first place in every event and made clean sweeps of six.

District Golf Meeting.

Bob Cochran, president of the District Golf Association, announced that delegates from the 12 member clubs would meet at Meadow Brook today for a round of golf in the afternoon and a business meeting tonight.

LACLEDE GAS STOCK IS MOST ACTIVE ON BOARD

NEW YORK, April 4 (AP). — The stock market drifted aimlessly today on small volume and near the close most rail and industrial leaders were slightly lower.

A few rubbers, oils, coppers and specialties recorded minor gains. Dealings totaled around 500,000 shares, making it one of the slowest sessions since last September.

Sales footed up 520,000 shares compared with 730,000 shares yesterday.

Laclede Gas common was the most active issue on the exchange today, 11,700 shares turning over between 5⅛ and 5, the latter being closing price and unchanged from previous close.

Of the 803 issues traded in today, 338 were lower; 250 higher and 215 unchanged. Eleven made new 1945 highs and 10 new lows.

The Associated Press average of 60 stocks closed unchanged on day at 60.6.

How Shares Moved.

Sluggishness of the market suggested many speculative followers were out of action pending the collapse of Germany which the financial sector believes is not far off.

Such pivotals as U. S. Steel, Bethlehem, General Motors, Chrysler, Santa Fe, Southern Pacific, Westinghouse and Johns-Manville were in lower ground most of the session. North American, Kennecott, American Can, International Nickel, Texas Co. and Great Northern had support at slightly improved levels.

In contrast with the stock market's inertia some grains advanced sharply, notably rye which rose the limit of 5 cents a bushel at Chicago. It closed 2 to 4⅞ cents higher.

Trend on the Curb.

Higher prices in the curb were paid for Creole Petroleum, Central & Southwestern Utilities and Transwestern Oil.

Wall street thinking continued to center on the qestion of the market's reaction to the final defeat of Germany.

Day's 15 Leaders.

In the following table will be found the sayes, closing prices and net changes of the 15 most active stocks traded in on the New York Stock Exchange today:

PHILADELPHIA, April 4 (AP).—Ogden Corporation's proposal to sell at public auction 54,000 unclaimed shares of its $4 par value common stock was approved by the Securities and Exchange Commission.

The shares were among those issued during the reorganization of Ogden's predecessor company, Utilities Power & Light Corporation, to holders of utilities' securities.

Ogden would reserve the right to make a bid of not less than $3.75 per share for such stock "to prevent a sale at sacrificial values and would cancel the stock if it acquires it.

Proceeds are to be held for the benefit of security holders for six years.

The commission reserved jurisdiction with respect to the sale price of the stock.

BOND LIST RANGE NARROW AND SLIGHTLY IRREGULAR

NEW YORK, April 4 (AP).—The bond market developed scattered spots of firmness today but the general run of issues moved in a narrow and slightly irregular range.

At the start of the final hour Hudson Coal 5s were up more than 2 points at 78⅞. St. Paul 5s and adjustment 5s were ahead fractions and New Haven 4s held more than a point higher. Lower issues included bonds of the Baltimore & Ohio, Central of New Jersey, Illinois Central and Missouri Pacific.

Public Service Electric & Gas 8s, having distinction in respects other than the extraordinary high interest rate, made one of its rare appearances on the tape at 230⅛, up 5½ points. It last sold on Jan. 30 at 224⅝.

Of the 800-odd domestic corporation bonds listed on the New York Stock Exchange there is not another one bearing 8 per cent interest and only a few have a longer life expectancy. The bonds mature in 2037 and are not callable.

Other higher priced issues trading at improved positions included Armour 4½s at 102⅞ and Chicago Union Station 3⅛s at 106½. United States Governments were quiet.

Mendoza Province 4s and Copenhagen 5s were ahead in the foreign department.

The main list continued in a narrow range in the final hour. Columbia Gas 5s and Commonwealth Edison 3½s each tacked on a fraction at 104⅞ and 118¾, respectively. Rio Grande Western 4s and International Telephone 5s were down slightly at 61½ and 103⅝.

NEW YORK, April 4 (AP).—Kuhn, Loeb & Co. and associates were high bidders for a new issue of 54 million dollars Chicago & Northwestern Railway Co. first mortgage Series "B" 3 per cent bonds.

The group bid 99.31 and reoffered the securities at par and interest subject to formal award and approval of regulatory bodies.

It was the largest rail bond issue sold in competitive bidding in several weeks. The only other bid was one of 99.147 by a group headed by Halsey, Stuart & Co. Proceeds will be used for refunding outstanding bonds.

The syndicate managers announced in the middle of the afternoon that all bonds had been sold and the books closed. The securities were quoted a major fraction above their offering price in unofficial outside markets.

LONDON, April 4 (AP).—In a strictly speculators market, German government bonds have soared to war time peaks in brisk trading on the London Stock Exchange.

German 5 per cent Dawes loan bonds, floated in 1924 and then issued to British investors under official auspices, have been the favorites. These bonds, which fell in 1939 from above $160 per $100 bond to $16, bounced up another point today to $76.

Market observers said buyers hoped Germany would soon be forced to resume interest payments on these loans. The theory was that if Germany sends timber or other commodities to Britain as reparations, the British Treasury, after selling these products, will have sterling to meet the claims of holders of German sterling loans.

Conservative financial quarters viewed this strictly as a long shot proposition, reasoning that there would be big claims on Germany from other countries and that for anything Britain gets from Germany there would be other claimants besides the bondholders.

CORPORATION REPORTS

NEW YORK, April 4 (AP). — A compilation covering 2665 leading corporations showed that in 1944 their aggregate net income was $5,241,000,000 after taxes compared with $5,266,000,000 in 1943, the National City Bank reported in its monthly business survey today.

Commenting on the year's trends affecting these companies the letter said:

"In 1944 there was a further increase in volume of sales or operating revenues, but the rise was less than during the two preceding years, reflecting the flattening of the upward curve as capacity was reached.

"The continuing advance in labor and material costs resulted in a further lowering of profit margins, but the high Federal income taxes tended to stabilize net income by offsetting to a considerable extent any decreases or increases in operating earnings."

NEW YORK, April 4.—Life Savers Corporation reports for 1944 net profit of $1,244,058 after reserves of $25,000, equal to $3.55 a share, compared with $1,197,667, or $3.42 a share in 1943, after reserves of $75,000.

MAY RYE UP 5C LIMIT; 13 3-4C RISE IN WEEK

CHICAGO, April 4 (AP). — May rye jumped five cents, the limit for one day in the final half hour of grain futures trading today. It was a new high for the crop and 13¾ cents above the low of last week.

Report heard that 825,000 bushels of rye had been taken from local stocks during the last two days for shipment to Europe touched off a broad short covering move early in the day. Scattered buying continued throughout the session and near the close offerings dried up.

The rye, part of four million bushels recently purchased by the Commodity Credit Corporation, will be sent to Belgium and Holland as lend-lease and for UNRRA.

While the May contract soared to $1.28¼, the off options made substantial gains. Commission houses were on both sides of the market and offerings came mostly from longs who have a substantial profit.

Other grains were steady to firm.

May wheat, up 1⅞ cents, equalled the high for the crop as mills continued to absorb the comparatively light offerings, presumably buying to cover flour sales to the Army. The strength of rye and the scarcity of cash wheat at terminal markets also were factors.

Offerings of corn were limited and the market firm on scattered buying. Some purchases were regarded as short covering following a report that 600,000 bushels of the grain were shipped from here today.

St. Louis Cash Grain.

MERCHANTS' EXCHANGE, April 4.—In the cash grain market today corn was steady to ¼c higher; 14 cars sold.

Sales made on the floor of the exchange were: Corn—No. 2 yellow, $1.18; No. 3 yellow, $1.14¾ @ 1.16; No. 4 yellow, $1.12½ @ 1.14; sample grade yellow, $1.

Local Grain Receipts.

Local wheat receipts were 14 cars local and 23 through; corn 61 local and 38 through; oats six local and six through; soybeans six local and barley six through.

Wheat Subsidy Lowered.

WASHINGTON, April 4 (AP). — The War Food Administration announced today that the export subsidy on wheat shipped from Pacific Coast ports has been reduced from 30 to 26 cents a bushel.

The subsidy is designed to make American wheat competitive with foreign grain in world markets.

COTTON CLOSES HIGHER

NEW YORK, April 4 (AP).—The cotton futures market moved in a narrow range today as traders awaited clarification of the war situation and price control legislation. Mill buying against textile awards furnished the principle support with offerings coming through liquidation and hedging.

Spot cotton markets were quiet with free supplies decreasing because of the substantial movement of the staple into Government hands.

Late afternoon prices were unchanged to 15 cents a bale higher. May 22.13c, July 21.89c and Oct. 21.43c.

A closing flurry of trade and commission house buying rallied the market into new high ground for the day.

Futures closed 20 to 40 cents a bale higher.

OFFICIALS PLAN 18 MONTHS FIGHT WITH JAPANESE

Continued From Page One.

will include only the Army's housekeeping routine and training.

Education Program.

So the Army has arranged what it described as an "educational and recreational program." Directing that program is Maj. Gen. Frederick H. Osborn, the Army's specialist on education and morale.

The men will be able to take their pick of education university subjects, trade schools, historical courses, mathematics. All will be required to study something.

Stacked in warehouses here and overseas are mountains of textbooks and material. Prerequisites for specific courses are drawn up. Instructions for company and division commanders to set up courses and assign teaching personnel are ready. Theater commanders have been given the authority to put the schools in operation.

If the G. I. wants to travel, that, too, will be arranged. Tours already mapped are intended to show the soldier a deal more of the Europe he has been fighting in than what he saw from a foxhole.

Does he want recreation? In the Army they don't always ask you—they usually tell you. Tons of sports equipment — football, baseball, basketball — are stockpiled for shipment to Europe. Nor have checkers, chess and table tennis equipment and material for amateur craftsmen been forgotten.

Navy's Situation.

The Navy's situation is different and better. It set up its principal place of business in the Pacific at the start. Generally, it has no worry about its men losing their fighting edge. The naval war in the Pacific moves on in rising tempo, nor is this pitch expected to diminish while the land army is being redeployed.

The soldiers and Marines as well as the Navy's sailors in the Pacific no longer will mutter about being the orphans of the war effort, getting help on a shoestring. They can feel their war is big-time and their day of triumph and peace much closer.

The psychology of the fighting man is only half the picture. The other half, here on the home front, may very well pose the more difficult problem.

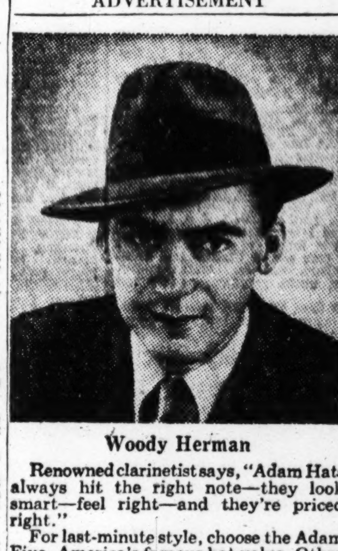

War leaders see home front morale as composed of two elements, the attitude of parents, wives and sweethearts, and the attitude of war plant workers. With the approach of victory in Europe, the Army began hearing things like this: "My boy has been overseas two years. Let someone else carry on in that war out there in the Pacific. I need him to help out down here on the farm."

The Army thinks those are good sound arguments. It has announced it intends to do what it can about them. Soldiers will be discharged, but not now, nor all at once, nor until after most of them have seen service in the Pacific.

The high command says it is concerned over the psychology of the war plant worker and his boss. Military leaders say that if the management-worker team should decide the war effort no longer needs its full service, there would be no use in the Army's redeploying its fighting men in the Pacific. The war would indeed be over before victory—a Japanese victory.

These leaders want the home front to feel what President Roosevelt has said: "America must be prepared for a long and costly struggle in the Pacific."

NAVY CUTS DRAFT CALL IN HALF FOR MONTH OF MAY

Requirements Put at About 16,000 — Still Fewer May Be Asked for in June.

WASHINGTON, April 4 (AP).—The Navy has halved its May draft call and may ask for still fewer men in June.

This will reduce over-all selective service calls 12 per cent or more from the current rate of about 132,000 men a month. They had been scheduled to continue at that pace through June.

Halving of the Navy's requirements will put its May call at roughly 16,000 registrants.

Officials who know these things in advance of public announcements but who cannot be quoted added that this quota may be cut further in June and even more sharply thereafter, because the Navy expects to reach peak strength of about 3,600,000 men by July 1. After that calls will be solely on a replacement basis.

An official Navy statement disclosed the impending cut, but gave no details. It said:

"The Navy's calls on selective service have been and are being gradually reduced in order to conform to authorized strength, which is expected by July 1."

It was learned, however, that the first substantial cut is due next month.

Two reasons are given for the reductions:

1. Enlistment of 17-year-olds in the Navy has been at a higher rate than expected.

2. Peak strength is being achieved more rapidly than anticipated, indicating casualties may not have been as numerous as calculated.

LAWYER FATALLY BURNED WHEN OIL HEATER EXPLODES

Ambrose Page, Negro attorney, was fatally burned early today when an oil heater exploded and started a fire at 2330 Pine street. Two other occupants of the two-story flat were injured when they jumped from a second-floor window.

Police reported the heater was in Page's first-floor bedroom. Mrs. Mattie Bowdroy, Negro, suffered serious spinal injuries and her husband, George Bowdroy, suffered a sprained left wrist and abrasions when they jumped from the upstairs window. They were taken to Homer G. Phillips Hospital.

Page, 57 years old, last year was a candidate for the Democratic nomination for State Representative from the Third District. He was past commander of Tom Powell Post No. 77, American Legion.

E. W. TIEMANN ELECTED MAYOR OF BELLEVILLE

H. F. Wadlow Wins in Alton, C. Moerlien in Granite City —Voting Generally Light.

Three new Mayors were elected in Belleville, Alton and Granite City yesterday, and various other city and township offices in nearby Illinois were filled. Voting was generally light and some contests were decided by narrow margins.

Ernest W. Tiemann defeated Mayor Roland W. Jung of Belleville, seeking re-election, 5017 to 4728. Tiemann, incumbent chief supervisor and relief administrator, carried four other candidates on his Victory party ticket into secondary offices, but the 19 other contests were won by the administration group. A special levy of 10 cents on $100 assessed valuation of real estate for playground purposes was voted 4832 to 4255.

In Alton, Harold F. Wadlow was elected Mayor in a three-sided contest against Mayor Leo J. Struif and George G. Briley. The vote was Wadlow, 4447; Struif, 3830, and Briley, 187.

City Treasurer Aloysius Krug was returned to office under new legislation permitting re-election of the treasurer. Sgt. Leland J. Kennedy, 27-year-old Army engineer, convalescing at a West Coast hospital from injuries received in France, was re-elected to the position of Alderman he held when he entered service.

In Granite City, Mayor E. B. Grantham failed of re-election by a margin of eight votes, losing to Alderman Charles Moerlien 1871 to 1879. John H. Kleinschmidt received 1217 votes and Alderman Walter Nonn 523 as mayoralty candidates. All other incumbents in Granite City except two Aldermen were retained. The two new Aldermen are George Veizer and Edward Hommert.

Only 2500 voters of a registration of 48,000 went to the polls in the elections for township offices in East St. Louis, where there were no municipal contests. Charles L. Rickard was elected chief supervisor, replacing John J. Rogers, who had held the office 20 years. Rogers did not run. Major Stanley A. Wynn was elected a commissioner of the East St. Louis Park District.

In Nameoki Township, where all candidates ran unopposed, a $50,000 bond issue for road construction was approved 366 to 97.

In Venice Township, the People's Labor party ticket, headed by Elmer Noonan for chief supervisor, gained all 16 offices. Noonan was elected over Charels McMahon, Citizens' Labor party, by 2516 to 1624.

In Centreville Township, Chief Supervisor Albert Ulrich was re-elected on the Nonpartisan ticket 2468 to 2431 over Francis Touchette of the Citizens' party. In Canteen Township, Larry Z. Recklein was re-elected chief supervisor, carrying his People's party ticket into all 15 offices. He received 3408 votes against 1705 for Max L. Bowler of the Allied Citizens' party.

LUZON GROUP HERE TOMORROW TO AID IN WAR WORKER DRIVE

Four veterans of the raid behind enemy lines on Luzon Feb. 1, which freed 513 Allied captives from the Cabanatuan stockade will be in St. Louis tomorrow to help recruit workers for war production plants.

The veterans, who were greeted by President Roosevelt on their return to the United States, will be at the Cosmopolitan Club meeting at the Mark Twain Hotel tomorrow noon, at the war production exhibit at the Stix, Baer & Fuller store at 2:30 p. m., and at the air show at the Famous-Barr Co. store at 3:30 p. m.

Members of the group of veterans are First Lt. Melville H. Schmidt, New Orleans; Staff Sgt. William R. Butler, Cleveland, Ok.; Staff Sgt. Theodore R. Richardson, Dallas Tex., and Pfc. Gilbert Cox, Enterprise, Ore. They are a part of a group of 12 picked from the Rangers and Alamo Scouts who participated in the Cabanatuan raid to come to the United States and tell war production workers and those who might become war production workers how urgently supplies are needed by the combat forces. In the St. Louis area 24,700 new war workers are needed, including 8700 Women.

SHOOTS AT CAB FIRM PICKETS

Richard Green, Negro proprietor of the Marcella Cab Co., whose 12 drivers have been on strike since Saturday, was arrested this morning when he fired several shots at pickets in front of his service station at 4103 Enright avenue. The shooting affray, in which no one was hurt, occurred, according to police, when pickets attempted to push a cab standing in the street near the service station.

The strike followed the firing by Green of seven drivers after they told Collector of Internal Revenue James Finnegan that Green had refused to give them receipts or the taxes withheld from their wages.

LANDING PYLE DREADS PROVES ALMOST A PICNIC

Continued From Page One.

we put on our new green fatigues, one marine remarked, "The latest Easter style—herringbone twill."

Picnic Lunch Ashore.

MY schedule for landing was an early one. I was ashore a short time after the first wave. Correspondents were forbidden to go before the fifth wave. I was on the seventh.

I had dreaded the sight of the beach littered with mangled bodies. My first look up and down the beach was a reluctant one. And then like a man in the movies who looks and looks away and then suddenly looks back unbelieving, I realized there were no bodies anywhere—and no wounded. What a wonderful feeling!

In fact our entire regiment came ashore with only two casualties. One was a marine who hurt his foot getting out of an amphibious truck. And the other was, of all things, a case of heat prostration!

And to fulfill the picnic atmosphere, listen to this—

Aboard ship we had turkey dinner last night. So this morning they fixed me up with a big sack of turkey wings, bread, oranges and apples. So instead of grabbing a hasty bite of K rations our first meal ashore, we sat and lunched on turkey wings and oranges.

Cave of Ex-Japs.

THERE are low chalky cliffs on this island. In these cliffs are caves. In the caves are brick colored urns a couple of feet high. And in these urns are the ashes of many honorable ancestors.

Our bombardment had shattered many of these burial vaults. What our big guns missed, the soldiers and marines took a precautionary look into by prying off the stone slabs at the entrances.

In front, looking out to sea, stands our mighty fleet with scores of little black lines extending to shore—our thousands and thousands of landing craft bringing more men and big guns and supplies.

And behind me, not two feet away, is a cave full of ex-Japanese. Which is just the way it should be. What a nice Easter Sunday after all.

Easter Feast

Hitler Slaves Grab Food in Frankfurt

By Virginia Irwin

A War Correspondent of the Post-Dispatch

FRANKFURT, Germany, April 1 (By Wireless), (Delayed).

THOUSANDS of Poles, Czechs, Russians, Bulgars and peoples of all the other assorted nationalities that composed the great army of Hitler slaves, celebrated Easter here in the demolished city of Frankfurt by going on a slight looting spree. Down the few main streets through which paths have been cleared through the thousands upon thousands of tons of rubble, men in tattered uniforms of all descriptions held their own Easter parade.

Only recently freed from slave labor, they celebrated their independence by raiding Frankfurt cellars and parading off with their loot. I stood before Frankfurt's great opera house around noon today and watched this strange procession.

Men weakened from long months of hard labor under the German rule of starve the slaves and feed the German civilians marched down the street loaded with baskets of wine and food. American Military Government officials in Frankfurt were frankly worried. What to me seemed poetic justice that the slaves should at least have some privileges was to the AMG officials just another headache in the business of administering the government of this city, damaged beyond repair by heavy bombers and now cut off from all rail communications by the fighters bombers of the Ninth Air Force.

★ ★ ★

OUT OF FRANKFURT'S peacetime population of approximately 500,000 people, AMG officials estimate that 100,000 civilians still remain in the city. Feeding these people is already a problem. Added to this is the terrible chore of taking care of the thousands upon thousands of displaced persons—AMG's fancy name for Hitler's slave laborers—who are daily streaming into the city. AMG is doing its best to take care of these displaced persons, but today the slaves took things into their own hands and German civilians in Frankfurt stood slightly aghast while they walked off with their Easter feast.

In some instances the Germans resisted. The freed slaves conked the krauts on the head with wine bottles and went off to their barracks at the I. G. Farbenindustrie to celebrate the first freedom that many of them have tasted in years. There was no disorder on a wide scale, but you could tell that the taste of freedom was sweet. Emaciated men grown gaunt on the potato-peeling soup and black-bread diet of the German labor camps staggered along, grinning under the weight of gunnysacks full of wine bottles and provisions for the feast.

★ ★ ★

BUT THE FEEL of the German whip was not entirely forgotten and the habit of the slave was not entirely gone. While secretly exulting that these slaves were giving the Germans a taste of their own medicine, even though I realized that this looting might get out of hand and lead to serious disorder, I watched a German while he in turn watched the pitiful little Easter parade of these freed peoples. Finally the German, dressed in pearl gray felt hat, cream-colored topcoat and carrying gloves and cane, stepped into the street and tapped a ragged Pole on the shoulder with his cane and an exchange of conversation followed. Then the Pole reached down in his dirty sack, brought up a bottle of wine and handed it to the German.

The Army takes the stand that the Germans brought these people into the country and hence it is the Germans' responsibility to feed them, but the very mechanics of the job takes time to work out, and Frankfurt has been in American hands only since last Thursday. Head of the food office is the same man, Herr Bruno Heiss, who headed that department for the Nazis, but boss of Herr Heiss now is tough 30-year-old Warrant Officer Bernard Ratigan of Detroit, Mich.

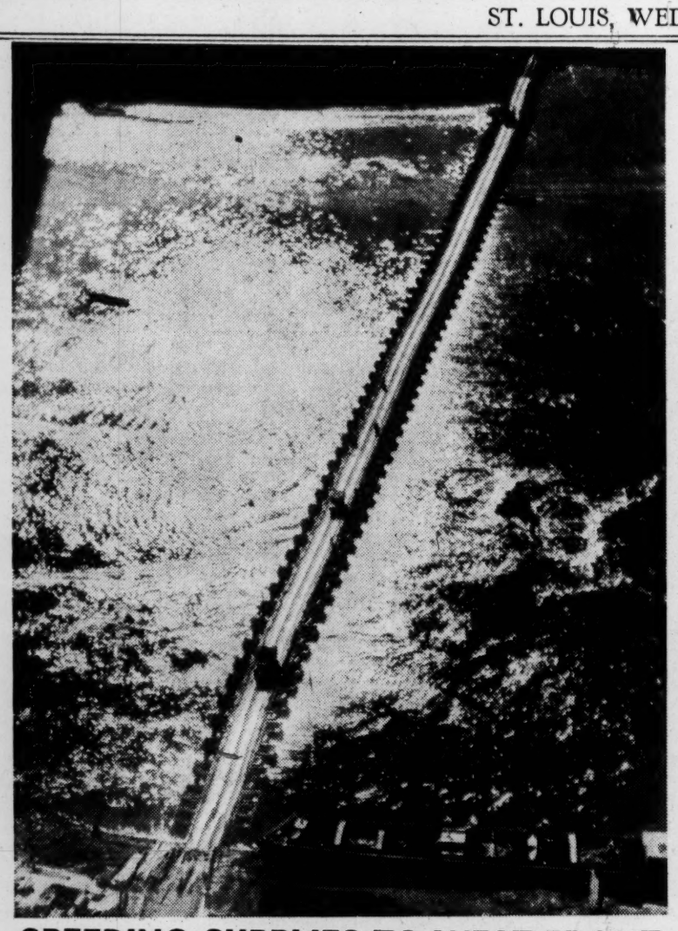

★ ★ ★

RATIGAN ESTIMATES that there is enough food in Frankfurt to feed German civilians and displaced persons for two weeks "if it isn't looted." In a tremendous marshalling yard outside Cologne almost totally destroyed by fighter bombers of the Ninth Air Force, 134 railway cars were found in partly salvagable condition. In these there was some canned goods and grain. In Frankfurt's great food warehouse there were 40 tons of meat and 160 tons of assorted foods. When this is gone, and it is not a great amount to feed 100,000 civilians and the hordes of freed slaves who are streaming into Frankfurt at the rate of 1000 a day, the AMG is faced with transporting food into Frankfurt. This problem of feeding the German civilians plus the worry over looting outbreaks is a real one, but for me today there was a tremendous satisfaction in seeing a bearded Russian break the neck off a German wine bottle, look at one of Goebbels' propaganda slogans plastered everywhere in Frankfurt, and drain the bottle to the dregs. Bad government, maybe, but poetic justice with a vengeance.

TWO-WAY TRAFFIC

German prisoners move to the rear along the center strip of the famous German autobahn near Giessen, as vehicles of the American Third Army's Sixth Armored Division roll past them toward the front.

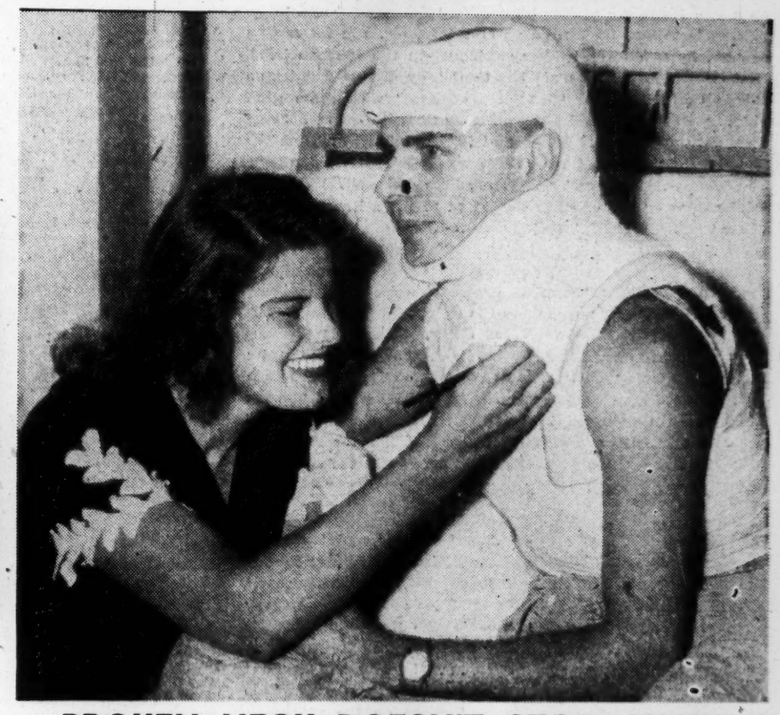

HONORED BY ROSE

Sgt. Harold Stephens of East St. Louis, who was wounded in action March 5 in Germany, is shown as he received the Bronze Star after the Battle of the Bulge from the late Maj. Gen. Maurice Rose, Third Armored Division commander whose death at the hands of a Nazi tankman was disclosed yesterday.

ST. LOUISANS WELCOME ENTERTAINER

A "St. Louis reunion" is held by Nancy Scott, member of a "Hellzapoppin" overseas theatrical troupe, and men of a Thirty-first Infantry Division rifle company on Morotai, in the Pacific. Miss Scott, who holds a Japanese sword, is the daughter of Mr. and Mrs. Hugh Scott, 4621 Maryland avenue. She is flanked by Cpl. Philip Hall (left), 5101 Westminster place, and Pfc. Ferris Papletti, formerly of 4749 Cupples place. In rear, from left, are: Pfc. William Johnson, 3722 Cora avenue; Pfc. Randy Johnson, 14 Narragansett drive, Ladue; Floyd Dunnegan, 5157 Lexington avenue; August Boggiano, 1952 Burd avenue; John Becker, 3510 Wyoming street, and Francis Hanson, Farmington.

BROKEN NECK DOESN'T STOP CUPID

Sgt. Frederic Powers of Snohomish, Wash., paratrooper who suffered a broken neck in a jump in this country after numerous jumps in the Pacific theater, is shown with his fiancee, Jetske de Balbian Verster, a Dutch refugee, at a Miami army hospital where he is a patient. They plan to be married April 19. They met when Miss Verster visited the hospital "to cheer the soldiers."

BROADWAY

By WALTER WINCHELL

Notes of a New York Newsboy

AN EXCITING biog of a fine American, "Eisenhower" (Winston) by F. T. Miller, contains this interesting paragraph: "Gen. Eisenhower was aroused to outbursts of indignation at the subversive groups that were giving 'aid and comfort to the enemy' at a time of our nation's peril. Ike's scathing remarks would scorch this paper. He had no tolerance for the 'damned deaf, dumb and blind fools' who could not see what was sure to happen if we failed to heed the warnings. The Axis was out to conquer the world and enslave humanity. Nazism and Fascism must be crushed if human freedom was to be saved . . . Eisenhower had become known as 'Alarmist Ike' because of his constant predictions."

Move over, Walter—and make room for Eisenhower!

★ ★ ★

THE SAME TOME also offers a delightful anecdote about Gen. Eisenhower's mother. . . . Whenever soldiers pass her home at Abilene, Kan., she proudly remarks to neighbors: "I have a son in the army, too!"

★ ★ ★

WHEN HE WAS given the Peabody Award for "presenting outstanding radio humor over a period of 12 years," Fred Allen was introduced on the air this way: "Three great men of American humor," said the announcer, "are Mark Twain, Will Rogers and Fred Allen!"

"Fine state humor is in," Allen ad-libbed. "Two of them are dead and one is out of work!"

★ ★ ★

STORIES ABOUT newspapermen are as arresting as the yarns they write. Horace Greeley, inspired some of the best bits of newspaperman stuff. He was once parked in a hotel lobby reading his Tribune when a stranger informed him: "I never read that sheet. I feed it to my goats." . . . Greeley merely intoned: "If you continue reading other papers and feed your goats these Tribunes, one fine day you'll wake up and find that your goats know more than you do!"

★ ★ ★

PET QUADRUPLET on the subject of Spring by John Drinkwater: "And not a girl goes walking—along the Cotswold Lanes, but knows men's eyes in April, are quicker than their brains."

★ ★ ★

AMONG THE strange sidelights of the war is the almost complete brush-off most newspapers have given to the fighting in Burma. Reports of the battles in that sector are buried on inside pages or ignored. Many Americans will probably be surprised to learn that bitter fighting has taken place there, which has resulted in important Allied victories. . . . And the battles are continuing. . . . During the past year the amount of Japs killed in the Burma theatre equals the number of Japs eradicated in the Pacific!

★ ★ ★

SCRAMBLED EGGS: Another tome this reporter boosted has zoomed into the best-seller lists: Wendell Berge's "Cartels." It rates its popularity. . . . The title of a magazine article is: "Careers are Carved, Not Chiseled." We used that line a long time ago. The author should send part of the loot for that title to the Red Cross. . . . If people knew all the time, money and energy the city uses to give New Yorkers the country's best drinking water—they wouldn't spoil it by mixing it with hooch.

The Record Makers

By Charles Menees

HEY kids—Harry James is out with a new coin-gathering record! His band, on a Columbia release, does "Yah-Ta-Ta, Yah-Ta-Ta," a zany ditty which Singer Kitty Kallen will teach the bobbysocks crowd, and "All of My Life," crooned by Buddy di Vito. "Yah-Ta-Ta" is in the tantalizing tempo which has become the biggest asset of James' swing recordings. Columbia has also released a "Song of Norway" album, starring Singers Irra Petina and Robert Wedde; an album of eight George Gershwin show tunes as played by Andre Kostelanetz; an Okeh pairing of "I'll Be Back" and "At Mail Call Today" by Gene Autry.

★ ★ ★

LUKEWARM JAZZ: George Auld, most emotional of tenor sax greats, performs well on a new Apollo pairing of "Sweet and Lovely," which has a delicate soprano sax obbligato by Auld as Patti Powers sings, and "Concerto for Tenor," a typical workout for the leader's horn. Band sounds just fair on these fair surfaces. Joe "Flip" Phillips, stellar tenor man in the Woody Herman band, debuts with his "Fliptet" (eight pieces) on a new Signature platter bracketing "Skyscraper" and "Pappilloma." Tunes, both rather weird originals, are interesting enough, feature several other soloists from the Herman band. Best of new Musicraft discs has the Teddy Wilson Quintet on "Bugle Call Rag" and "Memories of You," with some good vibes by Red Norvo and trumpeting by Charlie Shavers. Same crew slips a bit on "This Heart of Mine" and "Ev'ry Time We Say Goodbye," which have listless vocals by Maxine Sullivan. The Herman Chittison Trio (piano, bass and guitar) employs bright ideas on a Musicraft waxing of "There's Beauty Everywhere" and "Serenade" (Schubert's).

★ ★ ★

FROM DECCA: "Song of Norway," a huge original-cast album of interesting music from the successful Broadway operetta based on the life of Edvard Grieg. Several of the performers are former Muny Opera stars. Some so-so singles: Deanna Durbin's "Always" and "Spring Will Be a Little Late This Year"; Judy Garland's "This Heart of Mine" and "Love"; Johnny Long's orchestra, with Dick Robertson singing "Candy" and "My Dreams Are Getting Better All the Time"; Sister Rosetta Tharp's "Two Little Fishes and Five Loaves of Bread" and "Strange Things Happening Every Day."

★ ★ ★

VICTOR SINGLES: Spike Jones' "Chloe" and "Serenade to a Jerk"—the old tricks are really getting threadbare; Freddy Martin's "Laura" and "A Song to Remember," latter is the movie tune based on Chopin's Etude in E Major and is sung well by Artie Wayne; "Talk to the Boss in the Sky" and "Rodger Young" (Bluebird), first recording of the Frank Loesser tune dedicated to the South Pacific hero. . . . Burl Ives has recorded "Rodger Young" for Decca, which also has Deanna Durbin's album of her "Can't Help Singing" songs on the way. . . . Watch "Every Time," the new tune by Gordon Jenkins, ex-Webster Groves musician, which has been recorded by the new Benny Goodman band and others. . . . To H. R.: Nice tenor solo in Pied Pipers' "Dream" (Capitol) is by Eddie Miller. . . . Margaret O'Brien is doing some children's albums for Capitol.

They'll Do It Every Time -:- By Jimmy Hatlo

Economical Menus for Tomorrow

By Meta Given

I KNOW a skinny, cantankerous man who has all sorts of ailments because he is so poorly nourished. He has enough food dislikes for a whole regiment of men. He hates tomatoes because of their soft texture. He can't stand most fruits and he enjoys no vegetables except the yellow ones. He has eye trouble and can't believe that Vitamin A in carrots does what it is supposed to do. Which all goes to show that he needs to learn the necessity of including a variety of foods to make up a well rounded diet. When I see a young child being allowed to believe he doesn't like this and that, and that he will never learn to like certain foods, I feel he is being hampered—nutritionally, hygienically, financially and socially. Women who bring up children with normal attitudes toward food certainly need more commendation and more publicity.

Sweet-Sour Carrots.

Six or seven medium carrots; one cup water; three-fourths teaspoon salt; two teaspoons all-purpose flour; one tablespoon margarine or butter, melted; two tablespoons lemon juice; three-fourths teaspoon sugar.

Wash and scrape carrots and cut into quarters, lengthwise; add water and salt and cook for 10 to 12 minutes until just tender. Do not drain. Blend flour into margarine thoroughly and add two or three tablespoons of hot carrot liquid and mix until smooth; add this and remaining ingredients to the carrots and cook to boiling. Serve immediately. Serves four.

BREAKFAST: Tomato juice; ready-to-eat cereal; cinnamon toast.

LUNCHEON: Vegetable soup; crisp crackers; celery sticks; chocolate pudding.

DINNER: Fish loaf; baked potatoes; sweet and sour carrots; grated raw beet and parsley salad; crusty rolls; leftover Creole kisses.

Try and Stop Me

By Bennett Cerf

THERE is a coterie in Hollywood that plays the game of hearts for very high stakes. The card to avoid in this game is the queen of spades, and when one evening Rufus Lemaire was caught with it four hands running, he accused his friends of unfair discrimination, and sticking him on purpose.

The very next hand he got the queen of spades again. He jumped out of his chair, cried, "I will never enter this house again," and stamped angrily out into the night. He was back 10 minutes later, however, looking rather sheepish. It was his house.

Lemaire was host at a buffet supper another evening. The servants had forgotten to pass napkins. "It's on account of the war shortages," Oscar Levant explained. "Instead of napkins, from time to time a woolly dog will pass among you."

Present at the supper was a famous actress who recently had had photographs taken and fumed at the results. "I can't understand it," she said. "The last time I posed for you the photographs were heavenly." "Ah, yes," sighed the tactful cameraman, "but you must remember that I was eight years younger then."

Creamed Carrots and Peas

One cup diced cooked carrots; one cup canned or cooked peas; one tablespoon butter or margarine; one tablespoon flour; three-fourths cup light cream; salt and pepper.

Melt butter or margarine in saucepan. Remove from fire and add flour. Mix to a smooth paste. Return to flame, add cream and stir constantly until sauce thickens. Season to taste. Add peas and carrots and simmer until vegetables are well heated.

Brushing Off the War

By Elsie Robinson

WAR does queer things to humans. Brings out unexpected nobility in people you thought were drab little sand fleas. And just the opposite in seemingly intelligent top flighters.

For instance I know people who are trying to by-pass today. There's no obvious cowardice—they'd be furious if you accused them of such. They're simply trying to brush the war off as far as they are personally concerned—trying to mark time for the duration.

They loathe war. Who doesn't? Most of us, however, yield to the inevitable and take it in our stride. We weep, we cuss, we sweat, we tell the administration off and say how much better we'd manage things if we had the chance. We'd probably make ruddy fools of ourselves but at least we live the day for all it's worth. But these other people refuse to be so involved. They refuse to accept the war as part of their private lives.

★ ★ ★

WAR, THEY SAY, is a monstrous business. But it's not their business. They have shut an inner door against it which even their own emotions may not crash. They can't stop war nor shorten its term. But they can and they do keep from being personally implicated. They remain, as it were, in a state of suspended animation for the duration. You may not suspect this at first for they maintain a shrewd front. But their heart's not in it and they don't intend to let it.

All of which is completely cuckoo. For you can't step out of the human parade unscathed even for an hour. You can't by-pass today. You may pick and choose your new curtains or your real estate, but you can't do that with life. Here, in this actual minute, is life and you must take it as it's dished out whether you like it or not.

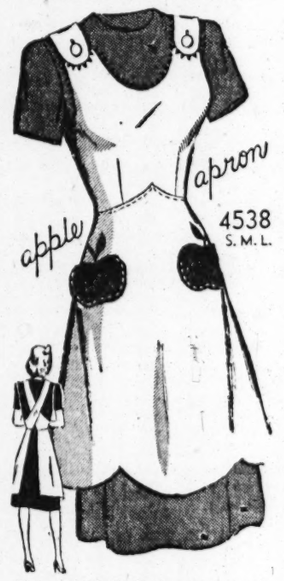

"But I don't have to read or discuss all those horrors," you say. "I surely can insist on leading a normal life even if such dreadful things are happening." What do you mean by "normal life?" No life is normal in war. No life was normal in the long years of selfish indifference and greed which paved the way for these horrors to happen. And turning your back on it all isn't going to make life normal now.

★ ★ ★

NO, NEIGHBOR, we can't put our hearts in cold storage for the duration, then take them out again when the going's good. Today is just as important and just as inescapable as any other day ever was or ever will be. And you're in it up to your neck—or going blotto.

You can't stand still in life. You either swing with the tide and take the scars or you rot in some stagnant backwash. And if it comes to choosing between swinging and rotting, I'll take swinging every time.

'Distance Lends—'

HAMILTON, N. Y., April 4 (AP)—She was something to write home about. "I saw my first white girl in six months today," a Hamilton serviceman wrote from the Pacific. "She was a nurse pacing the deck of a hospital ship and I could see her through a pair of binoculars."

Hungry Bees.

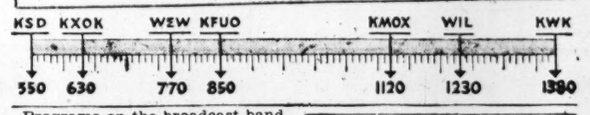

CANTON, N. Y., April 4 (AP).—Bees, out before the blossoms in a spring heat wave, pursued shoppers carrying fruits and vegetables home.

Explosive Egg.

MILES CITY, Mont., April 4 (AP). — Jimmy Anderson wrote from the Marianas Islands that while on a patrol he came upon a hen on a nest. "The nest contained one egg and one hand grenade," he said.

My OPINION

By MARTHA CARR

Dear Martha Carr:

WHILE overseas I wrote quite a few girls, and when I returned to the States I went to see all my friends that I can recall. But now I keep getting letters postmarked St. Louis saying "Come and see me" and "Why don't you come over?" Then the letters either have no name signed, as if I'm expected to know the handwriting, or some first name I don't recognize. The writing doesn't correspond to that of any of the girls I've been writing since I went away. It keeps me guessing and I don't know what to do. I must be hurting a lot of girls' feelings. What shall I do about it? SOLDIER.

Letters intended for this column must be addressed to Martha Carr at the St. Louis Post-Dispatch. Mrs. Carr will answer all questions of general interest, but of course, cannot give advice on matters of a purely legal or medical nature. Those who do not care to have their letters published may enclose an addressed and stamped envelope for personal reply.

Just think of all the possibilities you are missing, soldier! No wonder you are at your wits' end, thinking perhaps The One is among those writers though unlisted in your little book. Unless and until these gals decide to get reckless with the ink to the extent of signing a full name, better put them out of your mind and their missives in the scrap basket. Meanwhile, quietly look around for a practical joker among your friends.

Dear Martha Carr:

I LIVE IN a small town and belong to a Teen-Town. Mother didn't want me to at first, but finally gave her consent. I take music lessons and am made to go over my lesson six time each day. I don't get home from school till six p. m. so it's eight by the time I've finished my practicing and my dinner. Then I go to Teen Town and that means I get to bed each night at 12. I get up in the mornings at 6 a. m. and leave at 7. Mother says I've got to stop going to Teen-Town. Dad says I can keep on. I want to keep on going, of course. Which one of my parents should I mind? LEE.

Parents ought to get together on their decisions and try not to tell young people contradictory things. Your mother, however, is the one who is right in this instance. You are living entirely too strenuous a life for a teen-age girl. Instead of dancing every night you should be getting eight to 10 hours' sleep. Skip the Teen-Town except on week-end nights. Get in the practicing and home work, then early to bed and get that beauty sleep.

IN ANSWER TO "Thank You Again": You forgot the necessary stamped, self-addressed envelope for the "Care of the Hair" and the "Blackheads and Pimples" leaflets. Send it along and you shall have them promptly.

★ ★ ★

IN ANSWER TO "All Mixed Up": You girls in the early teens are too busy trying to turn pals into boy friends. Stop worrying because you can't get a boy who is only just beginning to know girls exist, to date you and you alone. There should be plenty of other boys in the group. If all the girls run after him why should he trouble to run after them? If you prove yourself an exception he may suddenly take note and do some pursuing himself.

★ ★ ★

IN ANSWER TO "M. K." and "Green Eyes": If you will send a stamped, self-addressed envelope I will mail you the "Sub-deb" and "Popularity Hints" leaflets.

★ ★ ★

IN ANSWER TO "P. S. and R. A.": The classes usually get together and take a vote on what to wear for graduation. If you wear dressy dresses the stockings and pumps would be all right.

Social Problems

By Emily Post

A READER tells me: "In your column months ago you wrote: 'Some day soon I'm going to write a piece on the rare advantage to elderly people of being privileged to see themselves through the eyes of loyal youth. Those who are will know what I mean.' If I have missed this, will you let me know what day it was, so I can write to the paper for a copy of that date? Elderly people badly need such a reminder."

To this I am sorry to say that I never wrote this piece, but the general idea I had in mind was the advantage to older people (grandparents rather than young parents) of teen-aged youth's understanding comradeship, that is so complete, with every thought in the younger mind frankly shared.

The point to make is the wide difference between youth's criticism of age—as such, which is destroying—and criticism made with the same impulse exactly as that which prompts a garden lover to pull up each weed's first leaf.

"Grandpa, you've told that story three times!" and then a hug. Or "Grandma, darling, you are talking just like an old woman!" To this perhaps Grandma willingly agrees. Or perhaps she shows granddaughter that her reasoning was false and wins the reward of: "No one ever made so much sense at you!"

Or again: "Grandma, you mustn't wear that dress. The skirt is much too short!" Or, "Please wait till I go with you—otherwise, you'll buy the hat Miss Nellie hasn't been able to sell."

Best of all is the complete sharing of whatever thoughts may come into granddaughter's (or grandson's) mind—in short, a comradeship which quite really lets those of yesterday see through the eyes of today. In fact, it is just about the nearest substitute yet found for the elixir of youth!

DEAR MRS. POST: I am a widow, returning to my home town to live, where my husband was not known and where most people outside of my own intimate group are not even familiar with my married name. In order that everyone who wants to, may find me in the telephone directory, I have thought of using my maiden name for that purpose, although I know it would not be proper. If not this, perhaps you could give me a practical—and proper—alternative.

Answer: You could have a double listing for a small extra charge. You would have to continue doing this only until you had sufficiently established yourself as Mrs. John Jones.

Guidance Is Needed by Young Girls

By Angelo Patri

NOW look here, Mary, you are getting too close to trouble with this date-making and all. You're too young to be going out with the same boy all the time, and to be out late nights. It won't do and you'll have to change your ways."

"Now who's been talking this into you, mother? Some old fuzzy-duzzy. I'll bet Aunt Tilly was here. She'd better mind her own children. Her Tessie is something to talk about. She—"

"That's all for that, Mary. Never mind what Tessie does, or what your aunt does. That's their business. You are my business and I'm going to attend to you. I've made up my mind that from now on you go out only on Friday or Saturday evening, and with a group of your friends, not with Freddie alone. It's no use in storming at me. I've made up my mind and your father agrees with me."

★ ★ ★

"THAT'S FINE for me. All the other girls are going out with their boy friends and I'll be staying home in the corner. I'm to be the goat. Everybody laughing at me."

"If they laugh at your staying home nights and doing your lessons, they may for all of me. You are 14 and you're going to live to be more than 70 years old. You have a long life ahead of you and this is the time for getting ready to live it. The more you learn the better off you'll be. If you think you have any better friends than your own father and mother you're mistaken. We love you. They don't."

"Oh, I know all that, but you needn't be old-fashioned. You should keep up to your children."

★ ★ ★

"THAT'S WHAT we intend to do, exactly. Keep up with you. We intend to see that you don't fall behind your own generation through our neglect. We want you to have a good time, but we must see that you grow the right way and keep out of trouble. Times change—fashions come and go, but I'm telling you, Mary, human nature does not change. Once a girl is checkered she is marked down for life and the people who laugh at your foolishness now will be the first to turn their backs on you once you get into trouble."

This argument goes on daily throughout the country. Mothers are having a hard time keeping restless boys and girls in line but they are succeeding in a large measure. They need all the help the school and the church and community can give. Fashions change, as the mother says, but human nature is following the same old pattern. Girls must be protected from their own inexperience.

Your Stars

By Marion Drew

WHAT TO EXPECT TOMORROW
Sun in Aries.

General Tendencies—Please take no chances tomorrow unless you want to concentrate upon the financial end, because money matters seem to be the only subjects able to flourish at this time. The efforts toward health, friendship and communications or study all seem doomed to delay or opposition. One good thing, however, is that this day's effects do not seem to be lasting; if things go wrong you can put aside and make up your mind to try again after another week. The first result will not be final.

If Tomorrow Is Your Birthday.

Three good months face you, then a period of much delay where your affections may be concerned. It is possible that you will experience a temporary separation during the last half of 1945, so make the most of the spring and summer. You will see this same influence at work in the daily lives of many important people in political circles.

Tomorrow's Watchword — The idea of ownership in family affairs is one which causes many hurt feelings. Parents feel that they have a right to influence their children, while children feel that they have a right to freedom. In reality, only the formative period of youth belongs to the parents. A child is "A new spirit, not given to us; only loaned for a short time." If we respect the child's rights, then in later life, he will understand the parents' love.

Faded dresses may be made to look like new if they are washed with soap flakes and water and then dyed with your favorite color. Rip hems and press out all pleats so that dye will take evenly. Put dress on a coat hanger until it is just evenly damp. Iron on the wrong side.

Behind St. Louis Passion Play

Rodowe Abeken Guiding Spirit of Pageant at Scottish Rite Cathedral.

THE LAST SUPPER SCENE FROM "MEMORIES OF GALILEE," THE PASSION PLAY PRODUCED FOR THE LAST FOUR YEARS BY RODOWE H. ABEKEN, AT THE SCOTTISH RITE CATHEDRAL. THE PART OF THE CHRISTUS IS TAKEN BY ROBERT CLARK DUFFIN.

By Helen Clanton

FOR four years now, Rodowe H. Abeken, attorney and active for many years in St. Louis athletic circles, has written, produced, directed, and acted as narrator for the passion play given each year in commemoration of Easter, at the Scottish Rite Cathedral, 3637 Lindell boulevard. Although practice and rehearsals for the production consume about four evenings a week for about six weeks before the final performance, members of the Scottish Rite Order consider it a privelege to take part, and Abeken says he has a substantial number of names on a waiting list to play in the production. The cast now includes 300 business men, teachers, tradesmen, laborers, and 20 women.

Abeken, the guiding spirit behind the production, is proud of the fact that after four years, he has had a very small turn-over in the cast. "No one ever requests the privilege of playing certain parts, or expresses dissatisfaction in his role," he says.

"Each person in the production really treats his part, however small, as if it were all-important."

The part of the Christus is taken by Robert Clark Duffin, an insurance man, who has had the role each year. "In order to get into the proper mood for each performance," Abeken says, "Duffin goes to his dressing room several hours before he is to appear. He meditates and reads his Bible until time to go on the stage. He really tries to emulate the saintly behavior of the Christus, and his spiritual qualities are evident in his delineation of the character."

"One of the fine things about the production is that it brings together men from all businesses and professions, who would otherwise not be thrown together. Some of them are very busy and important people, yet not one has ever asked to be excused from coming to a rehearsal because of the pressure of private business. Instead of tiring of the repetition of the passion play after four years, I honestly believe they are more enthusiastic about it."

Whenever a speaking part in the production is open, a member of the mob, or someone who has no lines to speak, is given the role.

"The rule here is that everyone must work up to the good parts," the director says.

The variety of trades and professions represented in the cast are brought out by a few of the names listed on the program: Arthur G. Heyne, chairman of the Missouri State Athletic Commission; Herbert F. Briner, vice president of the Briner Electrical Co.; Henry J. Gerling, former superintendent of the St. Louis Public Schools; Clarence Lang, secretary of the St. Louis Real Estate Exchange; John A. Guhl, president of Aloe's; Dr. David M. Todd, former president of the St. Louis Board of Education; Arnold J. Willmann, St. Louis County Coroner; William "Rough House Nelson" Luck, former professional wrestler; Charles F. Kincaid, teacher at Cleveland High School; William R. Dunham, insurance executive; Franklin H. Pike, principal of The Principia, and Frank C. Parisel, pharmacist.

★ ★ ★

BEFORE beginning work on "Memories of Galilee," as the production is called, Abeken spent months in research. Each year he changes the script slightly. "Before production, I take the script to members of the Catholic and Protestant clergy for suggestion and criticism," he says. "I want to prevent mistakes." Yet he has steadfastly refused to go to see other passion plays, fearing he will be unconsciously influenced by them.

A Marine Captain in the last war, Abeken was the first Superintendent of St. Louis Public Recreation, and organized municipal baseball, soccer, basketball and football leagues. He has always enjoyed writing and producing dramatic productions, and originated the first public school pageant, starring youngsters, in St. Louis. He produced in 1938 "Rip Van Winkle," witnessed by 40,000 people, and 7500 children took part in it. "I spent several weeks in the Catskills to get the right atmosphere for that pageant," Abeken recalls.

A choir of 60 male voices, directed by Charles M. Galloway, and accompanied on the organ by Oscar H. Jost, provides music during the entire pageant. Costumes were designed by Mrs. Thomas Fry (the former Miss Margaret Breen).

For each important role in the production, Abeken has provided an alternate, but there is no stand-in for the producer-director-author-narrator. "I just can't get sick," he laughs.

There is no admission charge for the play, but tickets must be requested from the Scottish Rite Cathedral through the mail. This year, Abeken planned three performances, April 1, 3, and 5, in an attempt to give more people a chance to see the production. "Even then, we had to turn a great many down," he regrets. The poor and needy of all creeds and denominations get whatever collection the audience volunteers at the exits after the performance.

The producer-director thinks that war has brought a greater need of spiritual inspiration to everyone, and he hopes that the annual passion play may become a cultural and spiritual feature of St. Louis.

"We all need to remember the story of the Christus, and our pageant is merely an attempt to interpret the beauty of His experience," he says.

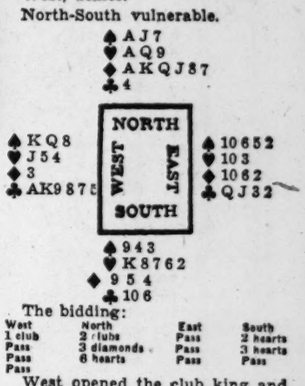

RODOWE H. ABEKEN, (RIGHT), AUTHOR-PRODUCER-DIRECTOR OF THE ANNUAL PASSION PLAY GIVEN AT THE SCOTTISH RITE CATHEDRAL BY 300 MEMBERS OF THE SCOTTISH RITE, CONGRATULATES CHARLES M. GALLOWAY, WHO DIRECTS THE MALE CHOIR OF 60 VOICES WHICH ACCOMPANIES THE PAGEANT.

Contract Bridge

By Ely Culbertson

IN today's deal, North guessed correctly that there was a slam in the cards, but his choice of trumps proved to be fatally bad. West, dealer.

North-South vulnerable.

The bidding:

West	North	East	South
1 club	2 clubs	Pass	2 hearts
Pass	3 diamonds	Pass	3 hearts
Pass	6 hearts	Pass	Pass
Pass			

West opened the club king and East, who most certainly could not stand a shift of any description, gave a vigorous "come-on" with the queen. West led a second club—and there was the poor declarer squarely on the spot! Obviously, he could not refuse to ruff and concede defeat then and there, but after he had ruffed with the heart nine, he couldn't reach his own hand to draw trumps! He cashed the ace and queen and, making the best of a hopeless situation, started to run diamonds. West, however, ruffed the second round and shifted to spades. Now South had to lose some more tricks getting out of the dummy!

This represented quite a loss for North-South in view of the six diamonds with 100 honors that would have been "back to back." At a diamond contract North himself would have ruffed the second club and drawn trumps, then merely through the reasonably good luck of getting a 3-2 break of the outstanding hearts, he could have run the entire heart suit and discarded two spades from his own hand.

The slam in any suit was a gamble, since after North's cue-bid force to game, South would have had to rebid his heart suit, even if he lacked the king. However, it was not a bad gamble to depend on South for as much as he had, and the real error was to select hearts instead of diamonds as trump.

My Day -o- By Eleanor Roosevelt

WASHINGTON, Tuesday.

I HAD the pleasure yesterday of having a small group of the Cabinet ladies at luncheon. At 3 o'clock the chorus from "Winged Victory" came to the White House with Lt. Col. Walter M. Dunham. I had collected most of my guests from the service hospitals on this same day so they could have the pleasure of hearing this chorus, and for three-quarters of an hour we sat in the East Room and enjoyed a musical program which featured individual soloists as well as group singing. All of the men enjoyed it, and I was most grateful to the singers.

While we were being served refreshments in the State Dining Room, and the men were wandering around the rooms, I signed innumerable short-snorter bills and scraps of paper of every kind.

In the evening I attended the Business and Professional Women's dinner, and a group of young Navy men from the Navy's School of Music played for us. It certainly added to the enjoyment of the tired business women present.

* * *

THIS MORNING I went at 10 o'clock to the naturalization ceremonies at the District Court. There must have been a group of some 60 people about to be granted their citizenship. After the presentation of the colors, the Judge addressed them and then asked me to say a few words. It was a much nicer ceremony than many which I have witnessed in the past, and I am always very glad when we do something which really gives the proper dignity to the acquiring of new citizenship.

* * *

I WONDER now many Democrats actually know how the rooster came to be the Democratic Party's emblem. I am very sure that any number of young people think the donkey, and the donkey alone, is the party's emblem. But someone wrote me the other day of a little book entitled "The Rooster," which was written many years ago by John Fowler Mitchell Jr.

"At the close of a most notable campaign in American history," says the author, "when a Democratic victory had swept the country from coast to coast, it is fitting that the story of the party's emblem—the rooster—be told in this little volume, for it was in the heart of Indiana in a pioneer campaign back in 1840 that this proud bird came into its own. To be more exact, the emblem's birthplace was Greenfield, Hancock County, Indiana, and its originator Joseph Chapman, one of her famous sons."

If you want to know more you will have to look up the book in the Congressional Library, but I thought my fellow Democrats, if they did not already know it, might be amused to learn where their original emblem had had its birth. And if they happen to like James Whitcomb Riley as much as I do, they will be glad to know that Greenfield is also his birthplace, so we can claim a mutual tie.
